JOCKEY AND THE MAID.
A musical entertainment on tour under the title of "The Jockey and the Maid" was at the Illinois last evening. The press agent, who doubtless gained his impressions when the company was just entering upon its season in anticipation of a rich harvest with the standing room only sign hanging out at every performance, was not backed in his promises, and the result was a decidedly mediocre entertainment. The attendance was light.

MR. MILLER'S FIRST VISIT.
The first engagement ever played in the city by Henry Miller will take place this evening at the Illinois when the world-famous actor comes under the direction of Klaw & Erlanger in a new comedy of present day life, "Her Husband's Wife." Mr. Miller has two star actresses in his company in Miss Elliston and Miss Crews, whose work he has already made them famous. Mr. Miller's play is described as a smart comedy of present day life in a noted resort.

DONALDSON IN "NORSEMAN."
Arthur Donaldson, the sweet singing comedian, who has lately scored an instantaneous success in the new romantic song play, "The Norseman," is not only a clever actor of distinction, but possesses one of the most magnificent of baritone voices, as was proven when Mr. Donaldson originated

the title role in that wonderful success, "The Prince of Pilsen." Nature has also endowed Mr. Donaldson with a most engaging presence, all of which form the happiest combination in the fulfillment of the requirements of the heroic "Norseman," which is now being most successfully presented by Mr. Donaldson. He will be at the Illinois next Sunday, matinee and night.

HARVEST MOON AT POWERS.
Augustus Thomas' latest successful drama, "The Harvest Moon," is at the Powers theatre, Chicago, for a fortnight's engagement, with the same admirable company that presented the play at the Garrick theatre, New York. "The Harvest Moon" exemplifies the fine craftsmanship of Augustus Thomas as which won him enduring fame with "The Witching Hour" and other notable contributions to American dramatic literature. The story is that of an impressionable girl, Dora Fullerton, who has been nurtured in a home of culture and refinement. She has been brought up to believe herself the daughter of Professor Fullerton, who is sincerely devoted to her, but her Aunt Cornelia knows that she is the child of his divorced wife and was born two years after the wife's separation from Fullerton. Dora's striking resemblance to her mother goads the aunt to insinuations about her parentage. In a petulant mood Aunt Cornelia discloses Dora's doubtful parentage to her on the eve of the girl's marriage. Dora breaks down under the shock of this intelligence, but her true father, a distinguished Frenchman, Monsieur Vavin, who is a guest of the Fullertons, restores her self confidence by revealing his identity and proving his legal marriage to Dora's mother after her divorce from Fullerton. Of course a summary of the plot can give no idea of the masterly way in which the delicate and original theme is handled by a consummate playwright like Augustus Thomas. "The Harvest Moon" marks a distinct advance in Mr. Thomas' work as an author and it opens up a new field for the dramatist which will doubtless inspire other plays of an equally elevating type. The dominant figure in the play is the French aviator, Monsieur Vavin, who combines the highest and finest traits of a true nobleman with the deep insight and

scientific acumen of a Gaelic scientist. This character has enabled George Nash to score a decisive triumph. His portrayal of Vavin has been pronounced flawless. Adelaide Nowak, Jennie Eustace, Margaret Sayres, the veteran John Saville, John Stokes, Thomas Russell and Stephen Wright are some of the other admirable players enlisted in the production of "The Harvest Moon." Matinees are on Wednesday and Saturday.

IS WHOLESOME STORY.
Readers of Mrs. E. D. E. N. Southworth's famous novels, "Ishmael" and "Self Raised," and they are legion, will be interested in the announcement that Grace Hayward's authentic dramatization is to be presented at the Illinois tomorrow, matinee and evening. Miss Hayward's dramatization adheres very closely to the story of the books and to this is probably due, in large measure, the instantaneous success of the play. In point of box office receipts and public interest "Ishmael" has been a surprise to everyone. It has offered additional proof, if indeed any was needed, that American playgoers want a wholesome, well-told story and will take it every time in preference to risk importations. A company of unusual excellence will present the play in this city.

AT THE Y. M. C. A.

The Young Men's Christian association will tender a reception tomorrow to the people who took part in the "Parade" entertainment which was recently held. In the afternoon, from 3:30 to 5 o'clock, the children and younger people, together with their mothers, will be received, the reception being held in the auditorium. In the evening at 8 o'clock the older people will be entertained, the entire building being devoted to that purpose. There will be various kinds of entertainment, and an enjoyable social time is anticipated. The event is styled "Parade Reunion."

