NOTICE. I would also relate the case of Mr. Thomas Logan, who has been afflicted with the rheumatism in one hip for thirteen years, in a great measure, I let him have a box of the Plaster, he applied it, and for three days found, as he expressed, no benefit, but after that he perceived that the pain was not so severe, and in less than two weeks he could labor hard all day and rest free from pain at night. He says he would not part with the box he has for three hundred dollars, providing he could not obtain another. He also says to me, keep it on hand and recommend it wherever you go. I have used the Plaster in cases of pains in the side, back, shoulders, &c. with like good effect. Yours, &c. DANIEL KNEELAND, M.D.

NOTICE. Messrs. Harris & Co.—Since I have used E. Dean's Chemical Plaster for four years past and do cheerfully recommend it to physicians and the public generally as an invaluable remedy in chronic and acute rheumatism, sprains of the wrist, ankle, shoulder, &c. In felons, whitlow and scrofulous swellings of all descriptions, it is generally an effectual remedy. In short, wherever there is pain, it is almost sure to give relief in a few hours. I have used it in a great number of rheumatic affections. One of my patients aged 10, full born, had a rheumatic swelling on one leg. He had been unable to get out of the house for three months; his leg was swollen to an enormous size, twice its usual height; every thing had been done without success, until we commenced using Dean's Chemical Plaster. We enveloped the knee and a portion of the limb in the Plaster, and in three days the swelling entirely disappeared, and in ten days was able to resume his ordinary business. Such has been our success with the article, and we are willing to recommend it to the public for a trial. Yours, &c. J. H. REYNOLDS, M.D.

NOTICE. For sale by M. E. Hollister, Ottawa; the Druggists at Chicago and Juliet; J. H. Elmore, Peru, and James Darley, Hennepin, Ill. All orders sent to H. NOTICE. For sale by M. E. Hollister, Ottawa; the Druggists at Chicago and Juliet; J. H. Elmore, Peru, and James Darley, Hennepin, Ill. All orders sent to H. Harris & Co., Ashland, Ohio, for the above medicine, will be promptly attended to. Be particular to enquire for Dean's Chemical Plaster. Ottawa, August 14, 1840.

NOTICE. Messrs. Harris & Co.—Since I have used E. Dean's Chemical Plaster for four years past and do cheerfully recommend it to physicians and the public generally as an invaluable remedy in chronic and acute rheumatism, sprains of the wrist, ankle, shoulder, &c. In felons, whitlow and scrofulous swellings of all descriptions, it is generally an effectual remedy. In short, wherever there is pain, it is almost sure to give relief in a few hours. I have used it in a great number of rheumatic affections. One of my patients aged 10, full born, had a rheumatic swelling on one leg. He had been unable to get out of the house for three months; his leg was swollen to an enormous size, twice its usual height; every thing had been done without success, until we commenced using Dean's Chemical Plaster. We enveloped the knee and a portion of the limb in the Plaster, and in three days the swelling entirely disappeared, and in ten days was able to resume his ordinary business. Such has been our success with the article, and we are willing to recommend it to the public for a trial. Yours, &c. J. H. REYNOLDS, M.D.
