FATHER DEAD; TO RELEASE SON AIM

CEDAR RAPIDS POLICE ASK SHERIFF TO ALLOW WM. SMITH TO ATTEND FUNERAL.

The possibility of a defect in a suitcase from the Rock Island police court to Sheriff G. H. Richmond directing him to hold in county jail, William Smith, on a charge of vagrancy for 40 days, may result in his release so that he can go to Cedar Rapids, his home, and attend the funeral of his father.

Word reached the sheriff this morning from the Iowa chief of police that Smith's father had passed away and advised that the prisoner be released to attend the funeral, which is the wish of relatives.

Smith was committed to the county jail some time ago by Police Magistrate C. J. Smith on a vagrancy charge and his time is almost up. However, he cannot be released unless some law is shown in the mittimus or proceedings which placed him in the county jail.

State's Attorney Thompson has undertaken to assist in securing the release of the man. Judge Olmsted who was taken into the conference, suggested that the man should be released because of the death and the fact that his term had nearly expired.

SALOONS TO BE CLOSED DURING VOTING HOURS

The saloons of Rock Island will be closed tomorrow during the hours of voting from 6 o'clock in the morning until 5 o'clock in the afternoon, according to Commissioner Hart. Mr. Hart announced that all of the bar owners have been informed to keep their places closed and the curtains drawn back as on Sundays. The law is to be strictly enforced.

HURRY UP, GIRLS! "JOHN JAY" IS GOING TO POP THE QUESTION

John J. McDewitt arriving in Boston to look for a wife; candidates meeting him at the depot.

Boston, Mass., March 8.—John Jay McDewitt, known as "Butch," Wilkes-Barre's "millionaire for a day" has arrived in Boston with plans for matrimony. His intentions had been announced in the Boston newspapers and he was met at the station by quite an enthusiastic and anxious crowd of girls, all of whom were desirous of having "Butch" pop the question to them. McDewitt looked the candidates over carefully.

"My wife," said McDewitt, who believes New England breeds the prettiest girls in the country, "must

be good looking. That's important, because I am not such a handsome fellow myself. She must not have red hair, because I have a carrot top, and one in the family is enough. She must know how to cook a good meal, the old fashioned kind. She must not be narrow-minded; she must have views as broad as my own. I don't want her to bother with pink tea parties, chase around after votes, or wear clothes that make her look half dressed. I refuse to let her have a poodle dog, a fancy cat or a talking parrot. I demand that she

be a home-loving woman, with a thirst after knowledge. This is important because I want her to appreciate my greatness. I want her to realize that John Jay McDewitt is one of the biggest men of the country, and there must be no argument on that point in my home. "In return I agree to keep her well dressed. She may have certain liberties. I promise to love her as only a great man can. I will give her part of my time, but not all of it. She can help herself to my pocket-book providing she uses money judiciously."

LOCAL MAN WILL BE FOREMAN JOB

STAR ELECTRIC COMPANY TO EMPLOY ONLY UNION LABOR ON ALARM SYSTEM.

A Rock Island man will be foreman of the gang which will install the aerial work for the \$7,000 Star Electric company municipal police alarm system here and only union labor will be employed on the job.

Archie Hart having received the word of P. F. Stover, western representative of the concern, that the spirit of the contract would be adhered to by the company.

According to Commissioner Hart an effort was made by the company to sublet the contract for the aerial work to the telephone company workmen, but when learning of this Commissioner Hart secured an interview with Mr. Stover and the latter agreed to the commissioner's wishes in the matter.

Work on the aerial work will start soon. During the time that this is in progress the boxes and switchboard will arrive ready for installation.

OBITUARY

Mrs. Jane Irwin. The funeral of Mrs. Jane Irwin, 87 years old, who passed away Friday night, was held this morning at 10 o'clock at the home of her daughter, Mrs. Sadie Hobson, 1125 Eighth avenue and at 10:30 from the Central Presbyterian church. Rev. David A. Johnson had charge of the services with interment in Chippawmuck cemetery.

Mrs. Irwin, whose maiden name was Miss Jane Jones, was born in

Ireland, March 12, 1828. She came to America at the age of 15, moving to Rock Island several years later and most of her life had been spent in this county. Her husband, William Irwin, a native of Ireland, died 43 years ago. Part of the time recently she had been living with her son at Oklahoma City, Okla. She returned to this city four weeks ago.

