THE building of first-class buttleships by this nation should not cease until every state in the union is represented by one, and there might be a few more besides. Then there should be a hundred or so cruisers and amaller craft besides.

Georgia expects hundreds of thouserop, which is in excellent condition. It will compensate in part for the low cotton values that have ruled, and is another proof of the advantages of diversified crops.

No Trifling With Dewey From Any. The British ships Powerful and Centurion have been ordered to Manila to offset the Germans should it appear that Emperor William intends to interfere with the Americans at any opportunity. The dispatches tell of a significant incident which has just been made public which shows Admiral Dewey's stern spirit and de-termination. Prince Henry, the kaiser's brother, called upon Admiral Dewey to say good-bye when the American fleet left Chinese waters for Manila. Consul Williams and Capt. Gridley were on the quarter deck of the Olympia in conversation with Dewey and the prince. The latter said laughingly to the three, but looking Dewey straight in the eye:

"I will send my ships to Manila to see that you behave."

Dewey's historic jaw closed, but with perfect grace he replied: "I shall be delighted, but permit me to caution your highness to keep your ships from between my guns and

the enemy." The prince saw the point. He will keep out of Dewey's way, and so will his illustrious brother.

Senate's Snowy Purity. pringfield, Mass , Republican,

The horror expressed by the senate when it learned that a lobbyist "nagged" a good share of the approoriation voted to satisfy the claim of book concern of the Methodist church south is one of the richest humors of the day. The way the senators piled upon that poor book concern and jumped on it for committing so outrageous an offense as to "divvy" with a lobbyist passes description. What! Trifle with the honor of the senate! This is certainly a new deal since sugar trust days. When a tariff bill is before the senate, there are no lobbyists about. Ah. no! Our spotless, immaculate senate!
