

## CITY DADS CALL SPECIAL VOTE ON THE ANNEXATION

Commissioners Pass Resolution for Election to Be Held June 24.

### THE VOTE IS UNANIMOUS

District is From Eighteenth Avenue to Aiken and From Twelfth to Ninth.

By a unanimous vote the members of the city commission at their weekly session yesterday afternoon, voted to call a special election Tuesday, June 24, to get an expression from the electorate relative to the annexation of certain districts south of the city. The election is called for the same day as the school election.

The question of voting at one polling place was considered, but City Attorney J. F. Witter rendered the opinion that as this was a special election, even though called at the same time of the school election, it would be necessary to have a voting place in each precinct. Therefore the council voted to use the regular voting places and the same judges and clerks as used at the last general election. The polls are to be open from 7 to 5.

**THE DISTRICT.**  
The district proposed to be annexed to the city is from Eighteenth avenue to Aiken street and from Twelfth to Ninth avenue and the exposition grounds, excluding the Aiken school property. At the meeting yesterday afternoon J. D. Beecher made violent objections to including the exposition grounds in the district. He claimed that he would not oppose the plan if the land south of the exposition grounds was placed in the district.

Mayor Harry M. Schriver explained that the people in this section were anxious to come into the city, but that the original petition could not be amended again and that as soon as the present proposition carried, it is proposed to start another campaign for further territory to be annexed. Mr. Beecher still persisted that if the land south of the exposition tract was not taken in now, he was much opposed to the move, but the council, when the matter was put to a vote, was unanimous to call the special election and to let the district boundaries remain as first proposed.

**MORE TEAM WORK.**  
When some disposition was displayed to delay action on the annexation plan for another week, Mayor Schriver became earnest. "There'll have to be more team work here," he declared, "if this administration is to be the success we want it to be. This petty boy's play will have to be cut out. There is too much playing to the galleries and too much politics in the council. Let's get together and see if we can't have a little more harmony and I'm sure we'll accomplish more. We have talked annexation for years. Let's do something now."

Commissioner Bear stated that he thought further delay in the matter useless and said that if it was in

## "Gets-It" the Only Thing for Corns

The Corn Cure on a New Plan—Gets Every Corn Quick and Sure.  
You've tried a lot of things for corns, but you've still got them. Try the new, sure, quick, easy, painless

Ca-da-da-da-da! Every Corn's Gone—GETS-IT! Did it?  
Yes—the new-plan corn cure, "GETS-IT." Watch it get rid of that corn, wart, callus or bunion in a hurry. "GETS-IT" is as sure as time. It takes two seconds to apply—That's all. No bandages to stick and fuss over, no salves to make corns sore and turn true flesh raw, and red, no blisters, no more knives and razors that may cause blood poisoning, no more digging at corns. Just the easiest thing in the world to use. Your corn days are over. "GETS-IT" is guaranteed. It is safe, never hurts healthy flesh.  
Your druggist sells "GETS-IT" 25 cents per bottle, or direct if you wish, from E. Lawrence & Co., Chicago (Advertisement.)

## POET MATCHURA ADDRESSING WOUNDED SOLDIERS DURING THE BALKAN WAR

One of the most interesting features of the Kinemacolor representation of "The Making of the Panama Canal," "Japan's Army War Maneuvers" and "Actual Scenes of the Balkan War" in natural color motion photography which comes to the Illinois theatre Friday and Saturday, matinees and nights of both days, is said to be an "animated map" which shows how the great lanes of sea travel will be affected by the completion of the Panama canal. The effect is secured by "trick" photography and the result is at once entertaining and very instructive. There is thrown upon the screen a map of the Northern and Southern American continents about as they might look to an observer

some hundreds of miles up in the sky. As the spectator looks he sees two tiny steamers start from New York, both bound for San Francisco, one via the canal and one via Cape Horn. The steamer going by way of the canal wins the race with many thousands of miles to spare. The process is repeated with steamers routed New York to Valparaiso, New York to Yokohama, etc., always the canal routed steamer having an immense advantage. This animated map was prepared in England under the direction of expert hydrographers and the speed of the ship shown is regulated not only by the actual mileage traversed but by a careful consideration of the drift of currents and the prevalence of the head winds.

