

BOATS WILL BE IN VIEW ALL WAY

Admirable Course Laid Out for the Big Regatta on River Here in July.

ENGINEERS' OFFICE HELPS

Bassett Assigned to Have Control and Keep Way Clear—Rich Prizes Are Offered.

Race boat experts declare that the course charted by Major Keller of the army engineers and which will be used during the regatta of the M. V. P. B. A. at Davenport July 4, 5 and 6, is the best ever mapped out on the Mississippi, inasmuch as contesting boats will be in full sight of the judges barge and from the grandstand throughout the entire race.

Owners of speed boats entered for the regatta are extremely pleased with the facilities for unloading their craft which have been arranged for by the local organization. A big traveling crane will lift the boats from the cars in which they are shipped and deposit them in deep water. No other handling will be necessary and the further possibility of damage from strain and the like has been eliminated. The traveling crane is now in place on city island, an excellent point for the unloading of the boats.

BASSETT IN CHARGE.

Major Keller has appointed Assistant Engineer Bassett, who is now in charge of the river from the Rock Island bridge to Le Claire, to have complete charge of the racing course for the big regatta. Mr. Bassett will have half a dozen assistants in swift motor boats to preserve order on the course. Before the races Mr. Bassett will have a conference with river captains so as to obviate the possibility of friction during the races. No interference with the speed contests by river craft will be tolerated. Some of the other regattas of the M. V. P. B. A. have been marred by big river steamers crossing the course and not only interfering with the races themselves but obstructing the view from the grandstand. Nothing of this sort will be permitted.

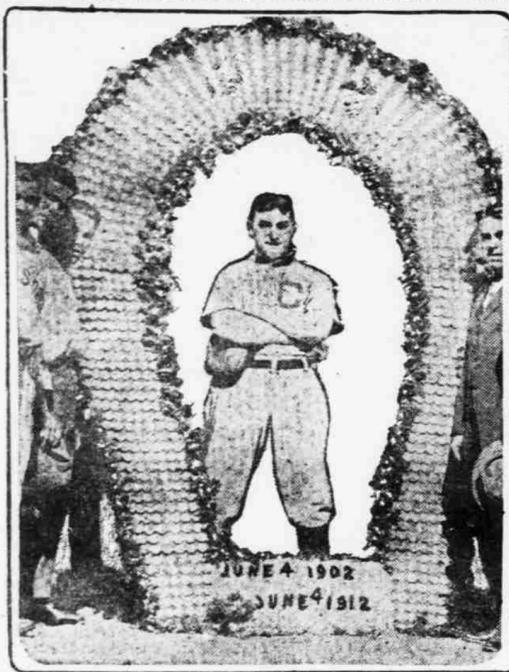

The government authorities of the Rock Island arsenal have promised to loan a number of big barges to the Davenport Boat club to be used as moorings for the racing craft and for the fine fireworks display.

BIG CASH PRIZES.

In addition to more than \$2,000 in cash prizes 13 cups valued at \$1,500 will be offered in the various races. The largest cash prize goes to the winner of the 40-foot championship class. This is the 20-mile race, open to all speed boats 40-foot or under. In addition to the \$1,000 first prize in this race there is a second prize of \$250, a third prize of \$100 and a fourth of \$25. With the \$1,000 cash prize goes the \$1,000 Webb trophy, and a \$100 cup is given with the second prize of \$250.

The \$400 cash prize and the \$250 cup goes to the winner in the 20-foot speed championship, a 15-mile free-for-all race. The second prize is \$100, the third \$50 and the fourth merchandise. In addition to these there are two \$250 cash prizes, five \$100 cash prizes, one \$75, four \$50, six \$25, one \$15.

LAJOIE'S POPULARITY WINS HIM SILVER HORSESHOE FROM ENTHUSIASTIC FANS

Larry Lajoie and his "Bromboes."

