TAKES A DEPARTURE

Andalusia Township resting
With School Consolidation
Proposition.

THREE DISTRICTS TO FORM ONE

Action at a Well Attended Meet-
ing at Town Hall Sat-
urday Night.While there is much situation
throughout the state of Illinois
the question of township central
schools and a bill is being framed
to the next legislature providing
for their establishment, the school-
ship of Andalusia proposes to
take the bull by the horns and give
practical example of what can be
done under existing laws.A mass meeting was held at the
town hall Saturday night to learn
the sentiment of the citizens of the
township in regard to abandoning the
country school houses and reserving
the town into one large district with
the village school house as the single
seat of learning. The meeting, which
was very largely attended, organized
by electing J. G. Britton president
and R. W. Brookman secretary. The
general feeling, as expressed by a
dozen or more speakers, was without
exception in favor of the proposed
change. In discussing means by
which the three districts could be
merged into one, it was pointed out
that the method now used in trans-
ferring individual families from one
district to another by petition could
be applied to whole communities.
The main disadvantage to this plan
lies in the fact that unanimous con-
sent seems to be necessary, while
under a special law a given majority
would be sufficient.

Committee Appointed.

A committee composed of Ira Ba-
furn, J. G. Britton and John Carlson
was appointed and instructed to com-
municate with State Superintendent
Bayless and County Superintendent
Ferguson in regard to the proposed
change. The meeting then adjourned
till Jan. 9.Conditions are peculiarly favorable
to the establishment of a central
school in Andalusia township. That
division of the county is only about
three miles wide and the village of
Andalusia is centrally located, with a
school building large enough to ac-
commodate all three districts. Thus,
no immediate expense would be in-
curred by the adoption of the
new system. Besides, the school
buildings now in use in the other
districts are about ready to tumble
down from the weight of years,
and under the present arrange-
ments will have to be rebuilt soon.
So a change at this time will mean a
positive saving in building expenses.Of course it will be necessary to
provide transportation to and from
school for most of the country chil-
dren, but here again the topography
of the township is favorable. None of
the pupils will have to be brought over
three miles, and one back from each
end of the township will be sufficient.
It is thought the amount saved in
doing away with the operating ex-
penses of the country schools will be
more than sufficient to pay for the
transportation of the children.

Advantage of Central School.

Township central schools have
proven their superiority in other
states, and people are just beginning
to awaken to the advantages of their
introduction here. In the past the
general impression has prevailed that
private laws could scarcely be applied
to their introduction and mainte-
nance. Therefore, this progressive
move on the part of Andalusia town-
ship will be watched with interest by
other towns in this vicinity, and if
successful, will undoubtedly be quick-
ly followed, whether the next legisla-
ture takes any action on the question
or not.Pepsin preparations often fail to re-
lieve indigestion because they can di-
gest only albuminous foods. There is
one preparation that digests all classes
of food, and that is Kodol Dyspepsia
Cure. It cures the worst cases of in-
digestion and gives instant relief, for
it digests what you eat. B. H. Bieber

LARGE CONGREGATIONS

HEAR MISS ANNA DOWNEY.

The revival meetings at the First
Baptist church began yesterday in a
very auspicious manner. A large
audience was present at the morning
service. Miss Anna Downey, the
evangelist, preaching on "Spiritual
Power." At the close of her sermon
she asked all those who were anxious
to have power for religious work to
come to the front of the church. It
seemed as if the entire congregation
responded to the invitation. The
space around the pulpit and the aisles
were quickly filled and then all knelt
while Pastor Simons commended them
to God in prayer.The women's meeting in the after-
noon was of great interest. Miss
Downey pressed home the physical,
intellectual and moral needs of the
unfavored people and urged each lady
to make a list of five families whom
she would try to help to a better and
more profitable life during this year.The auditorium of the church was
thronged at the evening service. Miss
Downey preached a sermon of great
power on "God's Love for Man and
Man's Need of God." A large number
remained for the after-meeting and
even seekers professed faith in
Christ.Miss Downey more than fulfills the
expectations of many of the members
of the church, who had been anxiously
awaiting her coming. She preaches
entirely without notes and is never at
a loss for the right word. Miss Downey
has a voice of great clearness and
flexibility; her gestures are easy and
graceful. The ordinance of baptism
was administered at the evening ser-
vice.

Old People Made Young.

