

ABINGDON LOSES TO AUGUSTANANS

Rock Island College Basketball Team Continues to Lengthen String of Victories.

GAME IS WON BY 29 TO 16

Defeated Five Never Had a Chance Throughout the Contest—All of Locals Star.

The Augustana basketball team seems to be invincible. No team thus far has been able to withstand the onslaught. The Hedding college team went down in defeat before it last night in a game played at Abingdon by a score of 29 to 16. As Hedding has played and beaten some of the best teams in central Illinois, Augustana's victory last

night makes Augustana's chances for capturing the state championship honors look brighter.

The local team went down to Abingdon minus the services of one of its best players, Anderson, the scrappy guard, and for that reason Augustana's chances for victory did not appear any too bright. Anderson's place was taken by Bengtson, who filled the position in a most acceptable manner.

NEVER IN RUNNING.

From the very beginning Augustana started to play basketball. Possessed of good wind and staying qualities, the local team simply wore the Abingdon boys down. They couldn't stand the pace set by Augustana and were forced to call out time several times, merely for the sake of taking a rest. In the first minute of play Augustana secured a field basket and a foul basket. The Abingdon Methodists were never able to overcome that lead. The first half ended with the score 13 to 8 in favor of Augustana.

In the second half Hedding became weaker, the strain being too great. Augustana seemingly became stronger, making eight field baskets in this half against five field baskets in the first half.

DEVOID OF ROUGHNESS.

The game was almost devoid of the usual roughness. Only nine fouls were called during the whole game, five of these being credited against the Abingdon boys and four against the Rock Island boys. In this respect it was the cleanest game Augustana has played this season. Every man on the Augustana team played good ball. They all starred. There was quite an improvement in the team work of the local boys. They had no difficulty whatever in pulling off their plays.

Hedding's strength lay in its forwards, Beard and Cannon, who kept the Augustana guards very busy during the whole game. The treatment the local boys received at the hands of the Abingdon men was good.

HOW TEAMS LINED UP.

The lineup was as follows:

FILES DEMURRER

Attorney for Tearney and Kin-sella Resists Waterloo Injunction Bill.

HOLDS OUSTER WAS LEGAL

Judge Gridley Sets Saturday as Day for Hearing Argument on the Whole Matter.

Chicago, Feb. 16.—Counsel for Al. Tearney, president of the Three Eye baseball league, late yesterday filed in superior court a demurrer to a supplemental bill for an injunction recently filed by counsel for the Waterloo, Iowa club in its fight to retain a place in the league.

The demurrer presents several rulings on procedure and rules for quorums, and seeks to uphold the recent league meeting at which Waterloo was ousted by a vote of four of the eight clubs in the league.

DATE FOR HEARING.
Judge Gridley set February 18 for hearing argument.

The Theatre

"HOUSE OF THOUSAND CANDLES."

That much discussed play, "The House of a Thousand Candles," will be presented at the Illinois theatre next Sunday, matinee and night. It is doubtful if any drama in recent seasons has aroused more comment than this dramatization of Meredith Nicholson's popular novel. Its name alone is suggestive of the unusual theme which pervades the story. Its mystery is delightful and its weirdness enchanting. The spectator at once falls into sympathy with the grim servant, "Bates," played by George Winn, a well known Broadway actor, while the story based upon the most surprising incidents to be found in either the book or in fiction is of a highly entertaining kind. Miss Rosabelle Leslie, a pleasing actress, will appear as "Marion Devereaux," a sprightly and bewitching heroine. Each of the four acts is staged with special scenery and every detail of the production will be found consistent with the high class attraction that is offered.

"THE WOLF."

"The Wolf," the powerful play of the Hudson bay fur country by Eugene Walter, will be presented at the Illinois next Tuesday night. This drama, which is in three acts and three scenes, possesses many novelities and is fraught with intense human interest. It is a story of the far north. The treatment of the theme—the attempt of an American railway engineer to betray the daughter of a Scotch settler with whom a young French-Canadian is in love—is handled boldly yet skillfully by Mr. Walter, who has provided at least one climax that takes rank with the most thrilling ever devised for the American stage. It is the duel in the dark, in which the victor is only distinguished by the glimmer of a match. It is claimed an all-star cast, each of the six characters being ideally cast, will be seen in the production here.

POLITICAL ADVERTISING.

