THE STATE SESSION

Master Plumbers' Association of Illinois Convenes.

DELEGATES AND OTHERS PRESENT.

The Address of Welcome of Mayor Medill—The Officers—Laws and Wisconsin Representative in Attendance—An Interesting Gathering.

The Illinois State Master Plumbers' association convened in annual session in Carey's hall at 10:30 this morning. President John Simpson, of Peoria, in the chair. Mayor Medill delivered an address of welcome, reviewing briefly the position of usefulness the plumber occupies in a community, alluding to how much the sanitary welfare of the people depends upon his expert knowledge, dexterity and skill, and bespeaking the honor Rock Island felt at entertaining such a representative body of men. He extended a most hearty welcome, bid the visitors become the city's guests, accept of its best hospitality—the keys of the city were in their hands and all that was asked was that they return them when they were through with them. President Simpson made a short response of acknowledgment of the courtesy extended.

The convention then provided for the appointment of Messrs. T. P. Callerton, of Chicago, L. P. Hopkins, of Springfield, and B. C. Bennett, of Joliet, a committee on credentials and adjourned until afternoon.

The afternoon session. When the convention reassembled this afternoon the report of the committee on credentials was the first thing in order. It was read showing accredited delegates already present and entitled to voice in the convention as follows:

P. J. Kane, Alton; Gus Mylius, Aurora; John Connors, Aurora; Robert Loudon, Bloomington; W. R. Higard, Belleville; P. M. Murphy, Joseph B. Breen, Charles J. Herbert, Paul Redieski, T. C. Boyd, D. J. Rock, Charles J. Byrnes, Pat Landers, Charles J. Boyd, Thomas Conway, Joseph C. Ennblen, Chicago; John W. Simpson, Peoria; John D. Blake, Rock Island; John O'Neill Jr., Peoria; T. C. Callerton, John G. Roland, S. Whitehead, W. H. Dunham, Chicago; P. Mueller, Fred Wilson, Decatur; A. C. Dillman, Hugh Ford, Joliet; E. M. Donahue, John M. Nailon, A. T. Autelliff, Peoria; T. B. Davis, Joseph Heronson, John Slattery, Rock Island; L. J. Hopkins, Springfield; C. G. Smith, Dixon; W. E. Bouillon, Lincoln; W. J. Hilliard, Elmhurst.

There are already in the city about 125 including all, drawn here by the convention, such as master plumbers and those interested in plumbing houses. The officers of the association are:

President—John Simpson, Peoria.
Vice President—J. D. Blake, Rock Island.
Secretary—John O'Neill, Jr., Peoria.
Treasurer—T. C. Callerton, Chicago.

Other State Officers Present. There are also in attendance President P. Ryan, Vice President G. B. McCall, Secretary W. S. Patterson and Treasurer Charles H. Hulett, of the Wisconsin state association; ex-President J. A. Harris, Secretary John E. Allen and Messrs. J. Burnside, E. O. Edson and H. G. Miller, of the Iowa State association, and Treasurer W. E. Goodman, of the National association.

Police Points. Frank Peterson, the man who made things lively at Chris Jensen's residence, was fined \$10 and costs this morning by Magistrate Schroeder for disturbing the peace.

A clerk in Allers' Twin-city restaurant gave a fellow who had been hanging about the place a \$5 bill to get changed this morning. The money or fellow haven't been seen since.

The insurance office of Ralph Haverstick was entered last night, the door lock being pried. Nothing was taken and no disarrangement was noticeable, and what was the object of the intruder Mr. Haverstick is at a loss to explain.

A Card to the Ladies. John Friedlander, the well known linen and lace curtain importer, is in our city with a tremendous stock of fine table linens, Irish point lace curtains, Honiton curtains, Marie Antoinette curtains, Brussels point curtains, sash curtains in every style, black satins for dresses, black brocaded satins for dresses, crepons in black and colors, huck towels, hand-embroidered muslin for round tables, 2½-yard-square linen sets up to five yards long.