Moline it wouldn't take the commission 15 minutes to pass the resolution. Commissioner Martin Rudgren stated that he did not oppose annexation, but didn't like the policy of shoving these matters on to the council at the last minute without giving all the commissioners ample time to discuss the proposition previously. Commissioner Reynolds took the same view. When the vote was called, however, there was a unanimous expression favorable to calling the election.

**PASS ORDINANCES.**  
The Fourteenth avenue paving from Twelfth to Fifteenth street was discussed, the ordinance being up for the first reading. The estimated cost of the improvement is \$5,799.40. The paving ordinance on Second avenue from Ninth to Fourteenth street was adopted, the vote being three to two.

Commissioner Rudgren and Reynolds voting no. The ordinances for Sixteenth avenue paving from Twelfth to Fifteenth street, and for the Twelfth avenue pavement from Twelfth to Twenty-second street were passed.

**MOVE LUNCH WAGON.**  
A protest against the lunch wagon located on Nineteenth street, between First and Second avenues, was read from property owners. Oscar Schmidt appeared before the council to urge action. The council voted unanimously to have it removed. The monthly reports of Plumbing Inspector John Joers and of the police department were read. The sum of \$80 was voted to the plumbing inspector to pay his expenses to the recent convention at Louisville, and Mrs. Schroeder was paid \$7 for her expenses in taking a girl to the rescue home. The mayor was authorized to advertise for sale the old graders and other old equipment.

**FOUR MEN ADDED TO THE PAY ROLL**  
Sheriff's Force Increased by the Court's Order to an Even Dozen.  
Acting on recommendation of the full committee of the board of supervisors Judge Olmsted in circuit court yesterday afternoon ordered the appointment of four additional bailiffs to insure the better guarding of prisoners in and about the Rock Island county jail. Two have been appointed and two more will be put on next week when the grand jury convenes. Those already named are John Holzhammer and Jack Ginnane. With the two other additions there will be a total of 12 men on the sheriff's force.

**Evans Heads State Guards.**

**Today's Beauty Recipes**  
By Mme. D'Mille.  
"Now comes the time of year most trying to the complexion. Perspiration makes ordinary face powder look smoky and untidy. A splendid face lotion that is used in place of powder can be made easily at home by dissolving an original package of mayatone in a half pint of witch hazel. Mayatone keeps the skin smooth, clear and satiny, and gives you a complexion of lilies and roses. It prevents freckles, tan and sunburn.  
Dandruff is the worst enemy of healthy hair. It attacks the roots and causes the hair to become dull, brittle and faded, and finally to fall out. Moth's Shampoo will remove dandruff and leave the scalp perfectly clean and healthy. Its use makes the hair strong, lustrous and fluffy.  
"Summer toilettes seem to make so many of us look more like scarecrows than beauties. A safe, speedy and sure hair remover can be made by mixing a little powdered salicylic acid with sufficient water to form a paste. Cover the hairy surface with this paste, leave on for two minutes, wipe off, wash the skin and the hairs will be gone."

## MARY DEERE WILL IS INTERESTING

Document Disposing of Large Estate Filed for Probate Yesterday.

### CODICIL MAKES A CHANGE

Sum of \$5,000 in Original Instrument Advanced to \$30,000 in Trust for Miss McShane.

The will of the late Mrs. Mary L. Deere, of Moline, which was mentioned in this paper yesterday and which has been admitted to probate, is an interesting document and disposes of a very large estate.

The principal public benefaction is the \$5,000 left to Bethany home. The sons-in-law William D. Wiman and William Butterworth are left \$5,000 each to be held in trust by the executrix, the daughter, Mrs. Katherine Deere Butterworth, and in case of her death William Butterworth, son-in-law, is to act in that capacity. The bulk of the estate goes to the grandsons and the daughter.

Mrs. Butterworth is left Overlook, the Deere home, in trust for the use of the grandson Charles Deere Wiman which is to be turned over to him when he is 21, while Dwight Deere Wiman is to be given the sum of \$50,000 or the value of Overlook for a home of his own. If on reaching the age of 21 he does not want the home, he is to be awarded the entire principal of the bequest and in case of his death the property is to go to Mrs. Butterworth and at her death to William Butterworth, successor in trust.

