Sheriff at Decatur, Ills., Proposes to Resist the Marching Mine Strikers.

COPPEEN IS WEARY OF BRADLEY,

And He and His Army Are Ordered Awa on Pain of Being Driven Off Today Strike Leader Run Out of Camp for Alleged Treason—The Siege of Niantic— The Injunction Freely Used in the Pitts-burg District Against the Strikers, Who Are Deffant-Crisis at Hand.

Springfield, Ills., Aug. 13-Late last night Adjutant General Reece received telegram from Sheriff Nicholson, of Decatur, asking for 100 rifles and ammunition, with which to arm his deputies, fifty of whom have been sworn in and are now in the Decatur court house B. B. Ray, who is representing the governor in Decatur, has refused to ask for them. A State Register special from Niantic states that the Niantic miners held a meeting there last night and by vote of 45 to 25 decided to strike. Trouble Is Not Over at Coffeen.

St. Louis, Aug. 13.-A special to The Republic from Coffeen, Ills., says: Frank Campbell, who was until Wedneslay the trusted lieutenant of "General" Bradley, was forced to flee for his life from the strikers' camp west of town last evening. He was pursued by an angry mob of Slavs, who charged him with having sold Bradley and his men out to the Coffeen Coal and Copper company. Campbell declares that he acted in good faith and that he did not sell his comrades out. In accordance vith the agreement entered into Wednesday night, Superintendent Mills ordered the freight stopped at the strikers' camp yesterday morning, but the campers hooted the crew and told them to move on. They said that they were going to storm the town. Not a man got aboard. The strikers are still Last night Sheriff Randle posted a proclamation ordering the strikers to disperse from their camp and leave the county.

He a Hot Time Here Teday, Perhaps.

The members of the board of super-visors, under whose orders the sheriff issued the proclamation, drove to camp yesterday afternoon. Chairman Cars-tens informed the strikers that they are violating the law, are a menace to a peaceable community, and are sub-ject to arrest. Bradley again made an effort to secure the consent of Sheriff Randle and Mayor Traylor to make a demonstration in the streets of Cof-feen. He offered any sort of concession the officers might name, but both were obdurate. The supervisors held a con-ference with the sheriff and mayor and it was decided to give the strikers time to peaceably disperse before dispers-ing them, and the sheriff's proclamation rdering them to disperse was written. If the camp is not broken by tomorrow and the crusaders are not on the move the sheriff declares he will charge them with a force of 200 armed men and weep the grove with bayonets.

Marion Looking for a Raid. Marion, Ills., Aug. 13.—Yesterday the arst indication of trouble among the miners developed in this county. In the county there are quite a number of mines running on full time to the entire satisfaction of the mine owners and miners. Indications now point to serious diffi culties on account of a large body of marching miners in camp at Johnson City, five miles north of Marion. They came there Wednesday night and have succeeded in obtaining a walkout of the miners at that place. Their next point is this city. The feeling of the miners is this city. The feeling of the here is decidedly in favor of no strike.

INJUNCTION AGAIST STRIKERS.

De Armit Gets One That Warns Them Pittsburg, Aug. 13.-"Government by injunction" will have a very full trial in this strike district within the next few days. De Armit has obtained a temporary restraining order from Judge Collier, in which the strikers are warned "off the earth" in the nieghborhood of the De Armit mines, with, however, this important qualification: "for the pur-pose by intimidation, menaces, threats

miners of the plaintiff from working."
The miners and their officials claim that they are keeping within the law and have the right to assemble in peace and demonstrate to the world that they are being wronged by a rate of wages that keeps them constantly at the point of starvation; also that they have a right to use their presence and influence to use their presence and influence among the men who are militating against their interests by continuing at

The New York and Cleveland Gas Coal company, on the other hand, assert that the marches and assemblages are unlawful and a menace to their em-ployes, many of whom, they say, are willing to work provided the strikers remain away.

If the strikers continue their marche as they now say they will in defiance of the injunction, capiases will be issued for the offenders on the charge of con-tempt of court. Should the injunction be enforced, the strikers camps around the De Armit mines will soon be extinct. The avowed intention of the strikers to march despite the injunction is expected to result in bloodshed, or the filling of The injunction was read to President at miners' headquarters. Dolan, who wa writing at the time, scarcely stopped his work for more than a second, and when he reading was finished acknowledged it by merely saying "Thank you." He says the injunction will not change the

miners' campaign in the least.

It is claimed by the strikers that this ovement of the company is only another plan for getting the militia on the ground. When they find that the min-ers will not obey the injunction and that the jails are becoming crowded it is ex-pected that the sheriff will adjudge that his deputies are not sufficient to cope with the situation, and he will be constrained to call out the militia. This is the view of the situation taken by the Last evening the strikers at Plum Creek held a meeting and voted unanimously to hold the fort, but not to resist arres The resolutions say that if one man is arrested they will have to arrest all. Without doubt there will be stirring events in the Pittsburg district to day. HOW THEY CAME DOWN ON NIANTIC

Raiders Permitted to Hold a Meeting is Decatur, Ills., Aug. 13.-About 200 hur

dred miners from out of the county are now in camp at Niantic. Seventy-five are from Lincoln and the rest from Springfield. They are quiet and orderly, and so far have shown no signs of giving trouble at any time. Those who have talked with them are of the opinion that the leaders will succeed in their expressed intention of keeping down anything like disorder. The village board of Niantic has put on duty twenty extra policemen. The men stayed at work in the Niantic mine all day and told the management that it was their desire to continue at work.

When they came out they were vited to a meeting in the town hall, arranged by Lincoln and Springfield miners for the purpose of talking to the Niantic miners about striking. Only miners were admitted to that meeting. It is expected that the Lincoln and march to Decatur today, Sheriff Nicholon and Mayor Taylor drove to Niantic yesterday afternoon and read to the assembled miners a proclamation issued by the mayor Wednesday night. They advised the miners not to come to Decatur, and told them that any indication of violence would be met with prompt measures of repression. The Decatur miners say that they will stay at work, and they will be fully pro-

Pinckneyville, Ills., Aug. 13.-The situation at Duquoin assumed a new pose yesterday morning, and work in the mines has been practically suspended after four weeks of activity. Near two 200 of the Duquoin men, it was decided to strike, but as the main body was almost without effect, and two or days later all the men were at work. Seemingly without organized effort, three fourths of the men did not go to work yesterday morning. A meet-ing of the Duquoin men held last evening and a committee was appointed to ascertain the desires of the men with

Bridgeport, O., Aug. 13.—Three hundred miners from Wheeling Creek, Maynard and Barton, massed here Wednesday night and marched to the River side and Belmont mines. They succeeded in getting all of the men out, and returning marched to Martin's Ferry to get the Laughlin miners out. The Barton and Maynard men flagged the night freight and took possession, compelling the crew to carry them to this

Somebody Is Prevarienting—South Caro lina Politics Develops a Dramatic Situa tion and a Fainting Senator—Democratic Society in New York Demands Loyalty Cleveland, Aug. 13.—On his return

from Chicago yesterday Major Charles Dick authorized an Interview on the subject of the charges of vote-influencing made in the late Populist state convention in conection with his name. He said: "The whole story of attempted bribery is absurdly false. On Monday norning last I received a note from Mr Hugo Preyer, asking a personal loan and promising to return it in a few days. In response to that request I gave him my personal check for \$25. The check Itself is the best evidence of that fact that could be given. On this mere incident the attempt is made to create a political sensation. Asked for a general statement of the circumstances leading up to the incidents which marked the sensational averments in connection with the Populist convention, he said: "As nearly as can recall, Rev. Mr. Taylor called on me about six or eight weeks ago making application to be employed as a campaign orator. He presented letters rep-resenting him to be a preacher and a good speaker. He was a frequent caller at my office, pressing his application for employment, but he never received a check from me and I never gave or promised him a dollar to control his po itical conduct. Upon his urgent and repeated requests, and after Mr. Preyer had called several times at my office and failed to see me, I fixed a time when he could see me, as is done every day with

However, at that time he said to me that he did not think he would attend the state convention. No understanding or arrangement was made of attempted, and at no time has Mr. Prey er acted under my direction or repre sented me in any way. As I understand it neither Mr. Preyer nor Mr. Taylor were delegates or had any connection with the convention. I heard nothing more from him until the receipt of th note requesting the loan, which I considered and treated as a purely person al matter. Others whose names have been mantioned in connection with this matter never received a cent from me or the promise of any pay for political

DRAMATIC SCENE ON THE STUMP. uth Carolina Politician Confesses a Mi take-Senator McLaurin Faints.

Yorkville, S. C., Aug. 13.-The sens. torial campaign meeting here yesterday field made good an offer that if he could not prove that Senator McLaurin had tried to organize a Populist party in South Carolina he would withdraw as a candidate for the United States sen-ate against McLaurin. He said he was now convinced from proof McLaurin had given him that McLaurin largely prevented a Populist organization in South Carolina. He said he had done McLaurin an injustice and would with-

draw from the race.

McLaurin shook his hand and thanked him amid great applause. Governor Evans said McLaurin had invited him to go into the Populist party with him, and this led to a heated discussion McLaurin spoke with much vehemence that he fainted on concluding. He was taken to his hotel and the doctors insist on his resting for a few days. Gov-ernor Evans and Senator McLaurin howed much feeling toward each other.

Two struck the shore near the foot of Willson avenue, while the other two pursued their easterly course down the lake. Kansas City, Aug. 13 .- A special to The Journal from El Paso says: Harold Mosler, of Kansas City, the 15-year-old son of a division superintendent of the Kansas City, Pittsburg and Gulf railroad, left his father's ranch near Cham-berino, in Dona Ana county, N. M., last day evening the boy's horse came in alone and search was made for the youth. His body was found hanging to a cottonwood tree on the main road from Chamberino to his home.

Hehad evidently been dead twenty-four hours. The ground showed that the boy had been "roped" from his horse by mounted men and strung up to the cottonwood. The murder is supposed to have been committed by Mexican neigh-bors of the Moslers, with whom the family have been in trouble over their rancl
