SAPHO BY STORMERS

Crude Production of the Famous French Drama at Harper's Theatre.

DIALOGUE IS BADLY MUDDLED

Company Makes a Feeble Attempt --Some Coming Shows.

Oiga Netherlands would have received some valuable suggestions had she witnessed the production of "Sapho" at Harper's theatre last night. The announcements were to the effect that the play would be interpreted by a "clever company." The company may be clever, but not as actors of the characters in this drama. There were no programs, therefore the audience was left in the dark as to identity of the cast, but it is not believed there was any disappointment on this score, unless, perhaps, there were some who would have liked to file the names for reference. It is understood, however, the company is a repertoire organization that makes week stands, and put "Sapho" on trial before a Rock Island audience, intending to include it in its repertoire if it "went." For once the great majority of Sunday night theatre-goers refused to be hoodwinked, and the result was a small audience. The dialogue of the play was annihilated and the situations contorted. It was apparently a tedious effort on the part of the players, and a painful ordeal to the audience. Even Jean was not properly rehearsed in carrying Fannie. He picked her up as though she was so much ice. There was an attempt to entertain with singing specialties. These were fierce.

Other Attractions.
The attraction at Harper's theatre tonight is Oliver Scott's big minstrel, a combination of genuine colored performers, which is made up of popular features, and features that please the masses. Mr. Scott, with his usual good judgment, announces he has not only selected first-class talent, but has introduced a great variety of material of a novel and original character, and arranged the program in an admirable manner. There is plenty of dancing, much popular music, both vocal and instrumental, and many other features calculated to please; high-class specialties, beautiful marches, etc.

A theatre party of Sunday school teachers is rather an unusual spectacle, and to think that they went to the play house with their eyes wide open and with the consent and approval of their minister, would probably shock some people, but such a party was actually organized, and there were fully 50 members, and they all went to see that great and beautiful home play, "Shore Acres," during its late run at the Boston theatre. They didn't sneak in but came openly, and one and all said they were glad they came and believed that such plays as "Shore Acres" could not fail to do a great deal of good. "Shore Acres" is not a religious play nor yet a sermon, but it makes a strong appeal to you through its simplicity and originality, and when the final curtain falls you feel that your evening at the play house has not been wasted or frittered away. Arrangements for the production of James A. Herne's famous comedy-drama have been made at the Curtis for next Wednesday evening. The celebrated military band of the 48th Highlanders, which is to appear in full kilted regiments at Harper's theatre Dec 5, afternoon and night, is recognized as the best musical organization in Canada. Its success is greatly due to the ability and faithfulness of John Slatter, bandmaster. It is worthy of mention that within six months of his taking charge of the band it entered the great band tournament held at Hamilton in August, 1898, and won first prize for general excellence in playing military band music. While the band is unquestionably in the first rank in general excellence, it has no equal in true interpretation of Scottish music. Mr. Slatter has had a varied experience during his musical career; and, besides being a composer and arranger of merit, he is one of the finest instrumentalists in the country. He served with distinction in Her Majesty's 1st Life Guards band, London, England, as a soloist, also in the 7th fusiliers of Great Britain.

Paid Dear for His Leg.
B. D. Blanton, of Thackerville, Tex., in two years paid over \$300 to doctors to cure a running sore on his leg. Then they wanted to cut it off, but he cured it with one box of Bucklen's Arnica Salve. Guaranteed cure for Piles. 25 cents a box. Sold by Hartz & Ullemeyer, druggists.

Goshen, Ill., Genesee Pure Food company, Le Roy, N. Y. Dear Sirs: Some days since a package of your Grain-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it as a substitute for coffee. We have always used the best Java and Mocha in our family but I am free to say I like the Grain-O as well as the best coffee I ever drank. Respectfully yours,
A. C. JACKSON, M. D.

ANDREWS SELLS HIS PAPER.

Kewanee Legislator to Devote Himself to the Law.

J. H. Andrews, of Kewanee, elected to the legislature on the democratic ticket after a pyrotechnic contest, is to abandon the newspaper profession, which he has been following off and on for some years, and devote himself to the study of law, in which he is already pretty well versed, having digested Blackstone from "kiver to kiver" after he completed his collegiate course. Mr. Andrews launched the Genesee Daily News. He sold it and then started the Kewanee Verdict in partnership with E. A. Whitney. The Verdict now passes to the hands of H. L. Throop, of Mt. Pleasant, Iowa.

LOUDERBACK TO LEAVE HIS LONDON POSITION.

The following cablegram from London, appearing in today's Chicago Record, is of interest in Rock Island, where Mr. Louderback for several years was interested in street railway lines:
"D. H. Louderback, of Chicago, who was sent to London to build and operate the Charing Cross, Euston & Hampstead underground railway, called Charles T. Yerkes his resignation today. The serious illness of his wife has led Mr. Louderback to ask for the immediate appointment of his successor, as he desires to return to the United States as soon as possible."
"In an interview he said: 'Mrs. Louderback has been an invalid ever since we arrived in England, and our physicians state that she cannot live in this climate. I shall leave the work here with deep regret, as its opportunities are fascinating. I am anxious, however, that the real reason of my return should be made public, as there are those who are ready to draw invidious conclusions. I expect to let the most important contracts for the construction of the road before I leave, which, I hope, will be within a week or 10 days.'

"The Record correspondent is informed that since he came to London in November Mr. Louderback has been offered the chairmanship of another local underground railway at a salary of \$20,000 a year, and with the privilege of retaining his position at the head of the Yerkes company."