Larry Lajoie, of the Cleveland American team, is ready to admit that popularity may have real financial value. Recently he completed his tenth year with Cleveland. Just to show him how much they thought of him, the fans presented the veteran with a horseshoe made out of a thousand silver dollars. Larry is the most popular player in the American League. He ought to be most popular in Cleveland, for his great playing has saved his team from many a defeat.

HIGH SCHOOL BOYS DOWN PROFESSORS

The seniors of the high school triumphed over the faculty yesterday afternoon in a game of baseball at Island City park, the contest marking the close of the athletic year at the school. Contrary to past results, the faculty was easily defeated, the score being 25 to 5. The pros had but little practice, but nevertheless entered into the fray with a vim that, for a time, seemed as though it would sweep the seniors off their feet. In the fifth inning the faculty went ballooning, and before they were safely anchored the graduates had pushed 19 runs across the plate and etched the game. Mr. Cornell started on the mound for the instructors, but was relieved in turn by Hill and Simons. For the seniors, Empeke, Pratt, Kirtland and Townsend formed the battery.

of its voice. Sportsmen, in fact, include to its apparent voicelessness. Nor so far as the records go has it ever been heard in captivity. Up to the present it appears that no one could say whether the cry of a giraffe was a groan, a bellow, a bleat or a neigh; hence the record of the recent experience of a naturalist in east Africa, who has actually heard its voice, is of special interest.

Blaney Percival, the naturalist in question, spent the day in concealment over a waterhole where the wild animals came to drink. He had at times seen giraffe and zebra drinking within thirty feet of him. While thus watching he had the good fortune to hear the giraffe.

It was making a bleating noise, but Mr. Percival says it is quite impossible to describe the sound in writing. "The nearest I can get to it," he says, "is 'warre' rather drawn out, not just a 'baa' like a sheep, but more prolonged, and the softening at the end more noticeable.—London Field.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all druggists.

30,000 VOICES!

And Many Are the Voices of Rock Island People.

Thirty thousand voices—what a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from back-ache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Rock Island people are in this chorus. Here's a Rock Island case:

Mrs. E. Weiss, 823 Fourth avenue, Rock Island, Ill., says: "All I say in praise of Doan's Kidney Pills still holds good. I had been troubled by kidney disorders for some time. There was an acute pain across the small of my back which made it hard for me to bend or do any lifting. I had headaches and dizzy spells. A

member of my family had been cured of an attack of kidney complaint by Doan's Kidney Pills so I decided to try them. After the first few doses I got relief and soon I was free from the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn company, Buffalo, New York, sole agents for the United States.

says a policeman to a street crowd, an dwacks heads if it doesn't. "Move on now," says the big, harsh mineral pills to bowel congestion and suffering follows. Dr. King's New Life Pills don't bulldoze the bowels. They gently persuade them to right action, and health follows. 25c at all druggists.

This Man Saved \$700. Read What He Says of the Factory Demonstrating Car Which He Purchased

"I thought you might be interested in a report of the Demonstrator which Mr. T. and I drove home yesterday. We drove the whole distance of more than 175 miles in nine hours' running time. Never had the hood up and not one bit of trouble. The roads were in frightful condition too. If there are any better cars made for the money than Velie cars, I have yet to learn their names."

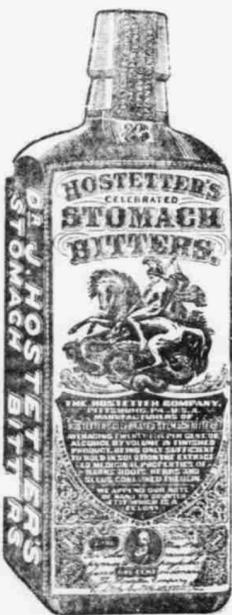

We consider this car as good as new, if not better, as it has run sufficiently to limber it up. It's sure a peach. In buying this car, I relied upon the reputation of the Velie company and to say I am pleased with the car is putting it mildly. Yours Truly,