### ADDITIONAL GIFTS.

To Mrs. Butterworth is further left all of the furnishings of Overlook and among the additional gifts are the following: Annie Brown, South Ashfield, Mass., \$5,000; Irene M. Wheeler, West Plains, Mo., \$5,000; cousin Martha W. Newbury, Vermont, \$5,000; cousin Charlotte Atkinson, Grinnell, Gunnich, Haworth, N. J., \$1,000; cousin Frances Atkinson, Newbury, Vermont, \$1,000; cousin Anna I. Atkinson, Newbury, \$1,000; Katherine Mary Peek, Moline, \$2,500; Alice Arnold Peek, Moline, \$2,500; \$20,000 to executrix in trust, the income to go to Daisy Taylor, Evanston; Mary Ellen Murphy, namesake, ruby and diamond cluster ring; Louise Horbold, Moline, \$500; to all other servants \$3,000 each; \$2,000 to the board of trustees of Riverside cemetery of Moline to care for the Deere and Dickinson lots; the steamer Kallian and house boat Maratana to Katherine Deere Butterworth. The will was made on January 6, 1913 with Warren E. Taylor, George L. Brumbaugh and Elmer W. Stafford as witnesses.

### THE CODICIL.

The codicil dated February 10 at Palm Beach, Fla., changes the bequest of \$5,000 to Suzanne McShane in the original will to \$30,000, interest of which she is to receive. E. W. Hurst and J. T. Stafford were the witnesses.

## FIRST WARD STILL HOLDS FRONT RANK

Today the First ward still holds first place with the largest number of entries in the city beautiful contest being conducted by the civic department of the Woman's club of Rock Island.

The Third ward ranks second, the two wards maintaining the same positions for a week in spite of the fact that the other wards are working hard to nose them out of the front ranks. The contest closes June 14 and if there are any who have not entered and expect to do so they must hand in their application before that time. The civic department is pleased that the first effort in the cleaning up of the city is meeting with such success and that the citizens are taking hold and assisting in the beautifying of the city. Rock Island holds an important position on the map because of its central location. There is no doubt but that the ocean to ocean highway will pass through Rock Island and the better appearance the city puts up the better will be its reputation throughout the country. The contemplated road will be used by thousands every year and because of the many attractions surrounding the city it will be a favorite stopping place for parties making the transcontinental trip. For that reason alone, if for no other, the city should present the very best possible appearance. Then there is the civic pride that every citizen should have

Formal Dress Wear for June Weddings.

## MONTHLY REPORT OF THE WEATHER

Seven Clear Days for May Says the Observer—The Summary.

According to the monthly meteorological survey for May, this section enjoyed seven clear days, 11 partly cloudy and 13 cloudy, while there were 16 days on which .01 inch or more of precipitation occurred. Thunderstorms occurred on the 3d, 13th, 14th, 15th, 17th, 20th and 24th and a light frost on the 11th.

The highest temperature was on the 29th when the thermometer reached 88 and the lowest on the 11th when it was 35. The greatest daily range was 31 degrees on the 27th, and the least range on the 22d with 1 degree. The absolute maximum for this month for 42 years is 93 and the minimum 29, while the normal is 62. The accumulated excess since January is 140 and the average daily excess for the same period 9. The precipitation total for the month is 4.89.

### ELECTION NOTICE.

Notice is hereby given that on the 24th day of June, A. D. 1913, in the city of Rock Island, Illinois, a special election will be held for the following purpose, to-wit: To submit the question to the voters of the city of Rock Island, Ill., as to whether or not the following tracts of land shall be annexed to and become a part of the city of Rock Island, Ill.:

(1) The territory is described by boundaries as follows, to-wit: Beginning at the northwest corner of the southwest quarter (1/4) of section two (2), township seventeen (17) north range two (2) west of the 4th p. m., in the county of Rock Island and state of Illinois.  
(2) The other territory is described by boundaries, as follows, to-wit: Beginning at a point 247.7 feet west of the northeast corner of the southeast quarter (1/4) of section two (2) township seventeen (17) north range two (2) west of the 4th p. m.; thence south 511.17 feet; thence east 2.53 feet; thence south 367 feet; thence east 144.8 feet; thence north 367 feet; thence east 99.34 feet; thence north 511.17 feet; thence west 246.67 feet to the place of beginning, being situated in the county of Rock Island and state of Illinois.  
The polls will open at 7 o'clock in the morning and continue open until 5 o'clock in the evening of said day. Places of registration and voting will be as follows:  
First precinct—Bert Yoh's barber shop, 413 Fourth avenue.
