

**MASSIVE MASH OUT
CROPLANDS SEEN
IN "FARM" RAID**

Federal Agents Leave Without Arrests After Seizing Tons of Sugar in South Moline.

Federal Agents Will Howard and L. A. Kidder, who, assisted in a raid by deputies from the sheriff's and federal revenue offices, seized a ton of sugar and 1,000 pounds of raisins on the immaculate farms of John Weaver and Ed Adamson, three miles south of Moline on the Forty-fourth street road, Wednesday night, have returned to the district offices out of which they work, without having ordered any arrests. Kidder is on the staff of Major Dalrymple with headquarters in Peoria, while Howard is a special agent of the prohibition enforcement department.

Traces of mash discovered on the premises were sent to Chicago and it is anticipated that following receipt of results of examination of the liquor arrests may follow. Over two thousand gallons of mash from which samples were taken were emptied by the officers and soaked up by the thirsty soil.

Had Loaded Shotguns.
That the house of Weaver was well defended when John was at home was discovered by the raiders, who are thankful they arrived at the farm at the opportune moment when the guardian was absent. Three loaded shotguns stood by the front door, two at the back door, while on the third floor of the frame dwelling standing handily by a window still another loaded weapon gave any inmate of the veritable blockhouse opportunity to wage a murderous repulsion of unwelcome visitors.

In the absence of the owner a thorough search of the premises failed to reveal any moonshine, but 2,000 pounds of sugar and 24 50-gallon mash containers were discovered.

Attachments Missing.
At the Adamson farm, isolated and ideal as the scene of illegal distillation, where the cherry and raisin mash, as well as 40 25-pound boxes of raisins, were found, although the family was at home, no resistance was offered. On a cursory examination no fixtures necessary for the distillation of moonshine were discovered, but a more thorough search of the out-buildings and a haystack on the premises brought to light a 40-gallon copper boiler with a screw cap, which had been buried three feet under the hay. Officers were unable to locate the coils necessary for a still. Supposition upon which the officers base their case is that the mash was useless without an attachment which might be connected to the boiler and put into

operation in a "dry" distillation plant, and that the soil is hidden or destroyed.

At the home of Bill Weaver which was also searched, nothing that might be used in the manufacture

of liquor was found, although in the interior before the officers after their entrance could search the cellar, a 5-gallon jug of moonshine had been smashed, the contents flooding the ground when officers descended.

Shanghai revolution was made by the officers when the most thorough search of all three "farms" failed to bring to light a single farm implement other than a lone milk separator on the Bill Weaver place.

**DATE IS SET FOR
AWARDING STORM
DRAIN CONTRACT**
Contract for laying of East Moline's \$225,000 storm drain will be awarded Aug. 27, George D. Long,

city attorney, announced today. The city has advertised for bids which will be received at any time between now and Aug. 27. The project is one of the largest of its kind ever undertaken in the country, and is expected to bring results

commensurate with the expense involved. The sewer will drain most of the business district and eastern section of the city, making available for factory extension large tracts of land south and east of the city.

Plans for the drain have been drawn by the city and passed upon by Chicago architects and the last part of the work on the drain to be commenced as soon as the tract is awarded.

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffier, lustrous, glossy, silky and soft, and look and feel a hundred times better.—(Adv.)

Physician Advises People
"My wife suffered for years with stomach trouble which did not yield to any treatment. She took a dose of Mayr's Wonderful Remedy last Saturday with wonderful results. I have practiced medicine for 20 years and have never seen anything like it before. I have recommended Mayr's Wonderful Remedy to several that I know need this treatment." It removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Kingston's drug stores, Davenport, Rock Island, Moline, and druggists everywhere.—(Adv.)
