

# 4,863 POUNDS GO ON HOTTEST DAY

City Statisticians Produce Figures on Losses Occasioned by Heat.

## FAT MAN IS NEAR DEATH

Weather Prophet Promises Relief—Thunder Showers for Tonight or Tomorrow.

The city statistician this morning produced figures which estimated that there were 4,863 pounds of avoirdupois lost yesterday by the obese citizens of Rock Island and that in our fair city there were 24,980 people who belabored the weather man verbally an average of 13.95 times during the day and 7.65 times during the evening, despite the fact that it was Sunday.

It is figured that this breaks all records for 1912 and that it will last. The demon with figures also estimated that the number of words wasted yesterday on the weather, if printed in The Argus and placed end to end, would reach from Seventeenth street and Second avenue to Helena, Mont., and return 871 times; that the time lost, if devoted to business enterprises, would have increased the per capita wealth of every citizen in the city 24 cents, and the wasted language would have converted 521 "Heaven Chinee."

## DAVENPORT BOYS MEET FOUL PLAY

One Killed and Another Seriously Injured at Valentine, Neb.—Were Clubbed.

Intelligence reached Davenport Saturday that a Davenport youth, Paul Sherwood, had been instantly killed, and another Davenport lad, Helmut Stoltenberg, had been seriously injured, at Valentine, Neb.

Ten weeks ago Paul Sherwood, Helmut Stoltenberg and Ralph Trefelt left Davenport for the west and secured work on a ranch at Woodlake, Neb. The latter some weeks ago left his companions and proceeded further west.

From all appearances, the two boys were victims of foul play. Their wounds indicate that they were clubbed. Stoltenberg thus far has been unable to give an account of the affair.

Both the Stoltenberg and Sherwood lads were 17 years old. Helmut made his home with his aunt, Emma Stoltenberg, 224 Myrtle street, and was employed at the plant of the Brammer Manufacturing company. Paul Sherwood, who met such a terrible death, formerly resided with his mother and sisters at 1449 Leonard street. He was employed all last winter at the Majestic hotel in Rock Island. He is survived by his mother, two brothers, Frank and Eugene Sherwood of Davenport, and a sister, Lillian, of Savannah, Ill.

Both were popular and industrious lads, and have many friends in this city who will be grieved to learn of the sad affair.

Joelin Fair to Open. The 19th annual fair of the Rock Island County Agricultural association opens tomorrow at Joelin. Big plans have been made for the affair which promises to surpass the previous meetings. There will be the usual exhibits of stock and products and in addition baseball games and horse races besides other amusements galore.

Supervisors Meet Tomorrow. The September meeting of the county board of supervisors will convene tomorrow afternoon at 2 o'clock. The most important business to come up at this time will be the question of submission of a five mill special tax to the voters.

A Japanese Idea. The late Mutsuhito, emperor of Japan, on an occasion shortly before his death took a railway journey in the northern part of Japan and arrived at his destination half an hour late on account of a slight accident on the road. Next day the manager of the road committed suicide, giving as the reason for his act the fact that his bad management had inconvenienced the emperor. The case attracted a great deal of attention, and some of the leading men of Japan, commenting on the dead man's act, criticized his point of view.

In the eyes of his fellow townsmen, however, his deed was commendable, for they erected a statue in his honor as an ideal exponent of the Japanese conception of loyalty.

A Funny Siamese Custom. They have a very funny fashion in Siam. When an inferior comes into the presence of a superior he throws himself upon the ground. Then the superior sends one of his attendants forward to see whether the prostrate man has been eating anything or has any offensive odor about him. If he is blameless in this respect the attendant raises him from the ground, but if he is guilty the attendant straightway kicks him out.

A Useful Paragraph. Singleton (readings)—It is said that the last word in an argument is often the most dangerous.

Widely—Would you mind letting me have that paper?

Singleton—What do you want it for?

Widely—I want to show that paragraph to my wife.

## THREE INJURED IN 3 ACCIDENTS

Charles Hudson Forced to Jump for Life, Breaks His Left Leg.

## BOY THROWN FROM SWING

A. J. Donnell of Chicago Hurt by Rock Island Train—Foot Is Amputated.

While standing on a string of cars which were being shunted over the tracks to the coal chute of the Rock Island road in the yards at Thirty-first street, Charles Hudson, a switchman for the road, was forced to jump in order to have his life when the string of cars broke. In striking the ground, he broke his left leg in several places. He was removed to St. Anthony's hospital where the fracture was reduced.

BOY THROWN FROM SWING. Eleven-year-old Joe Cameron of 515 Twenty-second street, broke his left arm yesterday afternoon while playing with several companions in a Long View park swing. He was removed to his home in the ambulance.

FOOT IS CRUSHED. A. J. Donnell of Chicago was hit by a Rock Island freight from Peoria Saturday afternoon at 5 o'clock and his left foot was so badly smashed that it was necessary to amputate it at St. Anthony's hospital. The accident occurred just south of Milan.

## What is Going On at the National Democratic Headquarters

(Special Correspondence of The Argus.) New York, Sept. 7.—Jacob S. Collins, president of the Real Estate Bank and Trust company of Savannah, Ga., in calling upon the officials at democratic national headquarters, declared there was a new situation in the country that he had never witnessed before.

