For October Now On Sale At Baas'

**Free This Week Only**

At any drug store named below, a 10-Day Tube of Pepsodent. Simply present the coupon.

## Start Tonight

This new way to beautiful teeth

Your druggist today has a new way of teeth cleaning. And a ten-day tube is free.

Millions of people now employ it. Leading dentists everywhere advise it. You would never go without it if you knew.

Go ask for that free tube. There are few things more important than well-protected teeth.

**Remove the film-coat**

You brush teeth now, but you leave much of the film. A viscous film clings to the teeth, enters crevices and stays. Ordinary tooth paste does not end it. So teeth too often discolor and decay.

Dentists now know that the reason is film. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And pyorrhea wrecks countless lives today.

**An alarming situation**

Tooth troubles have been constantly increasing. Very few people escape them. So dental science has in late years studied to combat that film.

Now we know how. The methods have been proved by careful clinical tests, made under able authorities. Now millions of people employ them, largely by dental advice. A new era in teeth cleaning is fast spreading the world over.

These new methods are combined in a dentifrice called Pepsodent. A 10-Day Tube is given to everyone who asks. Now all who will may quickly know that film can be combated.

**What you will see**

A test of Pepsodent brings quick and unique effects. One sees and feels, then clearly. And a book which comes

with the 10-Day Tube tells the reasons for them.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva to digest starch deposits that cling. Each application also multiplies the alkalinity of the saliva—to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One keeps the teeth so highly polished that film cannot easily adhere.

Day by day we fight the film and all its ill effects. You see the results in whiter teeth. You feel them in cleaner teeth. But the great results are such protection as teeth never had before.

You owe yourself a knowledge of these facts. Old ways of brushing have proved sadly inadequate. Nearly everybody at some time suffers troubles caused by film.

Now science knows how to combat film, and in ten days you can know. Never again will you trust the old ways when you know the new.

**Teeth will glisten when the film-coat goes**

Get this free tube and watch it. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-coat disappears.

You will instantly know that Pepsodent does what nothing else has done. In a few days you will realize what clean teeth mean.

## LYON & HEALY MUSICAL INSTRUMENTS

You Can Obtain Them From Your Best Local Dealers

Music Lovers Will Be Delighted

**MUSIC** lovers in this city are entitled to the best there is in musical instruments and accessories. Our General Representative who recently enjoyed the hospitality of local merchants ranked this community very high. There is no reason why you should be content with inferior merchandise. Lyon & Healy's standard brands, famous the world over for excellence, are in readiness for inspection here.

In many lines you can obtain exactly what you would like but in other lines the dealer can draw on Lyon & Healy's vast reserve stock and supply you at the lowest Metropolitan rates.

Lyon & Healy Ukuleles sell for exceedingly popular prices. They are of genuine Koa wood, fashioned by Hawaiian workmen.

Lyon & Healy Banjos contain improvements which make the tone far more snappy than anything heretofore produced.

Lyon & Healy Guitars are noteworthy for a deep, mellow quality. The workmanship insures improvement under age and use.

Lyon & Healy Violins are particularly adapted to students use. They have a smooth tone quality and are easy to play. There are attractive outfits, including violin, bow, case and instruction book. All sorts of musical instruments are either made by Lyon & Healy or imported by them from the World's representative makers.

A good thing to remember is that a musical instrument will last a life time. It is like choosing a friend. If you put up with anything short of the best that can be had you will regret it a thousand times.

**Hints on Buying**

Go to your favorite Music Dealer and ask him to look through Lyon & Healy's catalog with you, unless you have exactly fixed in your mind the style of instrument you want.

No one would suppose, for instance, that there are now about a dozen popular styles of Banjos.

Perhaps you would like the Mandolin Banjo or a Trijo, which is short for Three in One (Mandolin, Ukulele and Banjo) better than a regular Banjo.

All these things should be considered and your Dealer will be glad indeed to take up the question of furnishing you with a Lyon & Healy instrument.
