

MILLENNIUM IS HERE, BAPTIST PREACHER TELLS HIS FLOCK

DRY AMERICA IS ONE BIG STEP TOWARD DAWN OF KINGDOM OF GOD—STATESMEN AND JURISTS PROVE THAT BIG DAY IS HERE.

The judiciary, men learned in statecraft and leaders of finance were spoken of in highly laudatory tones during last night's sermon at the Baptist church by Rev. G. W. Chessman.

Taking his sermon from the topic, "Thy Kingdom Come," Rev. Chessman said in part: "Our subject is a prayer on the lips of millions of people every day. What does it mean? Thanks for the new emphasis on the social gospel, it means the progressive coming of the kingdom of God to this world."

"I can see the kingdom coming in the achievement of a dry America. It means better, better life for many. It means change your mind, turn about and instead of blocking the kingdom by your manner of life, consecrate it to Christ by surrender to Him, and then get into the kingdom to work for its more complete realization."

"I can see the kingdom coming in the new conscience regarding money. Money getting is becoming Christianized and so is money using. Men are accepting the divine standard of stewardship, which means the use of money as a trust for the promotion of the common good."

"Some people have hazy ideas about the kingdom. Some have it for a goal, to some remote golden millennium. But it's here! And God calls men to enter it! It means living not on the principles of egoism but of unselfish service. He that doeth righteousness is righteous and to other is Christ. Unity is not a theological intellectualism. It is the living of a Christ controlled life. It is idealism, Christ originated and harnessed to the ugly realities of life to sacrifice for their transformation. God has a place for every life in bringing the kingdom. Becoming a Christian means accepting the place God has for us and giving it our full heart's devotion in an unselfish service."

First Clockmaker Unknown. It is uncertain when the first clock was constructed. Its invention is claimed by many nations. There is a tradition that the first clock was invented by the Chinese in the year 2000 B. C., and another that it was invented in Germany in the eleventh century. The first clock of which we have any description is the one which was set in the tower of the palace of Charles V of France in 1379 by a man named Henry DeVick.

Alphabets. The letters in the alphabets of the world vary from 12 to 202 in number. The Hawaiian alphabet has the smallest number, the Tatarian the largest.

Notice. The Board of Supervisors will meet tomorrow afternoon at 1:30 o'clock.

Percy Tress of this city spent last evening in Marselles.

William Milligan of East Ottawa called on friends in Marselles last evening.

YOU ARE ONLY A NUMBER IN CENSUS

Names mean nothing at all in the job of counting noses in the United States for the 1920 census.

You have a name when you come into the big, barn-like building at Washington where 4,000 clerks are tabulating you and about 110,000,000 like you.

Very soon, tho, you become nothing but a card with a lot of holes punched in it. You have sex, age, nationality and a lot of other things, but no name.

Your card is just as important, yet as anonymous as the president's. In the census bureau the President isn't Woodrow Wilson. He is merely a white man, born of a family, living in Washington, head of a family, English-speaking and able to read and write.

Neither king's horses, nor king's men could drag your name out of the census bureau. Draft officials in 1917 tried it and failed. The census bureau gave General Crowder lots of information about the number of men between certain ages living in certain areas. But when the sneakier drive was on and General Crowder, with the whole war department back of him, tried to get names to check up against enlistments and drafts, the census bureau called his attention to the law.

It's not only against the law to give out such information, but enumeration sheets carrying names are destroyed after the information has been transferred to cards.

SOVIET FORCES STRIKE ON TWO BIG FRONTS

(By the Associated Press.) London, March 8.—Russian soviet forces have launched attacks against the Poles and the Finns on the western and northern fronts, according to advices received in both instances.

It is said, they have been repulsed, and the Finns are reported to have launched a counter attack which has pierced the red lines.

Polish units holding the line running through the Pripiet marshes, south of Kiev, are said to have been under attack at two points. The soviet armies advancing on the northern and southern sides of the marshes. Heavy detachments were recently reported to have been assembled at Gomel, just east of the Pripiet marshes, and it is probable these have been hurried westward against the Polish line. It is recalled the Poles last week rejected overtures for an armistice pending peace negotiations, holding the bolshevik would strengthen their lines during the time they are protected by the provisions of the truce. In the meantime delegates from the Baltic states are expected to meet at Warsaw next week to consider the soviet peace terms.

General Sichelstein is in command of Finnish and Russian anti-bolshevik forces which have broken through the soviet lines.

DEMOCRATS MEET AT STATE CAPITAL MAY 10

(By the Associated Press.) Chicago, March 8.—Springfield was chosen as the convention city for the state Democratic gathering on May 10 by the state Democratic central committee here today.

What's Art to This Senator?

Art received a terrible walloping at the national capitol when a senator decided he wanted a private door into his office so that folks could not break in on him unannounced. Summoning workmen, he caused to be torn out some of the finest art work on the walls of the senate side and then had a door installed.

Emerson Amended.

