WASHINGTON'S BIRTH

Anniversary Made the Occasion of Various Fitting Observances.

EXERCISES IN PUBLIC SCHOOLS.

Programs and Decorations Which Marked the Day in the Different Buildings.

Today is being observed in various ways as the birthday of the father of his country. As it is a legal holiday the banks and the county offices are closed. There was but one delivery of mail and the postoffice was closed after 10 o'clock. Flags on public buildings give evidence of the patriotic sentiment of the day.

The public schools, in accordance with a suggestion made by Supt. Hayden, over a month ago, combined the exercises in commemoration of the birthdays of Washington and Lincoln, holding them this afternoon. All schools but the high school participated, the latter for obvious reasons, not being in a position to do so. In most of the schools the exercises began at 2 o'clock and lasted about an hour and a half. The aim in each case was rather to teach patriotism and to impress upon the pupils those qualities that made Washington and Lincoln famous and loved by the people, rather than to make a public exhibition.

The principal in each building was left to arrange the manner of celebrating the occasion and in most cases the teachers of the various rooms looked after the details.

Following is the general character of the exercises in the different schools:

Hawthorne School—L. C. Daugherty, principal. Eighth grade pupils prepared answers to 40 questions covering the biography of Washington. Recitations and songs appropriate to the occasion were given in the different rooms, and each room was decorated with flags and pictures. In the primary rooms each pupil performed a part.

Washington School Exercises. Washington School—Miss Emily Freeman, principal. A patriotic program consisting of readings, recitations and songs was given in the corridor. The interior of the building was tastefully decorated with the stars and stripes.

Kemble School—Mrs. L. M. Copp, principal. The first and second primary rooms had exercises together, and the other grades had separate exercises consisting of songs, readings, talks and recitations. The decorations consisted of flags and pictures of Washington.

At Lincoln Building. Lincoln School—Miss Mary Platt, principal. All rooms were decorated with flags, pictures and bunting. There were songs, readings, recitations and quotations in each room, every child in the primary grade having a part to perform.

Eugene Field School—Miss Sarah Johnston, principal. The rooms were decorated with flags, bunting, pictures and drawings on the blackboards, and there were appropriate programs by the pupils of the different grades.

Irving School—Miss Annie Kirkpatrick, principal. The exercises were held in the hall, which was decorated with plants, flags and colors. The writing and drawing of pupils was exhibited. The program was an interesting one, including recitations, songs, instrumental music and a flag drill by girls of the seventh grade.

Longfellow School—Mrs. Ida W. Landy, principal. The rooms were prettily decorated and separate programs given, consisting of patriotic songs, selections and the making of souvenirs. In the primary rooms the pupils cut hatchets from drawing paper and decorated them with bunches of cherries painted in water colors.

Horace Mann School—Miss Edith Nottsker, principal. There were decorations in the different rooms and appropriate programs by the pupils.

The Grant School.

Grant School—Miss Dora E. Newton, principal. The rooms were decorated with patriotic pictures and emblems. The reading, language and drawing lessons were planned with reference to affairs pertaining to the life of Washington. The first and second grades united in a short exercise, while the other grades had separate programs. At the conclusion all pupils assembled on the stairs and closed the day with patriotic songs.

Washington Social.

The Washington social given at the residence of Mrs. J. F. Robinson on Twentieth street and Sixth avenue by the Epworth League last night proved a decided success. Miss Kneutson managed the affair and everything went off nicely. W. W. Sample took the part of George Washington, Miss Stone that of Martha Washington, and were highly praised and complimented on their make-ups. A number of tableaux were given, the most striking being that of "The Birth of the Flag" by Mr. Sample and two others. Light refreshments were served. About one hundred people were present, many in colonial costumes.

CITY WINS STARKEY CASE.

Supreme Court Reverses Lower Courts in Damage Suit.

The city has won a victory in the supreme court in the final disposition of the Starkey damage suit, the verdict of \$6,500 awarded in the Rock Island county circuit court and sustained in the appellate court having been set aside. Mrs. Belle Starkey, it will be remembered, sued the city for \$25,000 for injuries alleged to have been sustained in a fall on east Fifth avenue. On the first trial of the case, in which it was hard fought on both sides, City Attorney C. B. Marshall succeeded in securing a disagreement, the plaintiff being represented by Jackson & Hurst and Rickett & Crocker, the latter firm of Cedar Rapids.

On the trial, Mr. Marshall having in the meantime retired from the office of city attorney, the city engaged the firm of Searle & Marshall to conduct the defense in association with City Attorney J. K. Scott. The trial resulted in a verdict for \$6,500 for Mrs. Starkey. The city carried the proceeding to the appellate court where the verdict was sustained. The city then appealed to the supreme court, with the result announced above.

E. P. Lynch, in former years a resident of the three cities, and connected with the Eagle Manufacturing company of those days, is in Davenport for a short visit. Mr. Lynch has been in California for some time past.

