EARNED, PURSEL & VON MAUR.

Cor. Second and Brady.

GETTING SERIOUS.

The Butte "Industrial" Chief Seizes a Train.

He Loads His 475 Tourists Thereon.

Coming East at a Fifty-Mile Clip.

Warrants out for Hogan's Arrest.

A Sheriff and Posse Out in Pursuit.

State Troops Sent Out to Assist.

Captured and After Battle Resumes His Journey.

The President Calls Out United States Regulars.

The Situation is Sensational in the Extreme.

LIVINGSTON, Mont., April 25.—The most sensational and at the same time lawless proceeding that has so far marked the Coxe movement is the feat of "General" Hogan, the leader of the Butte contingent of Coxeyites, in breaking into the train-house of the Northern Pacific railway at that place, seizing an engine and train, manning them from his own ranks and starting east at the rate of fifty miles an hour. Sheriff Connor, of this place, has received a dispatch from Callen and Toole, of Helena, attorneys for the Northern Pacific instructing him to arrest "General" Hogan on the charge of larceny of a Northern Pacific train and a warrant has been sworn out by the company's local attorney. Superintendent Finn has left in his private car, going east. There is considerable excitement in the city over the coming of the army and it was waited with great interest.

Arrived Safely at Livingston.

The army was delayed several hours at Timberline, fourteen miles west of Livingston, on account of the tunnel and short distance this side of Timberline, but got through there. Such trifles as running orders did not deter the Coxe brigade, and from the time they left Butte until they reached Bozeman the officials were kept in a fever of anxiety lest a collision should occur. The army, numbering 475 men, reached Livingston yesterday afternoon, and a subscription for its benefit was taken up and the money, meat, and other provender collected was turned over to "General" Hogan upon his arrival.

Perfectly Backless on the Road.

Superintendent Finn was asked his opinion as to whether the Coxe brigade would take the right-of-way to the end of the road, and laconically replied: "They have done it so far." The train came over the steep mountain from Butte at the rate of fifty-five miles an hour and is evidently in the hands of experienced men. When the officials sent them to look out for trains they replied: "If you don't want your trains hurt keep them out of the way." They had supper here and have not yet decided when to start east.

Had a Pitched Battle.

MINNEAPOLIS, April 25.—Dispatches received this morning state that the sheriff from Livingston, Montana, with a posse, has secured, is overhauling the Butte Coxeyites at Columbus, Montana, and a pitched battle is now in progress for the possession of the Northern Pacific train stolen by the Commonwealers. Later dispatches state that State troops have been sent to assist the sheriff.

Captured but Got Away.

MINNEAPOLIS, April 25.—Further advices state that Coxe's branch army arrived at Billings, Mont., at 11 o'clock this morning. A force of 75 marshals attempted to take possession of the train, but were repulsed by the mob. Shots were exchanged, and James Hogan, a Coxe leader, was shot and slightly wounded. The deputies were surrounded and disarmed, after which the mob boarded the train and resumed its journey eastward. The militia will now meet them on the Dakota line.

Time for Uncle Sam to Take a Hand.

WASHINGTON, D. C., April 25.—By direction of the president, Major General Schofield has instructed Gen. Morrill to have a sufficient force sent to arrest all persons engaged in the seizure of the Northern Pacific train at Butte, and hold the train and all aboard until they can be delivered to the U. S. marshal for Montana.

KELLY'S ARMY BREAKS IN TWO.

A Mutiny That the California Young Man Could Not Quell.

ATLANTIC, Ia., April 25.—Kelly's industrial army reached Atlantic at 6 o'clock last night with Colonel Speed and his followers in the rear, Speed having been deposed and a separation of the Sacramento and San Francisco divisions having been effected during the march, with a narrowly averted internal war. Speed had refused to obey orders issued by Kelly and was promptly court-martialed and reduced to the ranks. The Sacramento division at once declared that it would de-

sert Kelly and follow Speed, and the temporary camp just east of Butler was soon a scene of wild disorder. About 300 declared for Speed and the men argued their differences with much profanity and a liberal show of clubs and stones.