"The south is democratic, of course," said Mr. Collins. "And I expect it to be democratic for many years to come, but while we are in favor of democracy, we are no longer tied down with the idea that we must vote for a man just because he is a democrat."

"We are in favor of the man and the principle nowadays."

"I have never known the south to be so enthusiastic over a candidate on the democratic ticket in the past score of years as they are over Governor Wilson of New Jersey."

"As an evidence of our enthusiasm, you will find the leading democrats of the south raising money to send on to the national committee. We realize that the democratic committee needs funds and the south is going to do its share in 1912."

"A few days before I left home a business man called at the bank and said he wanted to send \$100 to Mr. Rolla Wells, your treasurer; \$100 to this man was a good deal of money, for he is not what we would call a well-to-do man. But he said that he felt it his duty to contribute to the national cause, and he sent his check on to New York."

"There are many examples of that kind, and this is a strong indication of what we may expect in November."

Callers at political headquarters during a campaign are of all sizes, shapes and descriptions. Many of them come from curiosity; some are sure that they have the only plan by which success may be attained. Many have really valuable information and receive all due attention.

It is not often that the various door tenders misjudge the character of the caller, or fail to see that the really important visitors meet the men they desire. But one energetic democratic booster not only fooled all the door tenders, but private secretaries of the various committee heads as well.

This caller was dignified, well groomed, pompous and carried a deep air of mystery with him.

He would give his name, but that was all. He said he had information to impart that was of vital importance to the success of the Wilson and Marshall ticket.

Haughtily he waved aside the secretaries and door tenders and demanded to see the executive heads in person.

## INSURANCE RISKS AT OLD RATINGS

Report of Expert Inspectors as to Condition in Rock Island Favorable.

The Western Underwriter, a publication devoted to insurance, is authority for the statement that Rock Island will remain in the third class as far as insurance ratings go until another readjustment is made in four years. This is the result of the recent inspection tour of E. R. Townsend and J. D. Sunberry, insurance experts. They visited both Rock Island and Moline within the last month and found conditions very satisfactory in this city but were not so well pleased with Moline. As a result of dropping Moline from class three to class four, Moline policy holders will have to pay an aggregate of about \$40,000 or \$50,000 addition each year on their various kinds of insurance. The Underwriter says in part:

"E. R. Townsend and J. D. Sunberry, inspectors for the Western Union, have completed examinations of Rock Island and Moline, Ill. Rock Island is placed in the third class, while Moline is in class four. The plan which is being adopted in Rock Island of placing fire plugs in the center of the blocks called forth favorable comment from the inspectors."

AUTO AND MOTORCYCLE IN HEAD ON COLLISION

Another evidence of the need of forcing automobile road rules and traffic regulations is the accident which Saturday evening befell William Reinhardt of the firm which conducts the Bijou cigar store. His motorcycle and a delivery auto from Schroeder Brothers' meat market collided at the corner of Third avenue and Fourteenth street. Reinhardt was thrown to the pavement so violently that the services of a surgeon were required. Had the rules governing the turning of corners been observed, there would have been no collision.

### VARIEGATED S. LING.

Mark Twain Liked It Because It Was So Refreshing.

Writing in the Hartford Courant on "Mark Twain," Dr. Edwin P. Parker of Hartford said:

"In 1876, according to my memorandum, a notable spelling match took place at the Asylum Hill Congregational church, in which some thirty persons, under their respective capitals, took part. Among these contestants were Dr. Burton, Judge Carpenter, Charles E. Perkins, Mr. Clemens, Mr. Twichell, Charles H. Clark, General Hawley, Miss Trumbull, Miss Blythe, Miss Burbank and Miss Stone. At last there were left standing only Dr. Burton and Miss Stone, and the gallant doctor took the first opportunity to make an error and so to leave Miss Stone the winner."

"But this notable contest was preceded by a preliminary speech in which Mr. Clemens wittily criticised the supposed necessity of having any uniform and arbitrary way of spelling words. Among several amusing illustrations of his argument was one as follows: 'I have a correspondent whose letters are always a refreshment to me, there is such a breezy, unfettered originality about his orthography. He always spells Kow with a large K. Now, that is just as good as to spell it in the conventional way with a small one.' It is better, for it suggests to the mind a new, grand and impressive creature."

"Nevertheless, in the contest that ensued Mr. Clemens produced no snappy effects of variegated spelling; but stood up among the last five. If my record is right, only Mr. Clark, Miss Keep, Dr. Burton and Miss Stone outlasted him."

## NOT SALTS AND PILLS. "CASCARETS"

If constipated, bilious headachy, stomach sour, take a Cascaret.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets or merely forcing a passageway every few days with salts, cathartic or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

## THE HAIR OF YOUR YOUTH

"Rich, glossy, luxuriant fascinating hair."

Why should you not keep it so—continue to have it—plenty of soft youthful-looking hair, to dress in the many styles most becoming to you—that keep you looking young, attractive—that please you and your admirers too?

Don't let the gray hairs in—they'll make you look old—lose your charm and freshness. Besides others notice them at once and comment on them too.
