

WILSON MAY INSIST UPON LEGISLATION

(Continued from Page One.)

calated the other day that Mr. Wilson was planning to get actively in the campaign, sufficient account was not taken of the physical strain that might be implied by the word "actively." The president will not get out and make speeches. He is too much of a sick man to do that. But there's nothing wrong with his flow of language.

How About a Budget?

Here are some of the things which the White house says are still on the congressional doorstep. Indeed, the memory of Congress is jogged by the following sentences from President Wilson's latest message:

"I hope that Congress will bring to a conclusion at this session legislation looking to the establishment of a budget system."

"Another and not less important aspect of the problem is the ascertainment of the economy and efficiency with which money appropriated are expended."

"No one is authorized or equipped to ascertain whether the money has been spent wisely, economically and effectively. The auditors should be highly trained officials with permanent tenure in the treasury department, free of obligations to or motives of consideration for this or any subsequent administration."

"I trust that the Congress will give its immediate consideration to the problem of future taxation. Simplification of the income and profits taxes has become an immediate necessity."

"The Congress might well consider whether the higher rates of income and profits taxes can in peace times be effectively productive of revenue and whether they may not, on the contrary, be destructive of business activity and

productive of waste and inefficiency."

"Whatever may have been our views during the period of growth of American business concerning tariff legislation, we must now adjust our own economic life to a changed condition growing out of the fact that American business is full grown and that America is the greatest capitalist in the world."

"Among the industries to which especial consideration should be given is that of the manufacture of dyestuffs and related chemicals."

"We must see to it that our returning soldiers are assisted in every possible way to find the places for which they are fitted in the daily work of the country."

"The department of the interior has pointed the way by which returning soldiers may be helped to find and take up land in hitherto undeveloped regions of the country which the federal government has already prepared or can readily prepare for cultivation."

Other items such as improvements in marketing, studies of farm management, better forestry methods, federal aid to good roads, the marking of all goods in interstate commerce "with the price at which they left the hands of the producer," and laws requiring federal licenses of corporations engaged in interstate commerce so as "to prevent unconscionable profits in the method of marketing" are all unacted upon.

It is true the president has not put much pressure on Congress during the last few months as was his wont during the Democratic administration, but the White house has consistently maintained since the Republicans took possession of the senate and house that the executive would merely "recommend" and not "coerce." The purpose of that policy is being revealed. It is now intended to hold Congress responsible for inaction. And the Republicans will naturally hand it all back by insisting that the president interject the covenant of the League of Nations and delayed the settlement of domestic as well as foreign problems, on the merit or demerit of which the voters of America will have an opportunity to pass judgment at the polls.

NAME WINNERS ANNUAL W.C.T.U. ESSAY CONTEST

Miss Ruth Nichols and Fred Thiele Awarded Prizes—Many Contestants.

Out of the 140 essays entered in the annual temperance essay contest held Tuesday afternoon at the First United Presbyterian church by the city W. C. T. U., Miss Ruth Nichols of the Horace Mann school

was awarded the girls' first prize and Fred Thiele of Longfellow school the boys' prize, both receiving \$3 for their compositions. Miss Ethel Rohr of Franklin school is the winner of the girls' second prize of \$2 and Hildring Gustafson of Horace Mann school the boys' second. The prizes were awarded the successful young people by Dr. J. H. Gibson. The subject this year was "The Schoolboy's Moral Enemy is the Cigarette."

Essays which receive honorable mention were written by Miss Margaret Peterson of Horace Mann, Miss Lucille Slocum of Longfellow, Victor Peterson of Franklin and Belle F. Cooke, Mrs. Philip Wagner and Miss Ella Taylor. There was an unusually large

Whatever You Do Don't Neglect Your Eyes, Says Dr. Lewis, Who Tells How to Strengthen Eyesight 50% in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. He says neglect causes more eye troubles and poor sight than any other one thing. Many whose eyes were failing say they had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited

by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

NOTE: Another prominent Physician to whom the above article was submitted said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family. It is sold in this city by all leading druggists, including John Bengtson and the Red Cross Pharmacy."

POST TOASTIES

"Your Daily Bread"

Take off your hat to the golden-crust loaf of Bread. Your "daily bread" is really something to "shout about"—to be thankful for—especially in these days of soaring table costs. Bread is more than a highly nutritious food—it's economical—the only really economical food today. Since the beginning of civilization, bread has never been equalled as a food for the human race. Think of it. Bread is nature's one complete food. It strengthens your muscles. It restores worn tissues. It is a regular dynamo of energy. Also remember this. A pound-and-a-half loaf of Bread will do the same work as six pounds of beef-steak or eight eggs. Doubling your Bread-eating means doubling your health, the size of your purse and the joy of living. By using pure ingredients and advanced methods of baking, we are going to bring you Bread so rich and delicious that you just can't help eating more of it.

Tri-City baked Bread is your best food—always wholesome, tempting and highly nutritious. Eat it—

Two Slices for One

TRI-CITY BAKERIES

Christian Democracy

Not to reach down—Not to push down—Not to stifle any aspiration toward economic or social progress—But to spread among all men the spirit of Christ, that in the ebb and flow of civilization's progress every advance may be wrought out in Christian Brotherhood—

This is the motive behind the Christian Americanization program of Northern Baptists.

This is the motive

- That we may extend the spirit of friendliness, helpfulness, and brotherly confidence to the multitudes of strangers within our gates.
- That we may demonstrate to them the nobler Spirit of America.
- That we may help them to find their better selves in the new land of their choice, and to become the Americans they aspire to be.
- That we may assist them in acquiring the language of their new neighbors.
- That we may protect them from the forces of vice and greed that are seeking to prey upon them.
- That we may introduce Jesus to them as their elder brother and friend of all mankind.

\$100,000,000—Apr.25-May2

For this purpose and for work akin to it at home and over seas the Northern Baptists begin a campaign on April 25th to raise \$100,000,000.

Quicken!
God expects every Baptist to do his duty
