

Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-achy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it falls to give easy relief in every case of liver sluggishness and constipation, you have only

to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.—Adv.

SPEECH APPEALED TO HIM
More or Less Good Reason Why Listener Considered It Great Oratorical Effort.

They are telling a good joke on Will Upshaw. He was up the other day, and was the interesting center of several groups of members who had heard of the "Prohibition Cyclone" of Georgia.

While talking in the lobby to one of these groups of forthcoming associates, Congressman Garrett of Houston, Tex., passed, after salutations.

"Did you ever hear Garrett speak?" asked Upshaw of the members of his group.

"Yes," they all chimed in.

"The most masterly address, the most beautiful, soul-stirring address I ever heard in all my life of association with great orators, fell from the lips of that great Texan and statesman one night at Dallas," said Upshaw.

"He was introducing me," replied Upshaw solemnly.—Atlanta Constitution.

Paradoxical.

"Jagg has a lot of dry humor," "Yes, and oddly enough, especially when he has been drinking."

Final.

"What is the best test of realism in a play?" "The real money it draws at the box office."

Classifying Him.
The most cutting bit of repartee we remember to have heard in recent weeks happened out at the Wilough-beach picnic of a certain fraternity to which we belong. A very young man and very pretty girl were discussing costumes, horseback riding, golf and fudge. The girl said that she could ride, but preferred the old-fashioned side saddle. She said she thought it more graceful.

"But, really, Miss Z," insisted the very young man, "do you see anything inherently improper in the divided skirt?"

"Nothing whatever, Mr. Q," answered the very pretty girl, earnestly. "For instance, I think that you might wear one with perfect propriety."—Cleveland Plain Dealer.

An Immune Miscreant.

"If you dig a pit for your neighbor, you may fall into it yourself," remarked the man who remembers his Sunday school vaguely.

"Yes, returned Mr. Chuggins; "that retribution idea may be all well enough for pit-digging. But the man who breaks glass bottles in the street very seldom has any tires of his own to be ruined."

FRENCH PREFER FOOTBALL OR DUELING TO ROUGH AMERICAN GAME OF BASEBALL

Popular Player Who Has Returned From France.

France, the country that went through the fightingest war in history without batting an eye, will never adopt baseball as a national pastime because the game is "too rough."

This was learned from no less an authority than Capt. Christopher Mathewson, who has just arrived from France.

Although the Polins have bravely attempted a few games under American tutelage, "they're more afraid of a hard-hit liner or grounder than they are of a German 77," according to Mathewson.

Rotten Infield Work.

"Their infield work is rotten," said Christy. "They can run bases all right, but they get little opportunity because they can't bat. And I don't believe you could pick up a first-class catcher in all of France. Every time a Frenchman gets behind a bat he wants to retreat about ten paces, erect a barbed-wire entanglement, dig himself a dugout and crawl into it."

"No, the Frenchman will never take to baseball in a big way. He prefers something more gentle, such as football and dueling."

cial, but teams that engage him had better be prepared for unexpected happenings.

Charley was umpire at the last game of the year in Newark and was enthusiastic about the plays the school-boys used.

"Say," he said to one of his fellow officials, "one of those teams had a bird of a forward pass, and it was all I could do when the ball skimmed over my head to keep my hands down. I could have intercepted it dead easy, but I caught myself in time."

PITTSBURGH TO LOSE STARS

Football Squad Will Be Badly Riddled by Graduations—Eight to Receive Sheepskins.

Pittsburgh's football squad will be badly riddled by graduations next June when eight of the eleven varsity performers receive their sheepskins. Furthermore, reserve material is scarce, especially for the line. While 900 adherents have great faith in the ability of Coach "Pop" Warner, they are preparing themselves for some dark days next fall, as they cannot figure how the Cornell man can get through a string of games with another clean slate. The one-year-residence rule goes back into effect in the fall.

Different Points of View.

There was a rush of wind, a cloud of dust, and the car rushed on, leaving the old gentleman sprawling in the roadway. He picked himself up and dashed up to a policeman, yelling excitedly:

"That motorcar knocked me down!" The policeman took out a business-like notebook and said:

"Did you notice the number, sir?" "Yes," said the injured one. "It was number 66."

Just then another policeman, who had seen the accident, came hurrying up and said:

"No, no! The number's 99. This gentleman was standing on his head when he noticed it!"—Pittsburgh Chronicle-Telegraph.
