BILL OF COMPLAINT

Against the Railways by the Commerce Commission.

DOING THINGS THEY SHOULD NOT DO

And Leaving Undone Many Others They Should Do—More Legislation Required to Make the Roads Do the Proper Thing—Nothing to Say About Government Ownership or Strikes—Turkey Furnishes Another Denial of Alleged Atrocities—Capital Notes.

WASHINGTON, Dec. 6.—The interstate commerce commission has transmitted the eighth annual report to congress. The report says that it is the duty of shippers, railroad managers and citizens generally to assist the government in running down violations of the statute designed to protect their interests. It recommends that the carrying corporations be made indictable and subject to fine for violation of the act. The report speaks of the "unreasonable" freight rates from Chicago and Cincinnati to southern points. Also of the "unreasonable" rates on wheat. It refers to the failure of many carriers to post their tariffs as required by law.

Uniform Classification Necessary.

The commission explains the necessity of providing a single classification of freights for the whole country, saying that experience has shown the necessity for congressional action and supports the belief that uniform classification depends upon the passage of a statute requiring its accomplishment. The report states that the railway service which pertains to shipping and billing, and the statement, collection, and correction of charges, especially as to the traffic over connecting roads, is conducted with much uncertainty and lack of system and regularity, so that it justifies charges of gross carelessness and disregard of the rights of the shipping public. Carriers ought to publish their tariff rates and schedules plainly enough and employ agents sufficiently skilled to enable them to correctly quote rates to shippers.

Adjustment Does Not Justify.

The fact that carriers undertake, after the collection of overcharges, to adjust the same, while right and proper in itself, does not furnish an excuse or justification for the practice of overcharging to the extent to which it is carried on. The present method of adjusting claims of this character is attended with such delay and vexation to claimants that it is extremely unsatisfactory, resulting in great injustice to shippers and consignees. Undercharges also result in grave injustice. It is stated that the provision of law relating to through routes and through rates, on account of the limited meaning which has been given to it by the courts, is practically inoperative, and it is strongly urged that the law be amended in order to give effect to the intention of congress in respect to this matter.

Regarding the Pooling Bill.

After a lengthy review of the railroad pooling bill the report says: "We submit for the consideration of congress that pooling without other remedical legislation is inadvisable. Pooling under conditions to be approved by the commission and rendered capable of easy and direct regulation with accompanying effective remedial legislation we beleive might safely be tried."

EXPRESSES NO OPINION

On the Government Ownership of Railways—Railway Finances.

On the government ownership of railroads the commission refrains from expressing any opinion. As to the great strike of 1894 the commission states its reasons for not entering upon an investigation of this matter. The controversy included matters outside of the commission's jurisdiction. It is urged that the commission should have express authority by statute to investigate the acts of all parties in relation to such matters.

As to the financial condition of railways reference is made to the financial embarrassment of railways resulting from the commercial depression and other causes. On June 30, 1894, there were 156 roads in the hands of receivers. While the financial depression has been a factor in bringing about the embarrassment of of railways, it is believed that many of the receiverships were the natural sequence of mismanagement, over-capitalization and ill-advised projecting. Although the traffic has largely decreased during the year the rates have also declined, showing that there has been unusual competition for the decreased traffic. The commission includes in its report statistics of railways for the year ended June 30, 1893.

On that date there were 174,461.07 miles of line in the United States, being an increase during the year of 4,897.55 miles. The number of railway corporations was 1,890, being an increase of sixty-eight over the previous year. The capitalization of the roads reporting was $10,506,235,410, the number of passengers carried was 593,560,612, and the number of tons of freight carried was 745,119,482. The gross earnings were $1,220,751,874; the operating expenses, $827,921,299, leaving net earnings of $392,830,975, which is equivalent to $2,314 per mile of line.

With reference to equipping the railways with automatic appliances to save lives, such as brakes, couplers, etc., the report says all new cars are being so equipped.

TURK AGAIN DENIES IT ALL.

Declares Once More That the Armenians Do the Diabolism.

WASHINGTON, Dec. 6.—The Turkish legation has received the following communication as regards the Armenian troubles. "Toward the end of July last and under the instigation of an Armenian named Hampartzoum the men of ten Armenian villages near Mooch formed separate bands and armed with guns, daggers, hatchets and other instruments attacked the tribe of Delikan, killed a few men of that tribe and afterward fell on the tribes of Bekiran and Badikan. These bands burned alive Hadji, nephew of Eumer Agha, one of the chiefs of the Bekiran tribe, and not only outraged Mussulman women of the village of Kulliguzat, but also put them to death in an atrocious manner.

