

## ALL SWITCHMEN EXCEPTING FEW RADICALS WORK

Grand Lodge Official Aids in Ironing Out Disunion—Only Few Fail to Report.

Reports received today relative to the meeting of members of Local No. 13, Switchmen's Union of North America, at the Moline Industrial home Thursday night, were that the men have ironed out practically all disunion which led to a number going on strike during the last few days.

It was learned that only three or four of the irremediabls are not working today. All the rest of the men came back and it was reported from various quarters that the strike situation is completely cleared up.

Men who have not gone back to work are claimed to have practically nothing at stake and to care little whether they retain their jobs on the road.

"Outlaws" Fail.  
The work of "outlaw" organizations has been a complete failure here and a grand lodge official made the entire situation clear to the men yesterday and last night. His visit here was said to be responsible for the settling of the

difficulties caused by various elements of disunion.  
All switchmen in the quad-city community are members of the one union, but only men working for the Rock Island lines went on strike. It was reported that 52 men were out at one time a few days ago, but some stayed out for only a few hours. The others came back singly until today when all but three or four men reported for work.

### Boy Scout News

Troop No. 5 at Longfellow school last evening sprung a surprise on their scoutmaster, Arnold Hauer, was, by presenting him with a 100 per cent duty badge, which is given for efficient service. Mr. Hauer was having this badge every month to the Scout having done most to make the troop a success and was completely surprised when the senior patrol leader, Eugene Lee, made his presentation. Mr. Hauer has been doing splendid work at troop 5 and under his leadership it has come to be recognized as one of the most splendid of Rock Island's troops.

### STRIKE TO FOLLOW MAY DAY IN FRANCE

Paris, April 30.—Miners throughout France will continue the May day demonstration into a general strike in accordance with the decision of railroad workers and the resolution of the general labor federation, according to an announcement made today by the secretary of miners' union.

### TRUCK PRODUCTS HOME GROWN NOW SUPPLY MARKETS

Home grown vegetables, the first this season, were placed on the local market this week end. Rain and cold weather has made the season unusually late this year but close-in truck farmers report their onion, asparagus and rhubarb beds have now a splendid crop capable of supplying the demands of the market all spring. Top-notch prices received for truck products are stimulating heavy planting. Rhubarb sells for 5 cents a bunch, onions for 5 cents, radishes for 12 1/2 cents a bunch and asparagus for 40 cents a pound.

Dealers are looking forward eagerly to time when home grown lettuce and cauliflower will be ready for the market. The present congestion of the railroads at Chicago

Get Horlick's THE ORIGINAL Malted Milk Safe Milk For Infants & Invalids No Cooking  
A Nutritious Diet for All Ages Quick Lunch at Home or Office Avoid Imitations and Substitutes

weather due to the switchmen's strike is making it almost impossible to obtain such desirable food-stuffs, they say. Head lettuce remains at winter prices of 40 and 50 cents a pound and cauliflower sells all the way from 30 to 40 cents a pound.  
Now potatoes jumped from 25 to 30 cents a pound last week. cold

weather in the south causing a great scarcity in the supply. Last year's crop continues to sell for \$1.50 a peck, an exorbitant price at this season. Weather conditions in the south have caused a great strawberry shortage which probably will continue until home grown berries appear. The price remains at 25 cents per pint box.

### LARGEST PICKEREL CAUGHT AT AURORA

Aurora, Ill., April 30.—John Petkus of Lansing, Mich., caught an

11 1/2 pound pickerel in the Fox river near the Burlington railroad bridge here today after a six-minute tussle. Petkus says the pote broke just as he was about to land the big fish, but he was near the bank and leaped out of the boat into

the water and threw his arm over his catch and held it.  
The fish, which is 24 1/2 inches long, is the largest of the kind ever caught in the Fox river, so far as is known. It has been put on display in a downtown window.
