Deposits made in this Bank's Saving Department on or before Monday. August 10th, receive interest at 4% from August 1st, compounded semi-annually.

WALL STREET NOTES

Market Narrow, With Specialties Playing a Prominent Part.

RUMORS OF BAD CROPS

But Government Report is Expected to Show Highly Favorable Condition.

The local stock market was narrow with early firmness, followed by a break of about a point, and succeeded by a midday recovery.

The question of Southern freight rates, as affected by the injunction of Judge Speer in Georgia, which precluded an advance in rates in that state on August 1, and the likelihood that no advance will be possible in the near future, was discouraging to traders.

The Steel corporation's statement referring to the booking of orders at a daily average of 72 per cent of capacity is given a cold douche by the fact being called attention to, that this does not mean that the Steel Trust is operating up to 72 per cent.

American Tobacco preferred opened up 1-1/2 points at 93 and the common stock on the curb rallied 15 points. This was due to the fact that Saturday's reports regarding the coming decision in the action brought by the government, did not materialize.

A board room tip on Central Leather seemed to have had the right kind of inspiration, judging from the way the stock jumped from 27 3/4 to 29 on the early market.

The sharp rise in National Lead was based purely on pool operations. The same persons once put the price above 90. Improvement in the lead industry was offered as a reason for the rise in this stock.

The London market being closed the pool on Ontario and Western bought some stock, so as to make a higher market there.

The reported damage to spring wheat and to corn, resulting in a 2 cent advance in wheat and advances of 1-1/2 to 2 cents in corn early in the day, was the chief influencing factor in the stock market.

STOCK MARKET REVIEW.

Little Outside Demand and Trading Confused and Unsettled.

New York, Aug. 3.—Leaders of a stock market movement rely more on the Monday market to show how much response to their leadership has been attracted from the world outside of Wall street than on any other index.

Commission houses today reported so moderate a growth of outside demand that speculative opinion of the market was left confused and unsettled.

The first hour's transactions and the recession in prices which resulted demonstrated that the pressure of sales to realize was greater than the demand could support.

Something from the usual dealings in New York. The violence of the upturn in the wheat market magnified the influence of the reports of damage to spring wheat in some sections from rust and to estimates by a private export affirming exaggeration in current views of the dimension of the crop.

It was particularly marked in the weekly talks from railroad traffic officials reported today. E. H. Harriman's own description of the Wheeling & Lake Erie note settlement as 'Simply a financial transaction made necessary to save a railroad and thereby benefit all of them alike,' took some of the glamour off the inferences widely drawn from the incident in last week's speculative surmise.

\$20,677,000 MORE DEBT.

But Big Increase for July is Not Real. Only 'Apparent,' Says Statement.

Washington, Aug. 3.—The monthly statement of the public debt shows that at the close of business July 31, 1908, the debt, less cash in the treasury, amounted to \$20,677,000, which is an increase for the month of \$20,677,000.

The debt is recomputed as follows: Interest bearing debt, \$397,505,890. Debt on which interest has ceased since maturity, \$2,945,745.

The apparent increase in the public debt is accounted for by the loss of cash in the treasury which during July amounted to nearly \$36,000,000.

PAPER TRUST HAS STRIKE.

Force of Action is Lessened by Previous Intention to Shut Down.

Boston, Aug. 3.—Paper makers in the mills of the International Paper company in various places in New England are affected by an order issued on Saturday by J. F. Carey, president of the International Brotherhood of Paper Makers, calling for a strike to-day on account of a recent announcement of decrease in the wage schedule.

All the mills of the company at Franklin and Berlin, N. H., and Bolton Falls, Vt., are closed. These mills together employ about 150 hands at Rumford Falls, Livermore Falls and Webster, in Maine, where the strike order was also received, more than twelve hundred men are affected.

Watertown, N. Y., Aug. 3.—Four mills of the International Paper company in the Watertown division are shut down and 400 paper makers are out of work. A strike was ordered on Saturday, but before it was officially declared the International closed down five mills in this vicinity owing to over-production.

The Niagara Falls plant of the International Paper company is idle to-day owing to a strike ordered by the Paper Makers' union. About 200 men are out.

Williams college claims the oldest living graduate of any college in the United States. He is William Rankin of the class of 1821. Mr. Rankin is ninety-eight years old and resides with his son, Professor W. M. Rankin, of Princeton university.

HORNED TOAD CAUGHT.

Curious Looking Specimen Captured in Westville by Mr. Cornish. One of the most curious looking creatures seen here in many moons is now gazing at people through the window of John E. Bassett's store in Church street. Said creature is a horned toad caught by Charles Cornish of McKinley avenue, Westville, near Mr. Cornish's place. The toad is about five inches in length and there are apparently one hundred or more horns on its body.

Next to a catfish the toad is about the homeliest thing seen here in a long time.

FINANCIAL.

Any Gentleman of good education and business ability, desirous of entering remunerative profession,

Can Secure a paying position at once. The qualifications are:
