TUESDAY, JUNE 22, 1897.

THAT was quite a neat batch of southern Illinois appointments that President McKinley disposed of yesterday.

SENATOR ALLEN, of Nebraska, thinks that the widows of private soldiers should have equal pensions with the widows of officers, and he will soon deliver a speech upon the subject. And the senator wore the blue and carried a mustache.

JOHN WAMMAKER says that on account of republican failure to bring about prosperity, the "powder of patriotism" is wet with the tears of the poor. It seems to be impossible to trust in promises and keep your powder dry.

SEVERAL members of the Chicago police force were turned loose to hunt one lone hyena, which escaped from a park zoo. They had as much success as on their usual hunt for "blind tigers." They didn't catch him.—St. Louis Chronicle.

WILLIAM J. BRYAN has given, and the board of visitors of the university of Virginia has accepted, an endowment fund, the proceeds of which each year are to be used as a prize for the best essay on "city government," from the pen of a university student.

THE hissing and hooting given the mention of Hanna's name at Toledo yesterday must have proven another element in convincing the republican national boss that a cabinet position would have been vastly preferable to a senatorial toga attended by so much unpleasantness.

A RECENT census of the Illinois penitentiary at Joliet shows the number of convicts to be 1,319. Of these 235 have had a common school education, and 90 a high school or collegiate education. Only 86, or 6.5 per cent, are illiterate. Only 271 have been addicted to intemperance, and while as many as 762 were moderate drinkers, yet 286—more than the number of drunkards—were total abstainers. In the matter of polygamy only 216, or less than 16.5 per cent, are without religious preferences, and on the score of nationality only 359 are foreigners. There is something to think about in that exhibit.

REPUBLICAN statesmanship of the boss order is well illustrated in the past two years in Pennsylvania. In January, 1895, when Gov. Pattison, democrat, retired, there was a balance of \$6,000,000 in the state treasury; in November next there will be a deficit of \$4,000,000. The republican assembly in 1895 created 60 new state offices, and increased the already large salaries attached to a number of old offices. Now Auditor General Mylin is urging that the public school appropriation be cut down \$1,000,000 to help the state treasury out of the threatened bankruptcy.

What Tillman Wants. The demand made by Mr. Tillman in his argument upon the tariff question, was rather startling. He said, in the matter of tariff, if there was any stealing to be done he or his people wanted their share. That is, if the American people were to be robbed under the name of protection for the benefit of corporations, etc., which received the benefit, that he wanted the tariff so arranged that his people would get a fair share in the steal. "This," as an exchange says, "is the whole basis on which the idea of protection is predicated. Almost everybody have the same idea in their minds that they should be protected by the government; that they should be allowed to charge more for their particular goods than they are worth for their own benefit, and for a benefit which they claim to divide with the people who work for them. The

only reason why the idea of protection has existed as long as it has is because there are so many people who get or think they will get their share in the stealing, and Mr. Tillman is about right in demanding his share of the steal if he is to be a party to the enactment of a robber tariff."

Illinois Democracy. At a meeting of the democratic state central committee at the Tremont house, Chicago, Monday, the further control by ex-Gov. John P. Altgeld of the party working forces was the paramount subject of discussion. While the attempt of the ex-governor's friends to freeze the long-time secretary, Theodore Nelson, out by cutting his salary, succeeded, that efficient official resigning, when that act was performed, the anti-Altgeld forces elected a successor in the person of Arthur C. Bentley, of Pittsfield, a close friend of the former secretary of state, and the ex-chairman of the committee, W. H. Hinrichsen. Gov. Altgeld originally opened the fight in the committee by naming a non-member of the committee for chairman in place of Mr. Hinrichsen, and when he was found to be involved in scandal, the governor succeeded in going outside of the committee again for the executive officer, and J. W. Orr, who presided Monday, was elected.

Alex J. Jones, of Cook county, offered the following resolutions, which were adopted: Whereas, The traditions of the democratic party for the past 70 years, through its long series of victories and defeats, have demonstrated with historical accuracy the fact that in every campaign where its position was one of equivocation and uncertainty it has received and merited defeat, while in every public cause where it assumed and maintained an affirmative and aggressive position on the great issues of the day, its campaigns have resulted in ultimate triumph; therefore, be it

Resolved, By the democratic state central committee of the state of Illinois, that we believe that the future success of the democratic party, in state and nation, lies in a fearless advocacy of the financial declarations of the last democratic national convention in favor of the free and unlimited coinage of silver and gold at the ratio of 16 to 1, independent of the other nations of the world.

Senator J. P. Mahoney offered the following resolution which was adopted: Resolved, That the thanks of this committee are hereby tendered Theodore Nelson for the honest, able and efficient manner in which he has performed the duties of secretary of the democratic state central committee for the past six years.

Former Secretary Nelson says he will devote his time in the future largely to private business interests, although he will not give up politics entirely.

Compromise Falls and the District Meeting Settle the Only Fight Before the Convention—Bryan Attends the Bi-metallic League Meeting at Cincinnati and Replies to Prof. Hesterman's Charges—Jesse Silver Men Gather.

Toledo, O., June 23.—The Ohio Republican state convention assembled here yesterday and will continue today. The occasion has been one of bitter factional fighting for two days. Senator Hanna wanted Major Charles F. W. Dick, secretary of the national committee, for state campaign chairman. Governor Bushnell and other state officers wanted Chairman Kurtz, who has managed the past two campaigns, retained in that place. Hanna and all the others of the opposing parties are here and there have been several conferences between Senator Hanna and Governor Bushnell, with intermittent conferences with their respective favorites for chairman. At none of these conferences could the contestants get to an amicable understanding. Hanna proposed to have Major Dick withdraw, and the latter consented to retire from the race if Chairman Kurtz would also do so. The proposition was not accepted. Governor Bushnell insisted on his right by precedent to name the executive chairman, and Kurtz said that since the fight had been made on him he could stand defeat, but he could not compromise.

Settled by the District Meetings. The contending factions carried their claims into the meetings of the delegates by congressional districts yesterday afternoon, and Hanna won by more than two to one. He controlled the district meetings and the convention more firmly than the St. Louis convention last year. Major Dick claims the county of Rock Island, state of Illinois, as the county of Rock Island county, at the office of the clerk of said court, in the city of Rock Island, at the July term, on the first Monday in July next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of making final settlement of said estate, at which time and place he will ask for an order of distribution and will also ask to be discharged. All persons interested are notified to attend.

First Session of the Convention. The convention was called to order in the elaborately decorated Armory shortly after 4 p. m. All the 5,200 seats were occupied, and standing room was in demand. As Representative Groveson, ex-Secretary Charles Foster, Governor Bushnell, Senator Hanna and other leaders entered the hall they were given ovations. Only routine business was transacted; the usual speech-making was attended to. Groveson is temporary chairman. After the convention adjourned the committee met and the conference between Hanna and Dick and the Bushnell and Kurtz men continued. General Groveson was made a member of the state committee from Kurtz's old home district. Kurtz is now a resident of the Columbus district. He is being led by Dick, as was the Springfield district in which Governor Bushnell resides.