G. Sherman, the veteran editor
of the Vermontville (Mich.) Echo, has
discovered the remarkable secret of
keeping old people young. For years
he has avoided nervousness, sleep-
lessness, indigestion, heart trouble,
constipation and rheumatism, by
using Electric Bitters, and he writes:
"It can't be praised too highly. It
gently stimulates the kidneys, tones
the stomach, aids digestion, and gives
a splendid appetite. It has worked
wonders for my wife and me. It's a
marvelous remedy for old people's
complaints." Only 50 cents at Hartz
& Ullemeyer's drug store.

Warning.

Cheap substitutes of Foley's Honey
and Tar are being forced on the pub-
lic by some druggists of the tri-cities.
The principal ingredient of these sub-
stitutes is molasses. A druggist who
would offer this cheap stuff to his
customers in lieu of Foley's Honey
and Tar can not be trusted. Do not
allow druggists to impose on you,
who for a little extra profit will en-
danger your health by offering you
cheap substitutes for Foley's Honey
and Tar. FOLEY & CO., Chicago.Let me say I have used Ely's Cream

HAVE GAMING FEVER

Residents of Several Rural Towns
Said to Be Dealing Reckless-
ly With Pastboards.

GRAND JURY MAY INVESTIGATE

Indignant Wives Register a
Complaint With the
Authorities.One of the most pungent matters it
is expected the present grand jury
will be called upon to probe into is
the practice of gambling in a small
way that is being pretty generally fol-
lowed in the smaller towns in the
county. While there has always been
more or less poker played in the out-
lying villages, it appears that the
present winter has witnessed an
alarming growth in the number and
the openness with which the games
are conducted.Farmers, who have little to do dur-
ing the winter months, congregate at
some spot where gambling is followed
with more or less secrecy, and there
frequently remain till well along in
the morning hours. Meanwhile, the
horses, which are tied some place
down the street, paw holes in the
ground and the wives and children at
home do up the evening chores and
wait in vain for "dad's" return.Families Broken up.
In one place it is reported that two
families were broken up during the
past week by this sort of thing, and
the indignant wives communicated
by telephone with the state's attor-
ney. Now, several gentlemen are
wearing an expression of stimulated
cheerfulness, and the party who owns
the home which has been the scene of
the midnight seances is spending his
time industriously trying to make his
peace with the powers that be.It is intimated that an investiga-
tion by the grand jury will be apt to
reveal the unexpected, and a number
of pious persons may have some ex-
planations to make.As showing the thorough-going
depravity of the male citizens of an-
other community, the statement of a
virtuous townsman is quoted. He
said: "There are only two men in this
here town that don't play poker.
That's Preacher—and me."

FERRY IS TO RUN FASTER.

Important Improvements Being Made on
the Augusta.The ferry Augusta will blossom out
next spring better than new, say those
who are engaged in making improve-
ments on her at the Kahle boat
yard in the west end of the city. Two
new boilers 42 inches in diam-
eter and 18 feet long are being installed,
each having 21 1/2-inch flues. The
boat will also be equipped with a new
pair of cylinders and the boiler pump
will be rebuilt. These improvements
are with a view to increasing the
Augusta's speed. During the past
season she made 15-minute trips, but
it is planned to cut the time next
summer five minutes. The boat will
be repainted throughout.

New Club Directors.

The election at the Rock Island Club
for four directors Saturday afternoon
resulted in the choosing of Phil
Mitchell, Dr. C. C. Carter, W. A. Ro-
senfield and H. E. Curtis. The retir-
ing directors are F. W. Bahnsen, A.
C. Dart, Dr. G. L. Eyster and G. A.
Price. The regular club membership
meeting will be held tomorrow night
when it is supposed the new board
of directors will also meet and elect
officers for the year.

The Mother's Favorite.

Chamberlain's Cough Remedy is the
mother's favorite. It is pleasant and
safe for children to take and always
cures. It is intended especially for
coughs, colds, croup and whooping
cough, and is the best medicine made
for these diseases. There is not the
least danger in giving it to children.
It contains no opium or other in-
jurious drug and may be given as
confidently to a babe as to an adult.
For sale by all druggists.All druggists guarantee every bot-
tle of Chamberlain's Cough Remedy
and will refund the money to anyone
who is not satisfied after using two
bottles of the contents. This is the
best remedy in the world for la-
grippe, coughs, colds, croup and
whooping cough and is pleasant and
safe to take. It prevents any ten-
dency of a cold to result in pneumo-
nia.

Lingering La Grippe Cough.

