

Enjoy Living At Home With Furniture From Taylor Furniture Company The Store For Homes!

Taylor Furniture Company opened for business in Roanoke Rapids on February 8, 1945, with the idea of giving the people of this city and section the best in quality furniture consistent with the prices paid. We cater to all types of homes with furniture to fit every budget. We are very grateful for the patronage we have enjoyed, which enabled us to move into our present and remodeled store on November 8, 1947, where we now carry a most complete line of quality home furnishings.