She is survived by four sons, Fred of this city; Frank Reynolds, Samuel, Chicago, and James Oklahoma City; and two daughters, Mrs. Sadie Hobson, Rock Island and Mrs. Jennie Rothwell, Iowa City, Iowa.

William J. McLaughlin.

A message received Sunday by C. D. McLaughlin of Milan conveyed the sad intelligence that his brother, William J. McLaughlin, had passed away at his home at Emerson, Neb. Mr. McLaughlin was the sixth son of the late Randall and Rebekah McLaughlin, and was born on his island, Rock Island county, March 23, 1854. His early life was spent on the farm, but in 1874 he accepted a position with the late Christopher Armstrong in a store in Milan. A few years later he went to Reynolds, where after clerking for a number of years he formed a partnership with Mike Miller. Mr. McLaughlin went to Nebraska in the early 80's, and about 1886 settled on a farm near Emerson, where he lived until about ten years ago, when he moved to Emerson and took charge of an elevator for the Benson Elevator company, a position he held until Feb. 1 of this year, when he was compelled by failing health to resign. He was married in March, 1884, to Miss Lillian Twister, who, with one daughter, Mrs. Bert Krossen, three brothers and one sister, Joseph A. of Geneseo, Ill., George A. of Sioux City, Iowa, Cyrus D. of Milan, and Mary E. of Sherry, Wis., survive him.

Funeral of Mrs. Rosenthal. The remains of Mrs. Louisa Rosenthal, who passed away at Geneseo, arrived in Rock Island at 1 o'clock this afternoon. Short services were held in Geneseo at 10 o'clock this morning and again this afternoon at 2 o'clock from the home of her son, John Rosenthal, 768 Ninth avenue. Rev. George A. Walter, Geneseo, officiated with interment in Chippawmuck cemetery.

Funeral of George Huntley. The funeral of George Huntley, of this city, whose body was found in the Mississippi river at Watertown, after he had been missing for over three months, occurred yesterday afternoon. HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair, and is splendid for dandruff, dry, itchy scalp and falling hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

CHANGE IN ROOMS BEING DISCUSSED

PROPOSE TO MOVE OFFICE OF PROBATE JUDGE TO SOUTH-EAST CORNER.

Members of Board of Supervisors Find Rearrangement Necessary to Relieve Congestion.

Changes in the location of the probate court room are being seriously considered by members of the committee of public expenditures of the board of supervisors. The county building is overcrowded and a rearrangement of the offices is contemplated in order to relieve some of the congestion.

The probate court room is entirely too small, it is claimed, the room being inadequate for the growing demands made upon it. Judge B. S. Bell is forced to use his office for a court room, being located on the first floor, to the south of the east entrance.

It is proposed to move the office to the large room in the southeast corner of the building, the quarters formerly used by the late Judge Gest. This arrangement would give the probate court the accommodations which are required. Nothing will be done in the matter until after the township election.

Committee Meeting. Committees of the board are meeting at the court house today and preparing reports to be made to the supervisors session on Wednesday. There has been no session of the county solons during the past few years which will be as important as the coming one promises to be.

With the location of the county jail to bring a warm fight and other pending matters, views on which widely differ among various members of the board, interest of the people of this section will be centered on the session.

SUMMER SESSION IN COURT LIKELY

BELIEVED LARGE NUMBER OF CASES PILED UP FOR TRIAL WILL REQUIRE EXTRA WORK.

That the business in the circuit court will justify summer sessions of the tribunal is believed, judging from the long list of cases still pending for trial.

Judge R. W. Olmsted intimated this morning that there would likely be much work in court during the summer months when he asked the public expenditures committee of the county board of supervisors to have the electric fans in the court room repaired or exchanged, since the device last year made too much noise.

The humming of the manufacturers of breeze have drowned the voices of the most eloquent of barristers here in the past, so that an attorney has had to fight not only his opposing counsel but the electric fan as well.

MAY START FERRY GOING TOMORROW; DOCKS PLACED

In case of favorable weather the ferry between Rock Island and Davenport will start running regularly tomorrow morning, according to plans made by Captain M. L. Henderson. The snow at the levee is melting fast today and will enable the crew to place the docks in shape for the opening of traffic. Both ferries are in readiness for work now, but the date for the opening of the service has been put off from day to day, because of the unfavorable weather hampering the men in placing the docks.