G. Vacher, 157 Osgood street, Chi-
cago, says: "My wife had a very se-
vere case of la grippe, and it left her
with a very bad cough. She tried a
bottle of Foley's Honey and Tar and it
gave immediate relief. A 50-cent bot-
tle cured her cough entirely." Price
25 cents and 50 cents. All druggists.

RECEPTION TO THE PUBLIC.

Lightning Medicine Company Keeps Open
House in Industrial Home.Many availed themselves of the in-
vitation of the Lightning Medicine
company to attend the formal opening
of the plant in the Industrial Home
building Saturday evening. All found
ample evidence to convince them that
the gentlemen who compose the firm
are thoroughly progressive in every
respect and that they are pushing a
business which is bound to contribute
in no small degree to the city's grow-
ing prestige.As the visitors entered the offices at
the front of the building they were
greeted by members of the firm.
Later they were offered samples of
Mull's Grape Tonic, one of the fore-
most remedies manufactured, and
each was given an appropriate souve-
nir. The number of people who in-
spected the plant during the course of
the evening attests the interest and
friendly feeling the citizens of Rock
Island have for the new concern.
Hereafter the doors will not be open
to the public.

ABOUT THE THEATRE.

"Richard, the Lion Hearted," the
new romantic drama which will be
presented at Harper's theatre tonight
by Robert Downing and his company,
has received most favorable criticism
at the hands of the eastern and south-
ern press. The play, although taken
partly from history, has been so con-
structed as to open to the public a
part of the life of a heretofore
malignant king. His crusades into
the Holy Land, his courtship and be-
trual to the Princess Berengaria, of
Navarre, her timely rescue of her
royal fiancée and many other stirring
events, make one of the most pleasing
dramas ever offered to the public.Of Mr. Downing's work little can be
said, his reputation as a romantic
actor and star being too well known
to dilate upon. He has been most
successful in procuring a strong sup-
porting company, and especially so
in securing the services of Miss Al-
berta Converse as his leading lady.
She is a talented and beautiful young
woman, who is said to possess a mag-
netic personality not seen since the
days of Mary Anderson. Charles D.
Herman, for five years leading man
with Frederick Warde, occupies the
same position with Mr. Downing this
season. Others in the company,
which numbers 20 people, are Lillian
Kingsbury, William Somers, Minnie
Lindley and others.The charming comedy drama, "Uncle
Josh Spruceby," will be presented
at Harper's theatre for one night
Thursday, Jan. 10. It has made a
very fine impression in all the New
England cities this season and no
doubt will be a big drawing card here.
A large company and a carload of
special scenery and mechanical effects
are necessary and used in the produc-
tion. Many new and novel specialties
are introduced. The company carries
its own orchestra of 12 soloists
which is one of the features. Prices
10, 20, 30 and 50 cents.A welcome announcement for our
theatregoers is that Charles Froh-
man's production of the famous play
of "The Little Minister" will be seen
at the Burtis for one night, Thursday
evening, Jan. 10. The engagement
will undoubtedly prove to be one of
the big events of the season, and the
audience is sure to be extremely
large. The great success achieved by
this famous comedy is well known
and every one is desirous of seeing
the play. Its presentation here, we
are promised, will be complete in
every way. The company that is to
be seen is known to be a most excel-
lent one, and specially selected by
Charles Frohman to present the play."Miss Hobbs" comes heralded as
one of New York's greatest successes,
and those who have had the good for-
tune to see this play can easily tell
why this comedy has created such a
favorable impression on the theatre-
going public. Miss Hobbs is a young
woman who might be made abstrusely
"new." She is a girl with a "mis-
sion," that thing of masculine terror
which bears about the same relation
to modern society as the Gorgon did
in mythological days. Miss Hobbs'
avowed and particular object in life is
to impress upon her women friends
the tyranny of man and the slavery of
marriage. She disrupts the house-
hold of the Kingsears, a newly mar-
ried couple, breaks an engagement be-
tween another pair, and makes herself
altogether thoroughly hated by the
men concerned. But eventually Miss
Hobbs discovers that her opinions are
not so firmly rooted after all, and
when the right man comes along she
decides that she is a goose and admits
her surrender by kissing her conquer-
or before everybody. "Miss Hobbs"
will hold the boards at the Burtis
opera house Wednesday evening.In Olden Times
People overlooked the importance
of permanently beneficial effects and
were satisfied with transient action;
but now that it is generally known
that Syrup of Figs will permanently
overcome habitual constipation, well
informed people will not buy other
laxatives, which act for a time, but
finally injure the system. Buy the