All goods must be sold out, as he don't wish to take them back to his store, 302 N. Grand avenue, St. Louis. Mr. Friedlander's reputation is well established everywhere. He will call at the ladies' residences as usual. Ladies should avail themselves of this grand opportunity.

Some of Veterans, Attention! All sons of John Morris camp, 315, S. V., are ordered to meet at their hall at 1:30 sharp tomorrow afternoon to attend the funeral of Brother William Don.

J. H. LIDDELL, Captain.
Parrots! Parrots! Parrots! King Mexican parrots, with double yellow heads, the best talkers in the world, for sale cheap at the Bijou cigar store, 1619 Second avenue, for a few days only. Call and see them.

COMMITTEES CHOSEN.

Chairman Carey Announces His Selection to the County Board.

At this morning's session of the supervisors Chairman Carey announced the various committee appointments. Supervisors Jenkins and Case were retired from the building committee and Supervisors Pierce and Sinnet, the latter ex-officio a member while chairman, substituted in their stead, Chairman Carey being ex-officio a member.

The Union and Moline Republican Journal, the newspapers having the lowest bids, were awarded the publication of the board's official proceedings for the ensuing term. The Union's bid was \$100 and the Journal's \$72.

Standing Committee. The committees are made up as follows:

New Court House—Johnson, Britton, Quayle, Maxwell, Hasson, Sinnet, Pierce and Carey.

Finance—Armstrong, Johnson, Schoonmaker, Black, Wilson.

Town and Town Accounts—Trent, Pierce, Oberg.

Equalization—Sinnet, Schoonmaker, Vinton, McMurphy, Powell.

Miscellaneous—Jenkins, Powell, George.

Poor Farm—Lees, Olmstead, Swank.

Poor—Vinton, Ford, Gahagen, George, Edgington.

Roads and Bridges—McMurphy, Hasson, Case.

Abatement—Quayle, Maxwell, Schoonmaker, Ford, Hasson.

Ways and Means—Edgington, Lees, Gahagen.

Jail and Jail Accounts—Oberg, Swank, Wilson.

Fees and Salaries—Britton, Maxwell, Jenkins, Swank, Quayle.

Public Expenditures—Ford, Binck, Case.

Judiciary—Carey, Britton, Pierce.

Prevention of Cruelty to Animals—Trent, Olmstead, Armstrong, Sinnet, Vinton.

The rules of last year were adopted by the board yesterday afternoon to govern the ensuing term. Rule 18, providing for the appointment of the different committees was amended with an additional committee of five for the prevention of cruelty to animals. Supervisor Carey, who was the promoter of the amendment, introduced a resolution, which was adopted, outlining the duties of the committee, which is to prosecute those ill treating the dumb beasts. Supervisors Hasson, Rinck and Schoonmaker were appointed a committee to receive bids from the newspapers for the publication of the board's proceedings.

BRIDGE SEEMS PROBABLE.

The Outlook Favorable for the Rock Island and Davenport Project.

The members of the ordinance committee of the Davenport city council and the river front improvement committee of the Davenport Business Men's association, Frank P. Blair, of the Davenport & Rock Island Bridge, Railroad and Terminal company, and Mr. Downs, of the Davenport, Clinton & Eastern Railway company, met at J. H. C. Petersen's home where they made a trip over the river front. The object of this was to get at the differences of opinion between the two companies and if possible secure an adjustment of them. The result of the meeting was highly satisfactory to the members of the committees. Mr. Blair, of the bridge and terminal company, informed them that in the event an independent line was built between that city and Clinton, his company would undertake the construction of the bridge without the aid of the \$100,000 tax, providing the proper franchises are given.

Looks Like a Go. The committees, after looking over the ground, practically decided upon giving the bridge and terminal company a right of way for two tracks from Iowa street west to the City cemetery, and to lease to it the triangular tract between Rock Island and Perry streets, and also a strip 700 feet long by 50 feet wide between Mill and Taylor streets, thus giving to it access to manufactories in all parts of that city. The D. C. & E. company made every concession consistent with its interests.

