ANNUAL APPROPRIATIONS

The City Council Considers the Necessary Allowances Last Evening.

The council went into a committee of the whole after disposing of a few matters last evening to consider the annual appropriations necessary to defer the expense of conducting the city affairs, and adjourned until the next regular session, when the amounts will be fixed, considerable discussion being indulged in between the chairmen of the committees desiring increased appropriations in their respective departments, which, if allowed what they actually could use, would exceed the city revenues. There are certain fixed charges in the payment of a note for \$12,000 to the People's National bank for money borrowed to meet emergency requirements, the Holly Manufacturing company's last payment of \$5,250 on waterworks machinery, and interest on the bonded debt amounting to \$12,700 are of this order. Then there are special funds for paying improvements amounting to \$6,200 and for sewers \$2,500, these being outside the general street and sewer funds, and represent liabilities incurred by improvement ordinances. The total available revenue, including the tax for current expenditures up to the limit, was figured out by City Clerk Huesing at \$145,094.54, this including the library tax, which amounts to \$3,768.28. The committee of the whole put aside for the different funds \$122,450 beside the \$12,700 for interest on the bonds, and the \$3,768.28 for the public library, which are outside the limit of 2 per cent on the tax levy for current municipal purposes. The items are as follows:

Bills payable	\$17,500	Sewers	1,500
Bridges	1,000	Side streets	3,100
Electricity	1,500	Scale house	250
Fire department	14,000	Storm drains	500
Public squares	1,500	Streets & grounds	12,000
Health cost	3,300	Waterworks construction	12,000
Street lighting	12,000	Waterworks equipment	1,000
Printing	1,000	Police	4,200
Police	4,200	Police, special	4,200
Salaries	6,700	Sewers, special	2,500

The committee on arising reported a balance of \$22,644 to be applied.

Accommodations to the "Q."

The council granted the C. B. & Q. railway company the privilege of extending a single track up Fifteenth street across Second avenue to Court house square to make it more convenient in the delivery of material for the new court house construction.

J. L. Haas Marries.

The romantic circumstances surrounding and velling the departure of City Attorney J. L. Haas for the east yesterday morning, as alluded to in THE ARGUS of last evening, were explained when the train reached Ottawa, where he and Miss Teresa Schultz, of Davenport, who accompanied him, left the train and were quietly married. They then proceeded on to Chicago to spend their honeymoon, and will return to the city Monday.

Joe's friends will be overjoyed at his good fortune, and will congratulate him on the romantic way in which he has conducted it.

IN THE POLICE COURT.

Fish Warden First Loses a Prisoner—Other Doings.

A fellow giving the name of A. L. Clark, of Camanche, Iowa, arrested and fined \$20 and costs for violating the fishing laws, escaped the clutches of the law in a simple and cunning manner yesterday afternoon. Clark was apprehended early yesterday morning in the act of seizing the river near the upper end of the county with a 14-inch net. He was taken before Magistrate Schroeder, pleaded guilty, and a fine of \$20 and costs imposed. Clark couldn't liquidate, and asked permission to go to the telegraph office and notify Camanche friends of his predicament, and they would remit the necessary funds. The request was granted and Fish Warden First accompanied him. The latter preferred sending the message and left Clark standing in the doorway. While First was performing his mission Clark took advantage of the opportunity and disappeared, and he hasn't been seen since.

Other Matters.

Hugh Conwell was taxed \$5 and costs for assaulting Mike Griffin.

The Drost case was dismissed yesterday by Squire Weld at Mrs. Drost's, the complainant's, expense, she having failed to appear against her husband.

Will Odell was placed under \$100 bonds this morning by Magistrate Schroeder to answer to the charge of larceny before the grand jury. Odell was arrested last night at Albany for the theft of a tent and other camping paraphernalia.

Stretched out on the green side of Fifteenth street, badly intoxicated, was Adolph Miller, of Davenport. He was surprised when the officer told him he was in Rock Island. He thought someone had disturbed him from his couch on the other side. Well, he paid Magistrate Schroeder \$3 for lodging on moss with nature's springs.

E. Limburg, of Moline, absorbed too much Rock Island grog and was found slumbering on Fifth avenue early yesterday morning. The last thing he remembered was driving a team, and it is supposed he became so loaded that he done a flip-flop onto the pavement and let his horses wander homeward. Magistrate Schroeder called it square for \$3 and costs.