A fight was averted, however, and the army moved on with the "generals" forces in advance and Speed's following. Before they reached Atlantic the Sacramento division elected Speed "general," and the men declare their intention to follow no banner but his. They openly denounce Kelly as having appropriated to his own use the army's funds and aver that they will obey his orders no longer. Speed has accepted the leadership, and says that he will march his following with Kelly, but not under his guidance. "Henceforth," says Speed "there will be two armies, absolutely distinct, but sharing provisions and glory." The twin armies camped last night in the fair grounds and were well supplied with food and fuel.

The march to this point was made partly on foot and partly by wagon. The farmers of the Avoca neighborhood supplied sixty-three wagons, which only held half the army. Consequently the army rode and walked alternately—half at a time. The reception here was less flattering than those accorded at Council Bluffs, Nevada, and Avoca. But much aid was given the army, Mayor Whitney showing his good-will by riding into camp on a donated load of cordwood. The trouble at Walnut had led the county officials to anticipate trouble, and sixty extra deputies were scattered through the town and about the camp. Kelly believes that Speed and his men will apologize and return to his army.

Chicago's Contingent Ready.

CHICAGO, April 25.—Everything is in readiness for the final organization of the Chicago contingent of the Coxe command. J. H. Randall has been chosen commander-in-chief of the recruits. It is expected that a start will be made some day this week. The number of men is estimated anywhere between 1,000 and 5,000.

Killed by a Priest.

CINCINNATI, April 25.—Mary Gilman, a pretty clerk, was shot and instantly killed this morning while on her way to work by Father O'Grady, a Catholic priest. Insane jealousy over the girl and her desire to get rid of his unwelcome attentions caused the tragedy.

Miners' Convention at Springfield.

SPRINGFIELD, Ill., April 25.—A delegate convention of the United Mine Workers of Illinois was held here and the following state officers elected: President, J. A. Crawford, of Bryant; vice president, W. Murray, Spring Valley; secretary-treasurer, J. J. Gynning, Spring Valley. Executive committee—First district, Alfred Broad, Braidwood; second district, E. F. Balser, Danville; third district, Henry Van Slyke, Bryant; fourth district, Thomas Gallagher, Springfield; fifth district, James H. Edwards, Duquoin. The following resolution was adopted: "This convention requests all co-operative mines not organized to suspend at once. The action of the national convention in calling a general strike is heartily endorsed, and no local settlement should be recognized or authorized until a general settlement is had throughout the entire United States."

Invited Governor Gill to Attend.

SPRINGFIELD, Ill., April 25.—Peter Klotz, representing the Polish societies of Illinois, called upon Governor Gill and extended him an invitation to be present at the ceremonies commemorating the 100th anniversary of Kosciusko's allegiance to Poland, which will be celebrated in Chicago Thursday May 3. Governor Gill accepted the invitation and will attend.

Wisconsin Thief Catchers Organize.

MILWAUKEE, April 25.—In response to the invitation of Chief of Police Janssen a number of chief of police and city marshals from the principal towns of Wisconsin are in conference here with the view of organizing a state association for the purpose of procuring better co-operation in the detection and prevention of crimes throughout Wisconsin. A branch of the National Union of Chiefs of Police, which was brought into existence in Chicago some months since, will be organized.

All Records Broken.

CHICAGO, April 25.—May wheat broke all records and sold on the Board of Trade at 57 1/2 cents, the lowest price ever recorded. It was the climax of the depression that has forced the market lower and lower during the last three weeks, and the whole bull fraternity is squirming. The situation seems hopeless for them. Where the descent will stop there is no telling. There are many who say that wheat will reach 50 cents a bushel or may be less.

Found a Petrified Body.

CARROLLTON, Ill., April 25.—A petrified woman in perfect condition was found in Walkerville township, west of this city, by William Howard. The heavy rains had washed away the soil and left the feet protruding from the side of a hill, which attracted the attention of Mr. Howard, who exhumed the solid body, which he has now in his possession. The body is hard and as perfect in form as if alive.

Non Arrested for Assault and Battery.