Important Real Estate Transactions. Reidy Bros. in the past week have disposed of the following pieces of real estate:

The old Zeis homestead on Nineteenth street to A. J. Lloyd for \$4,100.

The Henry Case homestead in South Rock Island, to I. H. Seile for \$2,500.

Henry Harrison's homestead in South Rock Island to William Freeburg for \$2,500.

Mrs. J. C. Welist's place on Second avenue and Fourteenth street to Henry Lamp for \$2,100.

George Metcham's cottage, corner of Fourth street and Fifth avenue, for \$850.

This is an indication of the way the spring is opening up and the way a hustling firm like Reidy Bros. can keep property on the move in a wide-awake town where people are looking for bargains.

The Evolution. Of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Co. only. For sale by all leading druggists.

THE BALL SEASON.

Manager Sage and His Aggregation Start on an Exhibition Trip Tomorrow.

Manager Harry Sage and his aggregation of players composing the Tri-City team start out on an exhibition trip tomorrow. The club will go first to Peoria and play tomorrow and the succeeding day, and returning will play Clinton here Saturday and Sunday. Monday and Tuesday Peoria plays at Twin-City park, and Wednesday and Thursday the club goes to Clinton. On its return Galesburg comes for two days and the Tri-City team returns for two days there. On May 8 the Page Fence giants, the famous colored team, plays in Rock Island. The league season opens May 10 with Clinton at Rock Island.

The Team. The team which Manager Sage starts out with will include Sage and Dwyer, catchers; Zmunt and Jamison, pitchers; Peccod, first base; Whalen, second base; Lyons, third base; Lammering, short stop; with Martin, Dalrympe and either pitcher in the field.

The season tickets are now ready for all desiring them.

A SAD MISHAP.

That Which Befell Forrest Addison White Hunting.

Forrest Addison, of Cordova, aged 20, was duck hunting in a boat near that place yesterday afternoon, and had laid his gun in the bottom of the boat when in some manner it discharged, the load striking his right arm above the wrist and laying the flesh bare to the bone to the elbow. The unfortunate fellow's screams attracted the attention of James McGill and son, Burt, who were in the vicinity, and the latter rowing to him found him nearly exhausted from loss of blood, but conveyed him to the shore where medical attendance was summoned.

May Lose His Life. The young man was too weak to submit to amputation, although his arm was frightfully mangled, and it is feared he may yet die from the effects.

Another Summer Resort. Capt. Walter A. Blair and Purser E. W. Baker have taken from Le Roy Haskins, of Moline, an extended lease of Haskins' island, situated in Rock river, half way between lock 35, a mile and a half above Milan, and the Moline bridge. Capt. Blair will in the near future place a first class steamboat in service between Rock Island, Davenport and Haskins' island. This will soon become a favorite place of resort, as the island contains about six acres of ground, well covered with large shade trees, with slack water, affording a safe, and in fact a model place for bathing, fishing and boating. The trip thither can be made in about an hour, passing through locks 37, 36 and 35, in the order mentioned, and a feature of the journey will be the experience of rising 12 feet in four minutes on entering lock 37. A pavilion will be erected on the island, and it will be made inviting and enjoyable in many ways.

Park's Tea is a great blood purifier and cleanser. A pleasant herb drink which moves the bowels without pain, griping or discomfort. Sold by Hartz & Ulmeyer.

THE best investment in real estate is to keep buildings well painted. Paint protects the house and saves repairs. You sometimes want to sell—many a good house has remained unsold for want of paint. The rule should be, though, "the best paint or none." That means

Strictly Pure White Lead

You cannot afford to use cheap paints. To be sure of getting Strictly Pure White Lead, look at the brand; any of these are safe: "Southern," "Red Seal," "Collier," "Shipman," "Fahnestock."

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors.

These colors are sold in one-pound cans, each can being sufficient to tint 25 pounds of Strictly Pure White Lead the desired shade; they are in no sense ready-mixed paints, but a combination of perfectly pure colors in the handiest form to tint Strictly Pure White Lead.

A good many thousand dollars have been saved property-owners by having our book on painting and color-card. Send us a postal card and get both free.