Logging Season.
The tons of logs which left the port of Stillwater during the summer of 1900 fell short of the number of the preceding year for the reason that there was a shortage of about 10,000,000 feet of logs, says the Stillwater Gazette. But the raft boats that made this port towed a considerable number of Mississippi river logs from Prescott to points down the Mississippi. Taking these tons into consideration the aggregate is somewhat greater than during the season of 1899.

The following are the shipments of rats and their destination: Winona 45, Rock Island 42, Dubuque 33, Red Wing 21, Guttenberg 5, Bellevue 5, Lyons 1, Moline 3, Davenport 10, Muscatine 27, Burlington 4, Fort Madison 15, Keokuk 15, Quincy 8, Hannibal 7, St. Louis 3. Navigation continued 209 days, the first boat leaving April 18, and the last one laying up Nov. 12.

The Best Plaster.
A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by all druggists.

Chronic Rheumatism Cured.
Dr. H. B. Hettinger, Indianapolis, Ind., says: "For several months after spraining my ankle I was severely afflicted with rheumatism. I finally tried Betchon's Mystic Cure for Rheumatism, and in four days could walk without my cane; two bottles cured me sound and well. I take great pleasure in recommending the Mystic Cure to all who are afflicted with rheumatism." Sold by Otto Grotjan, 1501 Second avenue, Rock Island; Gustave Schlegel & Son, 220 West Second street, Davenport.

Experience Versus Arithmetic.
Teacher—Johnny may stand up to recite. Now, Johnny, suppose I borrow \$50 from your father and agree to pay \$5 a week, how long will it be before he gets his money?
Johnny—Just one week.
Teacher—Oh, think again; that's not right!
Johnny—Yes, it is. I know my father. He'd have you up in the courts by that time.—New York World.

It Looked Suspicious.
"Isn't your neighbor Blinkinoff a drinking man?"
"I wouldn't like to give an expert opinion on the subject. I'll admit, however, that I saw him the other night trying to drive a spigot into an ash barrel, thinking that it was cider."
—Cleveland Plain Dealer.

PASTORATE BEGINS.

Rev. William Torrance Assumes Charge at the Central Presbyterian Church.

CONDUCTS YESTERDAY'S SERVICES

Pleasing and Instructive Discourses Heard by Large Congregations.

Rev. William Torrance yesterday conducted his first services as regular pastor of the Central Presbyterian church. He was greeted by large congregations morning and evening, and the impression made by his sermons was altogether favorable. They were forceful, instructive and interesting, and the membership of the church deserves congratulation upon its choice of a pastor.

The subject of the morning discourse was "An Old Time Conversation Upon the Fundamental Principles of Religion," and under this caption Rev. Torrance preached a sermon broad in its foundation and well adapted as a preamble to his work here.

At the conclusion of the services the minister personally met and conversed with members of his congregation, laying the basis for enduring friendship.

The evening subject was "The Jailor and His Prisoner." The text was taken from the 25th verse of the 16th chapter of Acts: "And at midnight Paul and Silas prayed and sang praises unto God; and the prisoners heard them." The minister drew a picture of Paul and Silas as they lay in prison, where they had been cast because they had crossed the path of an avaricious slave owner, with their feet fast in stocks, but with their hearts filled with praise and their voices rising to heaven in song. For they were conscious of a just cause. Paul was often in prison, but his imprisonment was a persecution, and therefore an evidence of his activity in the cause of Christ. As their praise welled up to heaven, aid came to them, their shackles were broken and they stood forth free. Their jailers, seeing the miracle wrought by their faith, fell at their feet and became followers of Christ.

Reward of Faith.
Theirs, said the minister, is ever the reward of true faith. An example of cheerful faith yields an irresistible power to bring men to the true life. Faith brings us in touch with Jesus, and having established that connection, our duty ends. Jesus will lift our load.

A MOTOR CYCLE IN TOWN.

One on Exhibition on Rock Island Streets Sunday.

The first motor cycle in Rock Island arrived yesterday and was given a trial through the streets of the city much to the curiosity of the people who witnessed it.

In style and appearance it much resembled a 3-wheel bicycle which is more properly termed a tri-cycle. It was ridden about town by a representative of the manufacturers. It is propelled by gasoline and is operated at an estimated cost of one-third of a cent per mile. Its speed ranges from 15 to 25 miles an hour and it is capable of climbing with ease hills with a 20 per cent grade. The retail price of the motor cycle is \$350.

The engine, which is very small and compact, is the 4-cycle type, driven by rapid explosions of compressed gasoline vapor and air properly mixed. The operation may be described as follows:

The first downward stroke of the piston draws into the cylinder a mixture of air and vapor. The return stroke compresses the gas. When the piston reaches the top of the cylinder an electric spark ignites the gas and drives the piston down with great force. The second return stroke expels the burnt gas. The next stroke draws in another mixture, the return stroke compresses it, etc. The engine is put in motion by one revolution of the pedals, which is all that is necessary to give a sufficient number of explosions to get the tri-cycle under way.

Just Saved His Life.
It was a thrilling escape that Charles Davis, of Bowerston, O., lately had from a frightful death. For two years a severe lung trouble constantly grew worse until it seemed he must die of consumption. Then he began to use Dr. King's New Discovery and lately wrote: "It gave instant relief and effected a permanent cure." Such wonderful cures have for 25 years proven its power to cure all throat, chest and lung troubles. Price 50 cents and \$1. Every bottle guaranteed. Trial bottles free at Hartz & Ullemeyer's drug store.

If you have ever seen a child in the agony of croup you can realize how grateful mothers are for One Minute Cough cure, which gives relief as soon as it is administered. It quickly cures coughs, colds and all throat and lung troubles. B. H. Beber, Hartz & Ullemeyer.