YANKTON, S. D., April 25.—Sister Florentine, a member of the Order of Sisters of Mercy which conducts a Roman Catholic convent in this city was, before the city justice of Yankton upon a charge of assault and battery. She admitted having whipped a 13-year old girl who was a student at the convent and the child's body showed marks of a most cruel beating.

Fire in a Michigan Town.

BLISSFIELD, Mich., April 25.—Fire destroyed four of the principal business houses of this town, and at one time threatened to wipe out the entire town. The principal losses are: S. H. Brown, dry goods, \$10,000; Collins & Karner, drugs, \$6,000, loss on building, \$2,500; Phillips Hardware company, \$1,500; Barrows Bros., grocery, \$1,000; James D. Clement, \$5,000.

Rheumatism racks the system like a thumb-screw.

It retreats before the power of Hood's Sarsaparilla, which purifies the blood.

INDIANA REPUBLICANS.

The State Convention Will Be Attended by 1,775 Delegates.

INDIANAPOLIS, April 25.—Numerically the state Republican convention to be held in this will be by far the largest ever held in the state. Seventeen hundred and fifteen delegates will vote for the candidates, the largest previous convention having comprised 1,200 delegates, in round numbers. The programme calls for but two speeches and one of these will be by ex-President Benjamin Harrison. Ex-Secretary of the Navy Richard W. Thompson of Terre Haute will likely be chosen as president of the convention.

The platform is causing much speculation. The American Protective association will be considered by the committee, but whether it will be mentioned in the platform is not certain. Tomlinson hall, where the convention will be held, has a seating capacity of 5,000. Several days ago the full limit of admission tickets had been distributed. This congressional district (Seventeenth) nominated a candidate to oppose Congressman Bynum. The candidate was the Hon. Charles L. Henry of Madison county, who was the candidate two years ago. The Hon. Charles W. Edwards presided and the nomination was made unanimously.

MURDER AT INDIANAPOLIS.

A Well Known Attorney Found Weltering in His Gore.

INDIANAPOLIS, April 25.—Albert T. Beck, a well-known lawyer of this city and the former law partner of Congressman Bynum, was found dead on the floor of his sleeping room. His body lay partially dressed with a bullet in the bowels. The floor was covered with blood and the window off the porch was open. While the suggestion of murder has been made, his friends think it is a case of suicide. He was about 50 years of age.

The coroner after investigating Lawyer Beck's death, decided that he had been murdered. Beck was found lying on his bed undressed, with a ghastly wound behind the left ear. There were signs of a struggle, the shutter had been saved off so as to admit an arm and blood was found in the yard and bloody tracks led to the sidewalk, where they were lost. A strange revolver was off the floor and Beck's revolver was found in a drawer. The house where the crime was committed is located at Twentieth and Ashland avenue, in the northwestern portion of the city.

Admiral Benham Congratulated.

WASHINGTON, April 25.—Secretary Herbert has written the following letter to Rear Admiral Benham: "Upon your retirement from active service I desire to express to you the department's appreciation of the ability and good judgment shown by you in commanding American interests while in command of the South Atlantic station. Your prompt and decisive action at Rio de Janeiro, Brazil, in giving full protection to United States commerce merits special commendation, and I congratulate you upon such a happy termination of a long and honorable career on the active list of the navy."

Warm Reception by Whitecaps.

ROCKFORD, Ill., April 25.—Dudley Thompson, a farmer near here, was paid a visit by Whitecaps. Thompson was apprised of their coming and shot one of them.

Counting Without Limit.

"O, George!" she exclaimed, as they gazed seaward, "there seems to be no limit to old ocean's bound expanse. And the waves, how they gambol along the shore." "The waves are very foolish, dear." "How foolish!" "To pass by where there is no limit." But not for foolish as are those who are dying with consumption are seeking their chance in this or that remedy which has never yet been known to cure, and refusing to try that which certainly brings them back to life and health—Dr. Pierce's Golden Medical Discovery. In the earlier stages of this terrible disease it is a positive cure, while even in the last stages it gives great relief and prolongs life. For weak lungs, spitting of blood, lingering cough, asthma and kindred ailments, it is guaranteed to cure or benefit, or money paid for it will be returned.
