Maker's, GA., January, 1888.

For tweive or fourteen years I have been a great sufferer from a terrible form of blood poison which ran into the secondary, and finally it was pronounced a tertiary form. My head, face and shoulders became almost a mass of corruption, and finally the disease commenced eating away my skull bones. I became so horribly repulsive that for three years I absolutely refused to let people see me. I used large quantities of most noted blood remedies and applied to nearly all physicians near me, but my condition continued to grow worse, and all said that I must surely die. My bones became the seat of excruciating aches and pains; my nights were passed in misery; I was reduced in flesh and strength; my kidneys were terribly deranged and life became a burden to me.

I chanced to see an advertisement of B. B. B. and sent one dollar to W. C. Birchmore & Co., merchants of our place, and they pro-MAXEY'S, GA., January, 1588.

Another Chance for Puzzle Workers. THE JUDGE'S Second Prize O fering In Behalf of the GRANT MONUMENT FUND

In spite of its more or less complicated character, the Judge's Grand Word Contest, instended has proven a great success. By it Judge has enlisted over 3,000 energetic, spirited and intelligent workers for the Grant Fund, has materially swelled the total previously received through the Grant Monument Committee by the contribution of a good sized check, and has in addition divided \$600 among eight successful and happy puzzle workers as a reward for their labor and ingenuity. Judge now inaugurates a second contest of an even more popular character than the first—a contest in which every school child can engage and stand an equal chance with older compet tors.

Every person who, in conformance with governing rules, sends to the Judge Grant Fund, on or before June 15th, 1887, (120'clock noon) 50 cents and the names of the eleven most popular living one in America will be entitled to participate in the contest. The money thus received will be appropriated as follows:

Twenty-five cents will be at once credited to the Grant Fund.

The remaining twenty-five cents, after deducting the legitimate expenses of advertising, will be p aced in a common fund to be divided equally among the six competitors having the fullest list of the most popular people as indicated by a majority of all the lists sent in. The new contest is, in fact, based upon the principles of an election, each competitive paper virtually acting in the nature of a ballot, and the six lists containing the greater number of the eleven names shown to be the most popular by a majority of all the lists will be the successful prize papers.

The magnitude of the prizes will depend on the amount of money received on the amount of the prizes will depend on the amount of money received on the character of the cleven of the cleven of the cleven of the cleven of all the lists will be the successful prize papers.

REGULATIONS:

1st. We shall be known as "THE PIEDMONT WAGON ON WHEELS," in direct competition with the "Piedmont Air-Line," a great Railroad Monopoly. 2nd. Our trains shall be run daily, along and parrelel with every Railroad owned by the "Piedmont Air Line." The late "change of guage" on the Piedmont System of Railroads is only an effort to make their trains run over all roads like ours do, but we still beat them on the turn.

4th. Every man in the organization, who refuses to strike, will be struck. We shall always be "on a strike" and not less than 225 complete wagons shall be produced every month, and in the true spirit of Communism, we expect to distribute these Wagons every month, among the people of the United States, under a thoroughly revised and graduated

5th. Whoever runs against this Organization will be in danger of the Boycott by the people who are backing us.

6th. Whoever buys a PIETMONT WAGON becomes an honorary member of this Organization, and secures the peace and happiness of his family, independence of Rail-roads, and better than all, proves himself to be a man of patriotic arder and sound judgment.
