## MOLINE'S SECTION OF THE ARGUS

## **ERICKSON NAMED** AS COMMISSIONER

Anderson's Resignation Official ly Accepted by City Council.

## ADDRESSED TO THE MAYOR

Retiring Official Gives Reasons for Quitting Before His Term Had Expired.

The resignation of Clark G. Anderson, commissioner of streets and public improvements of Moline, was officially accepted by Mayor M. R. Carlson and the city commission at its regular Roy and Harry of Longmont, Col., who weekly meeting this morning, and G. E. Erickson, now inspector of paving and public works, was named to fill Mr. Anderson's unexpired term. Mr. Erickson will assume his new duties August

The retiring commissioner did not attend the meeting this morning, but passenger Ford touring car, requiring Commissioner L. C. Jahns, who has six days to make the trip. been confined to his home since July 4 as the result of an accident, was present, and took part in the acceptance of Mr. Anderson's resignation, and the appointment of Mr. Erickson as his successor. Mr. Jahns is still forced to walk on crutches but his injured leg is rapidly improving and he expects to be on his feet again within DOMESTIC SCIENCE another week.

#### Mr. Anderson's Letter.

Mr. Anderson's resignation was read by Mayor Carlson to whom it was addressed, as follows:

"I regret to be obliged at this time to tender my resignation as commisments, the resignation to become effective August 1, 1914.

has come to me such as comes to few men, I should be pleased to remain in public service until the expiration of my term of office.

I wish to express my hearty appreciation of the courtesles that have been extended to me by you, the other commissioners, employes of the city and public at large, during my service with ure to be of such assistance to you and the commission, as the opportunity

may afford. prosperity of the city of Moline and for the success of your administration, I wish to remain.

#### **Skin Health Comes** From the Blood

Even Slight Eruptions Such As Acne Should Be Treated.

Pimples and other skin troubles do not alight on the face like flics. They come bubbling out from within. They are impurities. And if let alone or greased with saives they become chronic, simply because the cause is still at work within. It should be attacked with S. S. S. and the impurities in the blood thus rendered harmless.

The skin is but a net work of fine blood vessels. And it is a perfectly natural consequence that any influence in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S., the best-known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or clandular activity to select from the blood or from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acue, exama, lupus, or any other blood endition that stracks the skin ples and other skin troubles do not on the face like flice. They come

in the skin, those elements which to guires for repencration.

Thus pimples, some, eczema, lupus, or any other blood condition that stracks the skin or seeks an outlet through the skin is met with the antidotal effect of S. S. S.

This is why skin troubles vanish so, readily and why they do not return.

Under the influence of S. S. S. this fins net work of blood vessels in the skin is constantly taking from the blood the nutrition required for healthy tissue and the cause of disease is just as constantly being removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Swift Rpecific Co., 521 Swift Bidg., Atlanta, Ga. Tou will find S. S. S. on sale at all drug stores. Get a bettle to-day and banish all skin afflictions.

Mr. Anderson's reason for resigning his position as city commissioner is because he has accepted a more lucrative position as assistant general manager of the lowa & Illinois and the Davenport and Muscatine Interurban Railway company. His headquarters will be located in Davenport after Belgians and Hollanders of August 1, but he will continue to make this city his home.