If a man does anything well, the world will beat a path to his door—unless he happens to be expert in raising skunks.—Boston Transcript.

Upholds War on Profiteering Landlords

JERSEY CITY, N. J.—Nearly a thousand families here have refused to pay advances in rent which the landlords tried to put into effect on the first of the month. The full strength of the Jersey City government is behind them, and, in fact, James F. Gannon, Jr., director of revenue and finance, advised the calling of the "rent strike." He is here on a hearing a complaint against a landlord.

WILL OF LATE MRS. WATERS IS PROBATED

The will of Mrs. George Waters, who died last week, was filed for probate today. Her estate consists of real estate and personal property valued at about \$1,000. She left \$100 to be held in trust by the Ottawa Banking and Trust Co. The interest to be used in caring for the family burial lot in Spring Lake cemetery, Aurora. A second provision is made that a suitable marker be erected over the grave of herself and her husband.

Five hundred dollars is left to her only son, Roy E. Waters, who is also to receive all of her real-estate goods, dishes and wearing apparel. A request is made that the executor of her will, the late George Waters, be paid with the rest and that the residue be placed in first mortgage and held in trust by the Ottawa Banking and Trust Co. for her son Roy for five years. In case of his marriage before this time, the money is to be turned over to him at once.

The will was drawn up Dec. 29, 1919 and the Ottawa Banking and Trust Co. named as executor.

ROY WATERS WEDS SIOUX FALLS GIRL

Announcement was made today of the marriage of Roy E. Waters, a well known Ottawa boy, and Miss Della Dett which took place last week in Sioux Falls, S. D., the home of the bride. The ceremony was last finished when Mrs. Waters received word of her mother Mrs. George Waters, died in Ryburn Hospital in this city, she left at once to attend the funeral. A public announcement was not made by Mr. Waters that the ceremony had taken place until today. The bride did not accompany him on his mid-journey to Ottawa.

The bride is a popular Sioux Falls girl. Two friends of the bride, Miss G. D. Dett and Miss Dett, who have a large circle of friends here. In the spring of 1917 he enlisted in the army as a private and soon won his promotion to a lieutenant. He was stationed at Camp Funston, Kan.

After securing an honorable discharge from the service a few months ago Mr. Waters went to South Dakota and accepted a position as traveling salesman, with headquarters at Sioux Falls, where he and his bride will make their future home.

BUNK HOUSES CATCH FIRE; LOSS IS \$100

Two oil filled wood box cars at the corner of Lafayette and Water streets, which were in use as bunk houses, and one of the cars, owned by the Chicago, Burlington and Quincy railway, were in a fire, and one section of the cars was completely destroyed. The loss was \$100. The fire was discovered by the firemen of the Lafayette street engine.

The fire was caused by a leak of oil from one of the cars and one of the firemen used the firemen's extinguishers to fight the blaze. About a half hour's fighting the blaze was gotten under control. The interior of the bunk houses was smoked up and scorched. About a hundred dollars is estimated as the loss to the occupants.

FIRE ATTACKS HOME IN CENTER OTTAWA

Sparks flying from a neighboring home caused the roof of the residence of J. E. Albrecht, 1226 Poplar street, to catch fire at 1:35 this afternoon. The blaze was discovered by Mrs. Albrecht, who sent in an alarm to the fire department, which responded quickly. Firemen were applied to the blaze after a few minutes and the fire was extinguished within a few minutes.

Shelburne Chapter No. 27, R. A. M., will hold a special convocation Wednesday, March 10, commencing at 2:00 o'clock p. m. The Royal Arch will be conferred on two degrees. At 7:00 o'clock p. m. will be conferred on the Royal Arch will be conferred on a third team. A special attendance is desired at each session.

W. S. MYERS, Sec.

PRESIDENT OUT FOR RIDE THIS MORNING

(By the Associated Press.) Washington, March 8.—President Wilson will start today in an open auto. He was accompanied by Mr. Wilson, his physicians and Mrs. Wilson's brother. The President was a golf expert and a heavy overcoat. He looked the picture of health. The police prohibited photographers from taking pictures of the President. A bright sun was shining. The President was out for an hour. It was his second public appearance since he took to his bed last October.

Sign of the Big Watch

But the train didn't wait. His watch was slow. A good watch but it needed adjusting. The cost of our watch cleaning is small, the work is reliable.

Sanders, The Jeweler Ottawa

5 Minutes Late

An Italian inventor has produced a scheme by which vehicles of wheels and carriages and vehicles are to be propelled by air. According to the accounts, the scheme is to have huge tanks by the wayside holding vast quantities of compressed air. Low-pressure and automobiles and tractors and motorcycles can run alongside and connect their tanks to the mother tank, get a lot of compressed air on board and run to the next stop.

Seeking Information.

Arthur, three years old, was watching his cousin milking a cow. This was the first time he ever saw milk being milked. He asked a woman and said: "Are you milking the side that gives cream now?"