"Men were also tortured in a more ferocious way. Not satisfied with all these lawless and criminal proceedings the same bands burned also a few villages inhabited by Mussulmans. Thanks, however, to the measures taken by the lawful authorities the bands in question were dispersed and the insurgent chief Hampartzoum, as well as the priest Mighirditch, of Kizil-Kilisse, and other guilty persons were arrested and brought before justice. The statement often published in some of the European newspapers that some of the regular troops fired on defenseless men and women is utterly untrue. No individual carrying no arms was killed.

"Twenty insurgents having surrendered were treated with all possible consideration, and after their depositions before the legal authorities of Mooch were taken they were given their freedom. It was these twenty insurgents who indicated the place where the Chief Hampartzoum and his accomplices were hiding themselves. The above facts show that among the insurgents only twenty surrendered, and that with the exception of the brigands, who broke in revolt no one else was ill-treated."

Doings in Congress in Brief.

WASHINGTON, Dec. 6.—In the senate there were a number of bills introduced, among them one to forfeit the unearned lands granted to railways and a resolution for the investigation of the merits of the plan for a unit of labor. Peffer spoke on his resolution relating to the issue of bonds, and it was adopted. His resolution regarding the Chicago strike was referred. Vest spoke in favor of a cloture rule, but the subject went over without action. Berry introduced a bill to provide a better government for that part of Indian territory occupied by Indians and to call it Indianola. An executive session was held.

It was another dull day in the house. The resolution asking information of the Chino-Japanese war went to the foreign affairs committee. A bill was passed to prevent the free use of lumber on public lands, and the conference report on the printing bill was adopted. The railway pooling bill was made the special order until disposed of.

Goldzier Announces His Ambition.

WASHINGTON, Dec. 6.—Goldzier of Illinois has telegraphed here announcing his candidacy for United States district attorney of the northern district of Illinois, made vacant by the death of Sherwood Dixon. It is said that he will probably have the support of the congressional delegation from Illinois.

Begun the Attack on Bonds.

WASHINGTON, Dec. 6.—Hooker of Mississippi has introduced in the house a joint resolution repealing section 3 of the act providing for the resumption of specie payments, which authorizes the secretary of the treasury to sell bonds described in the act of July 14, 1875.

Another Free Coinage Bill.

WASHINGTON, Dec. 6.—Senator Power has introduced a bill providing for the free coinage of silver, making the silver dollar to consist of 412½ grains of standard fineness, and these dollars to be a legal tender for all debts public and private.

BRUTAL CASE OF HAZING.

A Slender Cripple Outrageously Treated by California Students.

SAN FRANCISCO, Dec. 6.—Disloyalty to the University of California, of which he had until recently been an under-graduate, was the reason given for the hazing of Claude G. Campbell, son of a Methodist minister at Los Angeles, by his fellow students. Campbell's offense consisted in wearing the Stanford colors and jeering at the University of California because of its defeat by Stanford in the football match on Thanksgiving day. He is also accused of having given inside information of the condition and tactics of his university team to the opposing players.

Campbell was caught after midnight on his way to his quarters, seized, and blindfolded. With a dull razor the students shaved one side of his head and cut off his eyebrows and eyelashes. His head was daubed with red ink, Stanford's colors having been worked into his surviving locks with mucilage. On one cheek was a red "S" for Stanford. On the other a "T" for traitor. He was stripped and his body covered with the same letters. Campbell is a slender cripple, and explains that he was a former Stanford student, intending to return to that university in January. The faculty will consider the case on its merits.

The Worst Sort of Scoundrel.

MILWAUKEE, Dec. 6.—C. W. Jacobs, of Chicago, was under arrest here for attempting to inveigle a woman into a mock marriage, he at the same time possessing a wife whom he left at Kansas City. Jacobs was unable to get a divorce from his legal wife, yet wanted to marry Mrs. Buck, of Chicago. He disappeared, leading his wife believe that he had been killed. Mrs. Buck refused to marry him until he had secured a divorce, so he got a copy of the Oklahoma territory court papers and forged a judgment of divorce. Fearing dicovery if he had a minister marry him he conceived the plan of a mock ceremony, and obtained a man nan named Harvey to act as minister. Harvey gave the police the facts and Jacobs was arrested just after the bogus ceremony was concluded. All the parties have been released.

Suppose His Wife Had Been White.

