rectors Saturday; Close Year's
Business November 25.

Twenty-seven directors for the
Rock Island county farm bureau
will be chosen at township caucuses
next Saturday, and the new
board will hold an all-day meeting
in bureau headquarters in the State
Bank building Saturday, Nov. 25,
to close up the business of the
organization for the year.

Some townships are entitled to
three, and some to two directors,
but in most cases one, the number
of the directors in a township
depending upon the number of
farm bureau members residing in
the township.

A report on the accomplish-
ments of the year 1922 will be pre-
sented at the annual meeting by
P. R. Edgerton, farm advisor, whose
resignation is effective Decem-
ber 1.

On November 25 Mr. Edgerton
will have ended two terms as ad-
visor in this county. His success-

with representatives of the exten-
sion department.

farming near Marion, Ind., after
December 1, is in Urbana today,
attending a meeting of the farm
advisors' association executive com-
mittee.

LAUNCH CAMPAIGN FOR CHURCH GIVING

Chicago.—To awaken the con-
science and intelligence of the peo-
ple of the Protestant Episcopal
church to the needs set out in the
program adopted at the Portland
General convention, thereby rais-
ing the average of regular giving
throughout the communion, is the
main object in view in the nation-
wide campaign to be conducted
wholly within the ranks of the
church, according to a statement by
Chicago headquarters of the dem-
onstration.

Results of the campaign in the
three years now closing encourage
church leaders in the belief that the
campaign three years will be equally
successful, says the statement,
quoting the secretary of the field
department.

"In the 88 dioceses of the church
in the United States the work of
informing our people of the conven-
tion program and explaining the
educational methods of the lead-
ers, already is going forward," con-
tinues the statement. "Our reports
show enthusiasm and determina-
tion that will go for another big
advance in the missionary, educa-
tional and social service fields."

The program, which fixed a bud-
get of \$21,000,000 for the next three
years' work, will support 2,000 mis-
sionaries in America and through-
out the world and carry on the
work of religious and social ser-
vice to which the church is com-
mitted. A forward program also
was adopted involving an addition-
al \$3,400,000 of which 82 per cent
is to be spent in the United States
and its territorial possessions for
hospitals, schools, new churches
and community houses, with spe-
cial emphasis upon work among
Indians, negroes, mountaineers and
mill workers, according to plans.
Americanization and rural and in-
dustrial efforts also come under
the program.

An appropriation of \$3,000,000
for denominational colleges and for
student work at 55 of the great sec-
ular institutions all over the land,
is provided in the program. The
budget is to be raised by quotas in
the three years ending 1925.

JAPAN WANTS ONLY BEST FOR ITS ARMY

Osaka.—The reduction in the ar-
my will enable the recruiting ser-
gents to choose when this year's
recruits come before them for ex-
amination and only men who here-
tofore have been classified A. Physi-
cally will be taken for the army. The
training will be more intensive for
the same amount of work will be
done in 23 months.

Youth, 18, Weds His Grandmother

George Eya, 18-year-old Calais, Me., youth, is still a bachelor, al-
though he recently married his own grandmother, Rebecca P. Eya, a
woman of 68. When the officiating minister learned of the relation-
ship he broke up the wedding party by seizing the marriage certifi-
cate, annulling the union—and returning his fee.

CASH LIBERTY LOAN COUPONS

Interest on Second Issue of Bonds
Payable at Banks Wednesday;
Many Rock Island Holders.

Holdings of the second Liberty
loan bonds, some of which bear 4
per cent and some 4 1/2 per cent,
may cash their coupons next Wed-
nesday. A large number of these
bonds are held here and cashiers
will face a busy day.

The transfer books for regis-
tered notes of the uncalled series of
Victory 4 1/2 per cent bonds, bear-
ing the distinguishing letters G, H,
I, J, K or L—prefixed to their serial
numbers, will be closed, according
to the federal reserve bank of Chi-
cago, from Nov. 15 to Dec. 15, on
account of the Dec. 15 interest pay-
ment, and interest checks covering
the Dec. 15 interest will go forward
in regular course to holders of re-
cord Nov. 15.

