## CANALMEASUREIS PROVING POPULAR

General Superintendent of Canal Commissioners Writes Encouraging Letter.

That the canal improvement measure will receive invorable action at the hands of the legislative committee is expressed in a letter received this morning by Commissioner Jonas Bear from Leon McDonald, general superintendent of the canal commissioners, who resides at Lockport. The communication thanks the local people who took the time to go to Springfield recently in the interest of the bill. The letter follows:

Springfield, III., May 15, 1913. Commissioner Jones Bear, Rock Island, Ill. Dear Sir: There is good reason to believe that the canal improvement measure will be favorably acted upon by the legislative committees. The impression left upon the members of the two committees was better than had been hoped for. To a large extent, the canal commissioners feel this was due to the presence of yourself and your friends at the state capital. They wish me to express their appreciation for the generous loan of your time, energies and influence to the cause and to convey their regret that the limitations of time made it impossible for you to address the committees in person. Very truly yours,

LEON M'DONALD. General Superintendent. Walter A. Rosenfield of this city is president of the canal commisioners.
