

BROADWAY HAS ANNUAL MEETING

Two Hundred and Sixty Members of Congregation Hear Reports of the Work.

LADIES SERVE A SUPPER

Officers Re-elected for Another Year—Graham Lee, Missionary, Returning Home.

Last evening 260 members of the congregation of Broadway Presbyterian church assembled in the Sunday school rooms in annual meeting. A fine supper was served by the ladies of the church. Tables were arranged in the lower Sunday school rooms and those who attended were seated according to initial of their last name. After the supper Dr. W. S. Marquis called the meeting to order.

Dr. J. W. Stewart was chosen as chairman and A. D. Sperry as secretary. Reports were submitted by the presidents and superintendents of all separate organizations within the church and South Park chapel. All the reports showed that splendid work was being done. R. C. Smedley, secretary of the Y. M. C. A., was called upon for a report from his organization, showing the work done by members of Broadway in the association. His report indicated that Broadway was doing a little more than the average. The report of the church treasurer, Joseph McCrory, showed that for benevolences, such as home and foreign missions and allied causes, the congregation had contributed \$9,679 during the year and that \$6,269 had been given for the support of the church work, including the salaries of the pastor and his assistant. The reports from South Park indicated that exceptionally splendid work was being done by the small congregation of the chapel. Every organization showed splendid growth and that all branches of the church work were being supported.

Elders and Trustees Re-elected.
The terms of three of the elders, S. D. Cleland, William Parks and Dr. A. H. McCandless, ended this year. All were unanimously re-elected. The terms of three trustees, Major C. W. Hawes, Joseph McCrory and William Parks, also expired, and all were unanimously re-elected.

A new pledge system was adopted to be used for the mission collections and pledges, instead of the old benevolent pledge card in vogue since 1884. Dr. Marquis recently received a letter from Rev. Graham Lee, missionary to Korea from Broadway church, in which Dr. Lee states that it has been necessary for him to discontinue his work for a year at least. He is now enroute to his home here from the mission field with his family. His health is extremely poor and he will spend his time here for recuperation. As this was the last congregational meeting before the departure of Dr. Marquis and family for Europe, the family were bidden God-speed upon their journey by the congregation.

On the Wrong Back.
Charitable Lady—I gave your father the money to buy you a coat last week. I see you're not wearing it. Boy—No, mum; 'e put it on a 'orse. Charitable Lady—On a horse? But he should have thought of your comfort before that of an animal.—Throne and Country.

CLOSING THE GAP

Promised That the Rock Island Southern Will Be Completed in Three Weeks.

THROUGH FREIGHT SERVICE

Will Be Established Between This City and Monmouth—Passenger Trains Running July 1.

A. E. Walsh of the Rock Island Southern stated today that in three weeks the line from this city through to Monmouth will be connected up and that steam trains for freight traffic will be put in operation immediately after this is accomplished. The road began its building operations at both ends of the line and there now remains a distance of six miles to connect up with track. Material is on hand for this last stretch and the work is being pushed as fast as possible. The company will have 80 miles of track in operation, Mr. Walsh states, before the summer is over. This includes the line to Aledo from Gilchrist.

By July 1 the company expects to have the road electrified complete and to establish passenger service. The power house at the Edwards river is being delayed somewhat on account of the failure of the whole-salers to fill the orders of the Walsh people for electrical equipment. They state, however, that this will be in place by the date which has been set for the opening.

How Are They to Get Into City?
Mr. Walsh does not say how the company expects to get its electric trains into Rock Island. The steam trains are taken care of by the agreement with the Rock Island road, but as yet the company has secured no franchise for tracks for the electric coaches.

City Chat

LUCK.
Luck means rising at 6 o'clock in the morning.
Living on a dollar a day, if you earn two.
Minding your own business and not meddling with other people.
Luck means appointments you have never failed to keep.
The trains you have never failed to catch.
Luck means trusting in God and your own resources.
—Max O'Reil.