It will be necessary upon pre-
sentation of such uncalled regis-
tered notes during the closed peri-
od for holders to make adjustment
of interest by paying to the United
States an amount equal to the in-
terest from the date of redemption
to Dec. 15. Payment of interest on
called Victory notes bearing the
distinguishing letters A, B, C, D, E
and F—prefixed to their serial num-
bers, if redeemed any time between
Nov. 15 and Dec. 15, will be made
simultaneously with the payment
of principal, as the transfer books
do not close Nov. 15.

The federal reserve has request-
ed Rock Island banks to urge their
clients to present such Victory
notes for payment so they can be
forwarded to the reserve bank at
least two weeks before Dec. 15, as
that bank cannot make payment
until the treasury department has
released registration, which re-
quires approximately 10 days.

GAITERS FOR BOYS 'TOO MILITARISTIC'

Osaka, Japan.—Because they
are too suggestive of militar-
ism, gaiters, which have hitherto
been worn by the boys of middle
schools in Osaka, are to be dispens-
ed with, except when physical ex-
ercises are being performed, or the
weather is wet. The high collar
is also to be abolished on the
ground that it is not healthy.

The women teachers also have
started an innovation, they having
decided to wear foreign clothing
when on duty. It is explained that
the foreign dress is cheaper and
simpler. At most of the girls'
schools in Japan the students wear
semi-foreign dress—a skirt with
a kimono-like bodice.

Instant Quaker Oats

Cooks to perfection in
3 to 5 minutes

Now our experts have per-
fected a quick-cooking Quaker
Oats—the quickest-cooking oats
in the world.

It cooks in 3 to 5 minutes. It
is the quickest-cooking oats in
the world.

The same super-quality, the
same exquisite flavor. All Quaker
Oats are flaked from queen
grains only.

But for Instant Quaker the oats
are cut before flaking. They are
rolled very thin and partly
cooked. So the flakes are smaller
and thinner—that's all. And
those small thin flakes cook
quickly.

But Instant Quaker is marked
Instant on the label. Get that if
you want quick cooking. No
other oats on the market cook
nearly so quickly as these.

SILVIS WORKER DIES AFTER RUN DOWN BY BOXCAR

Philip Passos, Laborer, Is Victim
of Accident in Yards—Left
Arm Is Severed.

(Special Police Service.)
Philip Passos, 36 years old, em-
ployed as a trackman by the Rock
Island lines, died at 10 o'clock Sat-
urday night in the Moline city hos-
pital as the result of injuries he in-
curred when he was run over by a
boxcar in the Silvis yards Saturday
noon.

The coroner's jury which heard
testimony of witnesses at the in-
quest yesterday afternoon returned
a verdict that death was due to
shock caused by loss of blood as a
result of injuries. Passos' left arm
was severed at the shoulder and his
right hip was broken. Two wheels
of the car passed over the shoulder.

Passos was working in the yards
at the time of the accident. One of
the engines was doing some switch-
ing and several cars were shunted
onto the track where Passos was
working. Passos was attended by
Dr. J. H. Fowler, who had the man
removed to the Moline hospital.

George Passos, a brother, is the
only surviving relative. Passos
lived in a bunk house in the Sil-
vis yards.

Funeral services were held at
2:30 o'clock this afternoon in the
Greek church of East Moline. Burial
was in Riverside cemetery.

DAVENPORT MAN'S CAR IS DAMAGED WHEN AUTOS MEET

Dealing a destructive blow in the
dark and then containing its on-
ward way, an automobile whose li-
cense number is known, caused
extensive injuries to the automo-
bile driven by W. A. Newport of
Davenport at 12:30 o'clock last
night. The crash occurred at Sev-
enth avenue and Forty-fourth
street. Newport's car was put out
of commission temporarily, and he
asked the police to help him find
the driver of the other car, which
was not stopped after the accident.

No one was hurt.

The state list of automobile li-
censes at the police station gives
the owner of the car as A. C. D.
Johnson, 323 Eighth street, Rock
Island. Police have not yet located
him.