DISPENSE BEER ON A PRESCRIPTION BASIS

Liquor men at Galesburg, which has been dry for two years and voted last week to remain in that condition for two years more, have hit upon a new scheme to provide the thirsty with beer. Their plan is no other than to petition the city council at the next meeting for a drug store license for the sale of beer in wholesale quantities. In effect the new venture would be a drug store without the medical formulae mortar and pestle and all beer would be dispensed upon a prescription basis. It is argued by those in favor of the movement that it would save consumers of Germany's beverage barrels of money as under the present system they have to send away for their beer and pay express or freight on the cases ordered. Nothing but beer would be dispensed and the whisky trade would be left to the drug stores and doctors in whose hands it rests at the present time. Staunch local optionists view this new movement with alarm, but they believe the present council will deny the privilege.

WOMAN IS MOVED

"Fainting Bertha," Notorious Crook, Taken from Peoria to Kankakee.

CONFINED IN AN ASYLUM

Career of Crime Covering More Than 10 Years, Has Landed Her in 200 Jails.

Peoria, Ill., April 14.—Bertha Liebreche, known to the police, penitentiary and asylum authorities of a half dozen middle west states as a kleptomaniac, shoplifter and diamond snatcher, who for the past four years has been an inmate of the Peoria state hospital for the insane at South Bartonville, will be placed in confinement at the Kankakee asylum on orders of the state board of control, received by Superintendent Dr. G. A. Zeller.

"Fainting Bertha's" career of crime which covers a period of more than 10 years, probably equals that of any woman in the United States.

Has Long Jail Record. Records of the asylum authorities show that she has been in more than 200 jails for different charges, several from which she escaped, two penitentiaries and three asylums. She gained her police name by the peculiar method pursued by her in diamond snatching, which has been imitated on several occasions by other women crooks.

Selecting a victim in a crowd, Bertha would faint and manage to fall in the arms of the person she had chosen.

Escaped by Trick. By the time she had recovered, the victim was minus diamonds and other valuables. This she worked successfully many times and the police or many cities were baffled for years until the woman was finally arrested in Omaha. She was sent to the state penitentiary.

She was once sentenced to Joliet penitentiary from Chicago for the theft of \$600 worth of sealinks. Later she was taken to the Elgin asylum from which she escaped.

The New System Of Treatment

As Originated by Dr. Bartz Cures Chronic Diseases to Stay Cured.

FREE TREATMENT UNTIL CURED

There are thousands of men and women who are suffering from weak back, aching kidneys, torpid liver, nervous debility, weak nerves, brain exhaustion, tired, wornout feeling, bad taste, vomiting spells, bloating, stuffed-up nose, catarrh of the bladder and kidneys, headache, stomach trouble and premature breaking down of health and vitality. It certainly is terrible to be in this condition, but it is still worse to allow the trouble to progress and become more aggravated, for it may then fill your whole life with failure, misery and woe.

There are thousands of ruined and cheerless homes, filled with discontent and unhappiness, lacking in love and companionship, through weakness and physical impairment whose years do not justify such a condition. I have gladdened the hearts of thousands of young and middle aged men who were plunging toward the grave, restoring them to specimens of physical manhood, full of vim, vigor and vitality. Come and see me.

FREE TREATMENT NOTICE

Due to the fact that hundreds of patients in and out of the city have only recently begun to realize and appreciate the fact that I possess the Grandest, Simplest and Most Successful method of restoring vitality and curing disease that is known to the Scientific World, and being desirous of adding at least sixty more new testimonials to my list of cured, I have decided to extend my great free treatment offer to everybody calling at my office between now and April 30.

READ WHAT THE CURED SAY

LOST VITALITY CURED IN SIX WEEKS.

Mr. ——— says: "For the past three years I have been gradually losing my manhood to such an extent that the mental worry was getting to be something awful. I sent to New York, Chicago and elsewhere and spent a great deal of money for so-called cures without receiving any benefit whatever. I was utterly unfit for mental or physical labor of any kind. I could not sleep at night because of bad dreams, could not work during the day because of nervous weakness and could not eat because of the gradual breaking down of my liver and kidneys. My heart fluttered so I was afraid to attempt any ordinary work. I took no interest in the topics of the day. My friends had no idea of the serious disease which was gradually but surely gnawing away my vitality, because outwardly I looked very well.

"I began to think there was no cure or relief from this monster draining disease, when a friend advised me to consult Dr. Bartz, and at last I did so and found a friend who understood my case in detail. I was examined carefully and thoroughly and placed under his combined system of treatment. This was six weeks ago, and today I am a new man. Have gained 12 pounds and sleep good, enjoy my meals and my work and do not feel as though I was lost to the world."

P. S.—For personal and professional reasons the name of the above patient is withheld from publication, but will be furnished to sincere sufferers calling at my office.
