

### HOW ACCUSES MAN OF FRAUD

Jennie Palmer, Her \$2,000 Home, Says Robinson Deceived and Fleeced Her.

Charge of obtaining \$2,000 under false pretenses was filed today against Clarence Robinson, Davenport, Iowa, by Mrs. Jennie Palmer, 1219 Walling court, Davenport. It was practically her whole life.

Details of the case were laid before Judge-General Ben Gibson in City Court Saturday afternoon by Lewis E. Roddewig, Mrs. Palmer's attorney. Robinson was arrested in Portland three days ago on a warrant issued by the Hell-McClintock Jewelry company, Davenport, on charges that Robinson bought diamond rings valued at \$1,100, making a payment of only \$100. He is charged with concealing property purchased under a conditional bill of sale.

Mrs. Palmer said Robinson won her confidence by offering to assist her in financial matters. One of her first actions, she affirms, was to obtain various sums of money from her pretending he made trips to selling cities in an effort to sell her library of her late husband, Willard Palmer, former Massachusetts attorney. Soon he proposed matrimony, she asserts, and when off her guard, she says she put her entire trust in him. He told her, she claims, that he was a wealthy farmer in temporary financial difficulties, but that he owned two homes in Mason City, Iowa.

Mrs. Palmer has been sending money to Robinson and did not suspect that he intended anything wrong until recently. She alleges that Robinson was married in Wilma, Iowa last August. This report has not been verified.

### DAVENPORT-OWNED EXCURSION CRAFT BURNS AT OSKOSH

The steamer, Valley Queen, formerly the Choate, owned by A. L. Kempe, 255 1/2 East Sixth street, Davenport, was destroyed by fire of unknown origin Saturday at its dock on the Fox river, Oskosh, Wis. The vessel was valued at \$1,000 and was insured for \$7,500. The flames burned the craft to the water line.

The steamer was built in the Ryan ship yards in Davenport 12 years ago. Last year it was sold to H. F. Mohl, Peoria, Ill., who remodeled it into a handsome floating dance hall and excursion steamer. A steam organ was installed on the boat. Recently it was bought by Mr. Knapp.

### THREE INJURED IN AUTO CRASH UPON ROCKINGHAM ROAD

Two girls and a man were injured when an automobile driven by "Gampy" Powers, Davenport police character, crashed into the car of R. L. Martin, 1505 Twenty-eighth street, Rock Island, at the intersection of Rockingham road and Lincoln avenue, Davenport, Saturday afternoon.

The injured are Ernest Mills, who was thrown out of Powers' car, Virginia Martin, 14-year-old daughter of Mr. Martin, and Virginia McCabe, 14 years old, 3904 Eighteenth avenue, Rock Island. Mills suffered two deep gashes on his forehead and was knocked unconscious when he struck the street. The Martin girl was cut on the face and arm by broken windshield glass while the McCabe girl suffered a severe bruise on the head. Mr. Martin, who was driving, was uninjured. Powers disappeared after the crash and has not yet been located.

Mills was taken to Mercy hospital where Dr. George Braunlich, county physician, stated that he was intoxicated. The two girls were taken to their homes.

Mr. Martin was returning from the high school football game and was driving east on Rockingham road. It is said that Powers was driving on the wrong side of the street.

### HERE IS A REAL FLAPPER

MABELLE WOODLAND

Gaze on a real "Flapper type," all who have puzzled over the 1922 addition to feminine pulchritude. A committee of distinguished artists selected 15-year-old Mabelle Woodland of Swampscott, Mass., as the "Typical American Flapper" from thousands of photographs submitted in the contest of the Flapper Magazine. The prize winner upsets lots of flapperish gossip. She shuns powder and paint! She is a good housekeeper—and likes to cook! And what is more, she goes to bed at 9 and gets up at 6!