N. E. JUHL
Candidate For
COMMISSIONER

A practical and successful business man, I have lived in this city for 38 years, the last 25 years I have devoted to the contracting and building business. In the past year I have retired from business, therefore, will be in a position if elected to devote my entire time to the affairs of the city, which I will conduct in the same successful manner as I have my own business. I am a heavy tax payer, all my investments are in city property, all my interests are in Rock Island. Hoping the voters will make me their choice as one of the commissioners, I remain,
Yours for good government,
NICOLAI E. JUHL.

John and Winnie Henings in odd comedy bits will complete the new show at the Majestic. Mrs. Casey will sing "I'm Looking for a Dear Old Lady" and the Majesticope shows a new reel of moving pictures. Word from Moline where Lopez and Lopez played, shows the act to be good. It is always interesting to mere men to see pretty women at odds and the recent conflict in which Gladys Vance worsted Miss Mindil Kingston created more talk among the show people than anything which has arisen since the last marriage of Lillian Russell. Miss Gladys Vance is in vaudeville. Mindil Kingston was with the "Follies of 1910" till very recently. Miss Vance is the originator of the "mirror dress." Miss Kingston wore a similar costume in the "Follies of 1910," and claimed in the original announcements that she was due the sole credit for its origin. When Miss Vance saw this note in New York papers she became furious. She had been wearing the dress nearly two years and Miss Kingston had but recently appeared in such a costume. Again Miss Kingston had witnessed a performance of Miss Vance in Chicago last January. It was since that time that the gown had come into prominence. The fair contestants fought it along through the theatrical press and by word of mouth emphasized by gestures which were the delight of those who talked with either on the subject. When Miss Vance denounced Miss Kingston in the New York Clipper, Miss Kingston replied by stating that her father invented the original of the "sparkle gown" over 40 years ago. Miss Vance poked fun at this statement as the "mirror dress" reflects the light from a "spot" by myriad of glasses and there were no spot lights used 40 years ago. The controversy waged so warm that Miss Kingston withdrew from the "Follies of 1910" rather than cut out the dress and claims that she means to use it in vaudeville the coming season.

NATIONAL HAS CONTRACT

Expected Fight Over This Feature Wanting—Gets \$500,000 for 20-Year Contract.

New York, Feb. 16.—National league magnates rang down the curtain on their spring meeting yesterday by adopting the 154-game playing schedule for 1911 and signing a 20-year contract with a prominent sporting goods firm to use a baseball of its manufacture for the official league ball.

Little time was devoted to the adoption of the schedule which was drafted several weeks ago by a committee of which President Thomas Lynch is chairman. The much anticipated fight over the official ball, however, failed to materialize. For a bonus, said on good authority to be \$500,000, the league heads closed to use the same ball that has been carried in stock for the last 16 years. In adopting it again the magnates turned down the offer of a Cincinnati firm said to have been \$225,000 in 20 annual installments of \$11,250, of which half was to be in cash and half in baseballs supplied.

CORRECTS POPULAR ERROR.

It has been commonly supposed, even among the players, that the big leagues paid about 97 cents apiece for balls which retail at \$1.25. However, the developments of yesterday show that they not only pay nothing, but receive all the balls they use free and a very considerable cash sum besides.

The exact terms of the contract were not disclosed, but it is understood to have been a cash offer accompanied by a \$500,000 certified check and "all the balls the eight clubs could use in playing championship games." The ball in question is manufactured in Chicago and the contract commences with the season of 1912.

POSTAL ADDS TO ITS LINES

Better Service Between Eastern and Western Coasts Is the Result.

Chicago, Feb. 16.—The annual report of the Mackay companies just issued states that new transcontinental lines have been completed by the construction from Reno, Nev., to Salt Lake City, Utah, and by construction from Seattle to Spokane, Wash. These lines enable the Postal Telegraph company to give the best of service between the Pacific coast and the east. The heavy copper wires on these lines were transposed when erected so that they are now used for telegraphing and telephoning simultaneously. In the ocean system a new additional submarine cable has been laid from Waterville, Ireland, to Weston, England, with underground connection to London. The eastern ends of the two of the commercial cable companies cables from America to Europe have been replaced by new cables to withstand the action of the fishing trawlers off the Irish coast, and a long section of the cable from Waterville to Havre, France, has also been renewed.

Social Teams Win.

There were two games of basketball at Armory hall last evening, the Social first and second teams defeating two teams representing the W. C. U. by scores of 33 to 8 and 13 to 5, respectively.

Saintliness Unpopular.

That state of mind which let us call the ignominy of the virtuous is not entirely confined to boys of nine years. I have seen grown men and

women, being accused of saintliness over whose faces passed an expression of mortification. They would accept with more complacency the tribute that they were getting to be devils in their old age.—Atlantic.
