MASONS LISTEN TO FINE LECTURE

Hon. Elmer E. Beach of Chicago Speaks to Fraternity in This City.

Between three and four hundred Masons, including many from surrounding towns, heard the address of Hon. Elmer E. Beach of Chicago at the special meeting of Trio lodge No. 57, A. F. & A. M., in the temple of the Robinson building last evening. His subject was "The History and Symbolism of Masonry."

In a graphic and interesting way, he traced the origin of the institution and the meaning of its impressive ritualism. He asserted that while it is a common tradition that the order had its inception at the building of King Solomon's temple, there is no definite historic testimony to that effect, but the chronology of the society as existing today can be accurately and conservatively traced only from the founding of the grand lodge of England in 1717. Prior to that date, the history of the craft is shrouded in a haze of tradition that has led to many and diverse speculations as to its real origin.

In Illinois, there have been two grand lodges, the first of which was organized in 1822, becoming defunct in 1827 and being then succeeded by the present grand lodge, which was organized in 1840. The speaker dwelt on the philosophy of the emblems and working tools familiar to all Masons and spoke instructively of their symbolism.

Mr. Beach showed himself to be in thorough touch with his subject and his address was greatly enjoyed. He is a brother of Rex E. Beach, the noted author, and is himself a highly educated and cultured gentleman.

Besides the address there was a musical and literary program including piano solos by Arthur White, violin solos by Mr. Gieske and readings by Emil Hass. Light refreshments and cigars were served at the close.

Among the out-of-town visitors were C. L. Gregory of Alton, member of the board of grand examiners of the grand lodge of which Mr. Beach is also a member, and George E. Carlson of Moline and George W. Flood of Colton, grand lecturers.

EVENING PROGRAM. H. H. Cleveland, president of the board of education, presiding. Music—Dominees. Invocation—Thomas McClelland, president of the Knox college of Galesburg. Address, "Vocational Training: Its Aims and Results"—Frank M. Leavitt, professor of industrial education, University of Chicago. Music—Dominees. Address, "School as a Preparation for Life"—H. W. Hurt, president of Lombard college of Galesburg. Presentation of Building—President H. H. Cleveland. Acceptance—Honorable S. W. Searle, "Manual Arts and Our Educational Future"—H. B. Hayden, superintendent of the city schools; A. G. Hill, supervisor of manual arts. Congratulatory remarks by citizens.

Notice. Bids will be received at the mayor's office until 9 a. m. May 19 for constructing a 16-inch watermain on Ninth avenue from Twentieth to Eleventh streets, and a 12-inch watermain on Eleventh street from Eleventh avenue to Second avenue.
