Gray Hairs Can be Deferred

Premature gray hairs usually are the effect of carelessness. If the scalp is kept free of dandruff and properly nourished and strengthened, gray hairs would be unusual before the age of forty or forty-five. There is no remedy in existence that will restore color to gray hairs, but the

Seven Sutherland Sisters'

Hair Grower and Scalp Cleaner, if applied according to directions contained in each package, will positively delay gray hairs until nature compels their appearance. There are today thousands of American men and women who have revived the fading energies of their hair through the faithful use of this simple and natural remedy. Sold by leading dealers.

LOOKS LIKE A CRIME

The Way the Transport Man-
 aeuers Was Sent to Sea
 Unprovided.

FOUR HUNDRED SOLDIERS ABOARD

Those Lives Were in Peril for Eleven Days of the Voyage to Manila—Ship Short-Handed and Officers Incompetent—Springs a Leak and the Whole Force of Soldiers Has to Pail for Life—Typhoon Encountered.

Manila, Nov. 28, 8:15 p. m.—When the Manauense anchored in Manila bay this morning, thirty-three days from San Francisco, there were several feet of water in her hold and 400 grimy, greasy, hungry, exhausted soldiers and sailors had been passing buckets of water since Nov. 17, night and day. First Assistant Engineer Dunleavy was under arrest, and according to Colonel Webb Hayes' official report—the chief engineer would also have been under arrest if there had been any one to replace him. The colonel's report also declares that the captain of the vessel told him that the only thing which brought them through was the fact that the men were greenhorns and failed to realize their danger, while experienced seamen would have deserted the ship and taken to the boats in mid-ocean.

The Manauense is a chartered ship flying the British flag. She belongs to a firm of which Senator Perkins, of San Francisco, is alleged to be a junior member. She started from San Francisco, accompanied by the transport Pekin, which carried the remainder of the regiment, and encountered heavy seas to Honolulu without accident. After starting it developed that she was undermanned and soldiers had to be detailed to act as firemen, cooks, stewards and waiters and to do other work. Before reaching Honolulu the crew concluded that the ship was not safe and the majority agreed to desert. Though they were closely watched many of the crew succeeded in getting away and the Manauense left Honolulu with less than half her crew.

Soldiers Have to Bail for Life. The captain of the transport on Nov. 17 told Colonel Hayes that the vessel had sprung a leak, and an investigation resulted in finding several feet of water in her hold. The steam pumps were tried but failed to work, and there were no hand pumps on board. However, forty-six buckets were found, others were improvised, and the soldiers not employed in working the ship were organized into five shifts, and stripped and forming lines they began bailing, the officers working with the men, passing the buckets, which were sent up to the deck by a windlass. The longest time a shift could stand was two hours, and often the period was not longer than half an hour. The bailing continued until the ship anchored here.

Electric Light Collapses. The same day the leak was discovered the machinery collapsed, and the electric lighting plant and evaporating, distilling and refrigerating apparatus failed to work. There were no lamps, and the few candles found were exhausted after a few days. During the last week of the passage the Manauense was in utter darkness at night.

IN STILL MORE DEADLY PERIL.

Ship Runs Into a Typhoon and the Engines Stop Working. She had been rolling in heavy seas all the way, but Nov. 22 she encountered a typhoon and pitched and tossed alarmingly. The Pekin became separated from the Manauense in the storm. The water rose rapidly and the bailing force was doubled. But the buckets were gradually smashed and barrels and boxes were scattered for them, the men working in darkness, planks and pieces of iron shafting being violently washed among them. The firemen could only feed the fires by being lifted on the shoulders of the other men through water waist deep.

The typhoon lasted two days and a half, and in the midst of it the engines stopped. The officers then held a council and found that there were 420 persons on board, with food, accommodations for 213. In the meantime the men below, ignorant of their extreme peril, were passing buckets and singing "What the Hell Do We Care" while the ship rolled helplessly on the ocean with hatches closed. The heat was intense until the typhoon passed, and then the Pekin, which had retraced her course about seventy miles, came alongside the Manauense, which was rolling so heavily that soldiers in the hold could at each roll

KIDNEY DISEASE

TWO HORSES' WILD FLIGHT

Farmer's Team Runs Away and Gives an Exhibition of Fence Jumping.

A team of horses hitched to a spring wagon loaded with turkeys belonging to Fred Melow, a Taylor Ridge farmer, broke a strap to which they were tied in front of Hartz & Ulmeyer's drug store and dashed up Twentieth street this morning. At Sixth avenue they ran into a post and left the wagon. The infuriated animals ran across the street, jumped the iron fence surrounding the residence of J. F. Robinson, cleared a second picket fence in the east part of the premises and were nabbed by James Edgar just as they were attempting to climb over a third fence in the extreme end of the yard. Neither horse was seriously hurt, one escaping without a scratch, while the other sustained a gash in the leg. The wagon was slightly damaged.

River Riplets. The stage of the water is stationary at 3:30 at the Rock Island bridge. The temperature at noon was 54.

Capt. John Streckfus retired his steamer, the City of Winona, from the Rock Island and Clinton packet trade today for the season.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren street, New York.

CLOSE COMBINATION FORMED.

Broom Makers of Six States Conclude to Make Prices Higher.

Indianapolis, Nov. 28.—The broom manufacturers of Ohio, Illinois, Indiana, Kentucky, Missouri and Iowa met at the Bates House yesterday and spent the day in consideration of the present condition of their trade. HAD A LITTLE GOLD MINE.

But It Was Illit, and Now He Is Under \$5,000 Bail.

New York, Nov. 28.—David D. Badeau, 42 years old, who has conducted a stamp store at 12 Broadway for the past sixteen months, was arrested by federal officials yesterday, charged with buying and selling washed internal revenue stamps. He was held in \$5,000 bail.

Internal revenue officials allege that he had been buying and selling washed stamps at the rate of \$200 to \$250 per day; that he has cleared about \$20,000 by his transactions, and that the government has lost twice that amount because of them.

Makes Reese's Imprisonment Easier.

Fort Scott, Kan., Nov. 29.—In order to make his term of imprisonment more endurable Judge Williams, of the federal court, has changed the three months' contempt sentence passed upon John P. Reese, member of the national executive board of the United Mine Workers, by ordering him confined in the Shawnee county jail at Topeka, instead of in the federal prison here. This will make it possible for Reese to have a corridor to himself, which would not have been possible at the federal prison here.

Campaign Expenses of Jones.

Columbus, O., Nov. 29.—A special to The Dispatch from Toledo says that Mayor Samuel M. Jones, who was an independent candidate for governor at the recent election, has made a sworn statement of his campaign expenses. He says that the campaign amounted to \$500, which, with \$7,800 accounted for by the secretary of the non-partisan campaign committee, includes every dollar direct or indirectly expended in his campaign.
