there were to help. There were many young people present, and they were extremely interested in her remarks and in the pictures of the various institutions. One member joined the society. Miss Hazel Miller and Miss Margaret Miller gave several duets.

WAY BEYOND
All expectations, marks the record on the sale of ABRAHAM'S PEANUT ROLL. Oh, my, but they are good.

We would like to visit every home and invite the people to our show rooms to hear the Victrola. That's hardly possible, so we want everybody to consider this a personal invitation to come and hear the

Victrola

the wonderful musical instrument that plays all kinds of music and entertainment so true to life that it is just like hearing the artists themselves.

The proof is in the hearing. Come in any time—no obligation on your part.

The Cheney is equal to a Box at the Opera season after season

THE CHENEY whisks you, as on a magic carpet, to a box at the opera. You hear the glorious voices of Caruso, Galli Curci, Melba, Tetrazzini, Scotti—all of the stars of opera, with full orchestral accompaniment.

Music like this, supremely rendered, is an inspiration, a refining, uplifting influence in the home.

The CHENEY PHONOGRAPH

The educational value of the Cheney can scarcely be over estimated. This instrument brings out the full tone values in the record—the elusive "color tones"—the very personality of the artist.

The Cheney's remarkable fidelity to the original voice or instrument, is explained by entirely new applications of acoustic principles to the problem of sound reproduction.

Cheney cabinets are admirable examples of period furniture craftsmanship.