### MORE BOYS THAN GIRLS IN OCTOBER

The number of boys born during October was slightly more than that of girls, according to a report today issued by Dr. A. N. Mueller, city physician. Seventeen boys were born in Rock Island last month while there were but 15 girls.

Parents of girls are Mr. and Mrs. Clarence Smith, Emil Sachou, R. F. Lyons, H. R. Tanner, J. F. Trager, L. W. Sperling, R. C. Huntley, J. C. Rinck, J. P. Maloney, Joshua Vocum, Calvin Karr, Harry Rich, Fred Harms, Bertel Jennisch, James Finley.

Parents of boys are Mr. and Mrs. Edward Madden, Clarence H. Kruse, Charles R. Salter, Nathan Glad-

man, J. E. Bledsoe, F. G. Collins, R. G. Meyers, W. F. Rosenbaum, Benjamin Harris, Richard Sudlow, E. J. Schmidt, D. J. McConnell, Martin Quilly, G. E. Meredith, John E. Samuels, Abigail Ward and H. A. Downing.

### Don't Neglect a Cold

Mothers, don't let colds get underway; at the first cough or snuffle rub Musterole on the throat and chest.

Musterole is a pure, white ointment, made with oil of mustard. It draws out congestion, relieves soreness, does all the work of the good old fashioned mustard plaster in a gentler way, without the blister.

Keep a jar handy for all emergencies, it may prevent pneumonia in your home. 35c and 65c in jars and tubes; hospital size \$3.

## For Real Winter Comfort Install a "Fire-King" Pipeless

No more playing nurse to four or five stoves! No more coal or wood to lug upstairs! No trail of ashes to sweep up every morning! Just one fire to tend—close to your coal bin—and that heats the whole house. And a fuel saving that more than pays for the furnace!

# \$81.50

and up According to Size

### "FIRE KING" PIPELESS FURNACE

THINK of being able to buy a high-grade, guaranteed furnace at this amazingly low price. You can't afford to use stoves when you can heat your whole home with this modern, inexpensive heating plant. Moreover, you will enjoy an even warmth in all the rooms—not just simply in spots as with stove heat. The "Fire King" provides a scientific method of heat circulation. Note these features:

- Base Ring and base plate made in sections of heavy cast iron and well braced.
- Front is heavy gray iron casting made in two sections, full height and handsomely designed. Four inch extension wings cast in-fronts give added air capacity and better air circulation.
- Ash Pit is heavy cast iron, full size with four specially tempered heavy cast iron Grate Bars triangular in shape and equipped with two shaker bars.
- Ash Pit Door is full width of ash pit, has draft door for chain control, covered shaker holes, and spring wire handle.
- Fire Pot—Heavy two-section corrugated cast iron with deep cup joints.
- Feed Section—One piece heavy gray iron corrugated casting.
- Feed Door—Extra large for feeding large pieces of coal or wood; has air draft slide and handle. Provision made in feed door frame for hot water coil, and does not interfere with feed door opening.
- Radiator—Heavy one piece all cast.
- Inner Casing—Composed of one 1-piece casing, one 1-piece hood, and one round warm air section for connecting to register 26 gauge Galvanized iron, double-lined with above. All inner castings made of heavy sheet asbestos and corrugated bright tin.
- Outside Casing—Composed of two casing sections, one hood and one square section for connecting to outside casing of register above. All outer castings made of heavy 26 gauge Galvanized iron. Bolt holes punched in all castings. Four heavy steel casing rings furnished.
- Cleanout Door is large, and furnishes easy access to entire interior of radiator.
- Large Tilting Type Water Pan with cast iron cover, set in lower front just above ash pit door. This is extremely important, as it insures a moist, healthful air at all times.
- Ventilation Ceiling Register is made of steel heavily re-inforced, black Japan finished. Unfinished extra when wanted, \$2.75.
- Poker, shaker handle, chains, chain plate pulleys, smoke pipe check draft, four foot smoke pipe, one smoke pipe elbow and toe furnished with each furnace.