PARIS, Ky., Dec. 6.—Jack Howerton, aged 25, a young white farmer near Paris, was married in Cincinnati to Matilda Taylor, a negro woman, of this city. Howerton is related to prominent Bourbon county families. Howerton and his negro bride were at the Kentucky Central passenger station, waiting for the train. Quite a crowd collected, curious to see the couple, and some of the by-standers began to guy Howerton and his bride. Howerton became enraged, drew a pistol and fired at the foremost of the crowd, the ball striking Butch Coughlin, an innocent spectator, in the fleshy part of his right leg. The crowd closed in on Howerton, and bruised him up considerably. Howerton was arrested and is now in jail.

Marriage of a Wisconsin Editor.

NEW YORK, Dec. 6.—Amos Parker Wilder, of Madison, Wis., editor of the Wisconsin State Journal, and Miss Isabel P. Niven were married at the Presbyterian manse, Dobbs Ferry. The Rev. Dr. Thornton M. Niven, father of the bride, officiated, assisted by the Rev. Dr. Charles A. Stoddard. Miss Charlotte Nivens, sister of the bride, was maid of honor, and E. McClellan, of Schenectady, was best man.

Death Got Him That Time.

READING, Pa., Dec. 6.—Daniel Keim was an old miser of Pike township worth $40,000, who lived on bread and cheese and little of that, attending every funeral within a radius of fifteen miles in order to get an occasional square meal. He attended one at Hill church and was stricken with death during the service, dying in an hour.

ABBREVIATED TELEGRAMS.

The emperor of Germany was the principal figure in the dedicatory ceremonies of the new Reichstag building at Berlin. A model of the building (which is not yet completed) was shown in the art gallery at the World's fair and is now in the Field Columbian museum at Jackson park, Chicago.

While skating on the river at Nashville, Mich., Clayton Barnes, 12 years, broke through and sank. Irving Boston, a companion, went to his assistance. Both boys were drowned. A large crowd witnessed the struggle, but were unable to render any aid.

Professor W. W. Payne, of Carleton college, Northfield, Minn., has sold his magazine, Astronomy and Astro-Physics, to the Chicago university, and it will hereafter be published by that institution.

Royalties indulge in pet names as much as do untitled folks. The Prince and Princess of Wales call one another "Bertie" and "Alix;" the present czar is "Nicky" among his friends and relatives; the duchess of York is "Toria, and the dowager empress of Russia always signs herself "Dagmar" to those she loves.

Victoria Vokes, the actress, sister of Rosina Vokes, died in London.

While Jack Phineas, a notorious outlaw, was asleep in his house near Kildare, O. T., some person crept to his bedside and cut his throat. Phineas was a member of the Dalton gang.

The Illinois state board of canvassers has completed the official count of votes for members of congress. No errors in the original returns were discovered. The two congressmen elect whose seats will be contested have, according to the returns, the following pluralities: McGann, Third district, 31; Downing, Sixteenth district, 40.

William Barnes, a clerk in the treasury department, who died recently, is said to have handled more money than any man in the world. In one day $60,000,000 passed through his hands.

Wife vs. Horse.

Husbands, give to your wives at least as much consideration as you would a pet animal. You would not knowingly work a favorite horse while sick. Yet, how many feeble, debilitated wives, work on, dragging out weary lives, made miserable by the many diseases peculiar to women. They suffer in silence, and because delicacy prevents complaint, you underestimate the disease and its effect in shortening her life. Get her Dr. Pierce's Favorite Prescription. We assure you that no sufferer from those painful and weakening female diseases, which wreck the constitutions of so many women, can take it without being benefited. The greatest restorative tonic and strengthening nervine known to medical science Produces refreshing sleep and drives melancholy away. Prevents threatened insanity, and cures sleeplessness, nervous debility, spasms, St. Vitus' Dance and kindred nervous diseases.

When Baby was sick, we gave her Castoria.

Warning to Expectant MOTHERS.

Many internal remedies are being skillfully and glibly advertised, professing to Shorten Labor, Lessen Pains of Child-birth, etc. and with wonderful inconsistency to regulate menstruation. Common sense should teach any woman that a preparation adapted for MENSTRUAL DISORDERS will not prepare the system for Child-birth; on the contrary, internal remedies at this time may imperil her life. We earnestly say BEWARE of all such: they cannot, at this critical period, do any possible good, and their use may prove fatal. It is only by persistent EXTERNAL treatment while enciente, thus relaxing and softening all the parts, that the hour of Child-birth is robbed of its terror, and no remedy on earth does this but "MOTHER'S FRIEND." What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