A PROMISING BOY TAKEN

Mr. and Mrs. F. B. Heffner Bereaved of Their Only Child.

Francis, the only child of Mr. and Mrs. Frank B. Heffner, died at 5:50 this morning at the family residence, 743 Twenty-second street, of spinal meningitis, aged 9 years and 13 days. About three weeks ago the child was taken ill with typhoid fever and was thought to be recovering nicely when, a few days ago he suffered a relapse and the spinal disease set in.

Francis was a lovable child, bright and full of promise, and his death is a sad blow to the parents who have the sympathy of the entire community.

The remains of Dr. John E. Stevenson were laid to rest at Oakdale cemetery at Davenport yesterday afternoon. Services were held at 2:30 at the residence of John S. Streeter, 925 Twenty-second street, Rev. C. O. McCulloch delivering the funeral sermon. At Davenport the remains were taken in charge by Davenport lodge No. 37, A. F. and A. M., of which the deceased was a member. The pallbearers were all Masons from Davenport, W. H. Fidler, M. Bunker, C. Reid, J. Annabel, J. Scholer and C. E. Harrison acting in that capacity.

The funeral of Mrs. Lucinda E. Bickmore, whose remains arrived here for burial from Pennsylvania yesterday, was held at 10 o'clock this morning from Knox's undertaking parlors. Rev. J. L. Palmer conducted services and interment was made at Chippewa. The pallbearers were Alex. Medill, G. H. Honens, R. B. Olmsted, George Lukens, J. H. Cleland and Alex. Owens.

THE FAIR OPENS FAIR

Laborers' Annual Winter Exposition Starts With Bright Prospects.

THE ARRANGEMENT OF THE HALL

Dancing and Stage Features Chief Attractions This Year.

The annual fair given by the Industrial Home association opened last evening at the rink, and was well patronized. The feature of the evening was a free dance, Bleuer's full orchestra furnishing the music. The floor was in fine condition and a large number of couples were present to enjoy themselves.

The interior arrangement of the rink adapts itself most admirably for the purposes of the fair. The space for the exhibits has been limited to the raised portion outside of the floor and has all been taken. Some of the exhibitors have been slow in arranging their displays, but this will all be remedied today and tomorrow. The decorations are in keeping with the character and magnitude of the fair.

The Stage Features.

The stage and band stand have been erected at the west end of the hall. The latter is very commodious and is fitted up with all the necessary stage attachments. There is a curtain elaborately decorated by Promoter Charles G. Imhof, arranged with a roller to be raised in real stage fashion. Mr. Imhof has also painted appropriate scenery and arranged a row of footlights. On either side of the stage are large dressing rooms. At the east end of the hall is the candy booth, where the ladies dispense toothsome sweets. In the southeast corner are the games of chance, etc., while in the northeast corner is the wet goods dispensary.

Dancing Every Night.

Dancing will be a feature of every evening's entertainment and will be taken up immediately after the conclusion of each night's performance. Beginning at 8 o'clock each evening there will be a good stage performance lasting an hour. The talent for these features will be the best obtainable, and the greater part for the two weeks of the fair has already been engaged.

Tonight the specialties will be provided by Rogers and Finley, of Davenport, the former being the world's champion buck and wing dancer; B. F. Imhof, the trick cyclist, and Charles G. Imhof and Herman Juhl will also appear, the latter in their parts as knock about artists.

H. D. Corkin, treasurer of the Industrial Home association, desires that all bills against the organization be turned in at once so that prompt settlement may be made.

TWO OVERCOATS STOLEN.

Thief Takes Them to Moline, But Is Arrested.

A stranger giving the name of Steve Kelly is supposed to have been an unbidden guest last night in a hallway in the Murphy flats on Twenty-third street. Being an early riser, he got up before the other occupants of the building and made away with a couple of overcoats and a cap belonging to roomers. When the theft was made known to the police, Moline was notified and in a short time the police there reported they had a man with coats answering the description of the ones missing. The garments were later identified by the owners and the thief brought to this city. At a hearing this afternoon he was held in \$300 bonds.

Danger of Colds and La Grippe.

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for diseases we've yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

Many School Children Are Sickly.

Mother Gray's Sweet Powders for children, used by Mother Gray, a nurse in Children's home, New York, break up colds in 24 hours, cure feverishness, headache, stomach troubles, teething disorders, move and regulate the bowels and destroy worms. Mrs. Emily Maroon, Meriden, Conn., says: "It is the best medicine in the world for children when feverish and complaining." Sold by all druggists or by mail, 25 cents. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

Recent experiments show that all classes of foods may be completely digested by a preparation called Kedol Dyspepsia Cure, which absolutely digests what you eat. As it is the only combination of all the natural digestants ever devised, the demand for it has become enormous. B. H. Bieber and Hartz & Ulmeyer.
