A man may dress as well as his own good judgment and the assistance of an artistic tailor may elect. He may take his "tube" but if his digestive organs are out of order, he will have an unwholesome appearance. His complexion and the white of his eye will have a yellowish cast. His tongue will be coated, appetite poor, his teeth rusty, his breath abominable. He is one big, unmistakable sign of constipation. The quickest, surest, easiest way to cure this trouble is to take Dr. Pierce's Pleasant Pellets. They are made of refined, concentrated vegetable extracts. Nothing in the least harmful enters into their composition. They hunt down all impurities, and "make them move on." They are the product of many years' study and practice. Dr. Pierce cannot afford to put forth a worthless article.

FRED TITTINGTON, County Collector.

The American-Oxford Game. Oxford, Eng., June 7.—In the cricket match between Oxford and the American team from Philadelphia today, the Oxford men were all out for 363 runs.

The sweetest of the first embrace with the woman of his choice will always linger in a man's mind. It is a pity that the sweet memory should ever be poisoned by the taint of ill-health and consequent unhappiness. It is sad that the flower of a happy remembrance should be obscured and killed by the noxious weeds of sickness and sorrow. Too frequently this is the case. A woman cannot be a happy, helpful amiable wife who suffers from weakness and disease at the very mainsprings of her nature. Pity may grow up to take its place, but love itself seldom survives where this is the case. If a woman will, she may always hold her place in a man's mind and heart. If she will take the right care of herself in a womanly way she will never lose her rightful inheritance, a husband's love.

The best of all known medicines for women is Dr. Pierce's Favorite Prescription. It acts directly on the important and delicate organs that make wifehood and motherhood possible and makes them strong and well. It allays inflammation, heals ulceration, soothes pain and tones up and builds up tired nerves. It prepares for almost painless motherhood and insures healthy children. Thousands of women who were sickly, nervous, fretful invalids are now happy, cheerful and helpful wives as a result of its use. All good medicine dealers keep it and there is nothing "just as good." Any dealer who tries to persuade you that there is, is thinking more of his profit than of your welfare and health.

Dr. Pierce's Pleasant Pellets are a safe, sure, speedy, permanent cure for constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. Druggists sell them, and no other pills are as good.