The X-ray was so called by Pro-
fessor Rontgen because, in algebra,
"X" signifies an unknown quan-
tity, and the mechanism of the ray
was unknown to him.

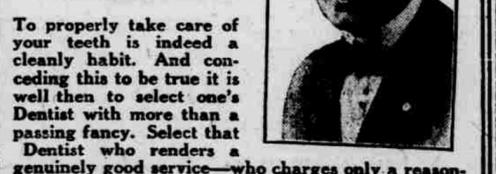

Ford Runs 57 Miles on Gallon of Gasoline

A new automatic Vaporizer and
Decarbonizer, which in actual test
has increased the power and mile-
age of Ford's from 25 to 50 per cent
and at the same time removed every
particle of carbon from the cylin-
ders is the proud achievement of
John A. Stransky, 3025 South Main
street, Pukwana, South Dakota. A
remarkable feature of this simple
and inexpensive device is that its
action is governed entirely by the
motor. It is slipped between the
carburetor and intake manifold and
can be installed by anyone in five
minutes without drilling or tap-
ping. With it attached, Ford cars
have made from 40 to 57 miles on
one gallon of gasoline. Mr. Stran-
sky wants to place a few of these
devices on cars in this territory
and has a very liberal offer to
make to anyone who is able to
handle the business which is sure
to be created wherever this mar-
velous little device is demonstrated.
If you want to try one entirely at
his risk send him your name and
address today.—(Advertisement.)

FREE PORT SOUGHT BY JAP SHIPPERS

Kobe, Japan.—Shipping interests
have started a movement to induce
the government to establish a free
port in Japan, to enable Japanese
importers to compete more success-
fully with the merchants of Hong-
kong for the trade of China. Kobe
is the port which most of the sup-
porters of the scheme believe to be
best adapted for the purpose. Mr.
Toru Abahi, managing director of
the Nippon Yusen Kaisha, declared
the lack of such a port prevented
Japan from becoming the trade
center of the orient.

LIQUOR CASES DELAYED WEEK

Judge G. O. Dietz in County Court
Grants More Time to Pre-
pare Defenses.

Eleven liquor cases in county
court, originally set for trial this
week, will be heard by Judge G. O.
Dietz next Monday. On motion of
the defendants he granted the con-
tinuance.

Principal among the cases are
those against Lawrence Pedigo,
Bert Dupres and Abe Starr. W. A.
Allen, attorney for Pedigo, stated
that he needed more time to pre-
pare the defense. Counsel for Starr
pleaded for continuance to the De-
cember term of court, and when
the judge granted only a week's de-
lay, withdrew his appearance as
attorney. Some of the defendants,
claiming John Loomery as their at-
torney, declared they needed more
time in which to secure someone
to take his place.

Distress for rent case against
Lawrence Pedigo, brought by the
L. S. McCabe's More company, was
formally filed in circuit court this
morning when the return on the
warrant and inventory goods at-
tached by the sheriff was made.
Pedigo's effects, represented in
the furnishings of the Sherman ho-
tel, have been attached pending dis-
position of claims for \$700 back
rent.

tendent of community nurses, East

will attend. Miss Allen is sched-
uled to attend the meeting of the
Coe township unit in the home of
Mrs. Albert Meyer tomorrow; Wed-
nesday at the Cordova unit in the

chairman of the finance committee
of the bureau has called a meeting
of that group in organization head-
quarters in the State Bank build-
ing Thursday morning.

budget for 1923, to be submitted
to the executive committee.

DISMISS WINE MAKER'S CASE

Louis Likas, Taken in Liquor Raid,
Released; Federal Authorities
May Investigate.

Louis Likas, 2534 Fifth-and-a-half
avenue, arrested by police officers
in a raid Friday night when 200
gallons of wine were found at his
place, was dismissed by Magistrate
D. J. Cleland at a hearing in police
court Saturday.

No evidence that Likas had been
selling the wine was secured and
Likas was dismissed on recommen-
dation of City Attorney John R.
Scott. Likas did not have a per-
mit from the government to make
the wine, and it is believed that
the case will be investigated by the
federal authorities.
