A discussion followed the presentation of a petition allowing the Burlington Railway company to run a switch track into Henry Dart's Sons' property on First avenue between Eighteenth and Nineteenth streets. Aids. Foss and Maucker argued that this concession should not be made until the track removal question was finally disposed of. Messrs. Mack and Dart were heard on the matter and illustrated what they considered the advisability of immediately granting the petition, and after sev-eral more of the aldermen expressed their opinions, a motion favorable to the petition's passage was put and unanimously carried.

There was a little more talking about the court expenses, whereupon City Attorney Hans broke in: "Gentlemen, if we lose the case is Whiteside I will not charge the city a cent for my services." This was met with applause from the aldermen and spectators and a motion appropriating \$500 for deferring witness fees was unanimously carried.
