## MANY CHANGES MADE

Resignations Numerous Among Rock Island's Illinois Division Employees.

J. S. SMITH NEW FOREMAN HERE

Office Forces Talking of Organizing to Protest Against Wage Reductions.

The appointment of F. O. Melcher, superintendent of the Illinois division of the Rock Island, as successor to C. L. Nichols is being followed by the inevitable changes among the employees on the division. These are nearly all the foremen, who resign in some cases because they do not like changes that are being made in the enforcement of the rules and in others because they are asked to. Supt. Melcher says that no employee who does his duty and obeys the rules will be asked to give up his position. Incident to the changes occasioned is being taken to tighten up in the regulations under which men are admitted to the service. The new men are being subjected to rigid physical and mental scrutiny and in many cases the old employees are being recommended and where wanting are being displaced.

Stories come from Chicago of cuts being made in the salaries of clerks and reductions made in the forces in order to effect a lowering of expenses. This appears to be common on all lines and is leading to talk of forming an organization among the office men for the protection of their interests.

### Nearing Completion.

The new office building at the Fifth avenue station is getting far enough along so that plans are being made to take possession of the upper floors in a week or such a matter. The trainmaster's dispatchers' and operators' forces will be removed into it and the yardmaster's office will be changed across the tracks to near the roundhouse. A frame building that was formerly used as the master mechanic's office is being fitted up for this purpose. It is being placed on a foundation just west of the roundhouse, where it was formerly located. Recently it has been used as headquarters for the car repairers and was located east of the roundhouse.

Since the completion of the paving and laying out of the walks at the Fifth avenue depot the people have showed a decided preference for walking on the grass rather than upon the gracefully curved walks. Everyone is used to walking where he pleases in that neighborhood and little regard has been paid to the sod freshly laid with so much care after being brought from some fifty miles up the line. The result is that it has been thought advisable to put in extra walks cutting the corners and a gang of men is at work at this now.

J. S. Smith is the new roundhouse foreman, who has been appointed to succeed Claude Arnold, resigned. Mr. Smith is a railroad man of considerable experience. He was lately employed at Kansas City. The complication of records recently introduced on the system, together with the growth of activity locally, have rendered it necessary to provide additional callers at the roundhouse. David Fitzgerald, who has been on duty nights, will be given a day job and Rollin Schill and Harry Rogers go on nights.

### Heard Along Line.

George F. Wilson, superintendent of motive power on the Rock Island, passed through the city yesterday, making a short stop here.

Engineer C. O'Brien, who was injured in a fall from his engine in Davenport early in the week, is recovering and will be back on duty in a few days.

Engineer J. Sheehan is sick. Engineers H. Seeley and B. Hogan have been sent here from Chicago to do extra duty on switch engines.

Engineer Hague has been transferred here from Peoria to run on the "half and half."

Engineer Strayer has been given the night turn on the engine that helps the trains over the hill north of Davenport. Fireman Rosenkranz is here from Blue Island to run on this engine days.

Engineer A. Hotchkiss is sick and Tom Dunn is running the 2003 in his place. Fireman Kofer is on the same engine.

Engineer W. Johnston has gone to Chicago to attend to private affairs.

Engineer Joe McQuaid has been in Peoria looking after Brotherhood matters.

Engineer Sprague is sick and Tom Slattery is running the 462.

Fireman J. Johnson has been assigned to the 461 and Fireman J. Knox has been transferred to Peoria.
