

GEN. GRANT'S FUNERAL. By the Mayor—A Proclamation. MAYOR'S OFFICE, Rock Island, Ill., July 29, 1885.

When gaily the thermometer at ninety holds its place, And with your hat of straw you fan Your much perspiring face;

Another shipment of hammocks just received at McCabe Bros.' will be sold at the same ridiculously low prices.

McCabe Bros.' store will be closed from 1 o'clock until 4 p. m., during the Grant funeral obsequies tomorrow.

Get your awnings, tents, wagon covers, etc., of G. H. Young, 117 Main St., Davenport, Iowa.

If you want to have all the city news you should have the Daily Argus sent to your house. It always contains all the news up to the time of going to press, and written up in a spicy manner.

A late shipment of the very choicest designs in new embroideries, now on sale at McCabe Bros., nearly 10,000 yards, owing to the late shipment they will receive a rebate of 1 1/2 per cent, on which they are happy to offer the same discount.

At the band tournament held at Geneseo yesterday, the First Regiment band, of Chicago, carried away the first prize—\$300—and the Moline Light Guard band won second prize—\$140.

Ill in Chicago. Mr. R. Crampton is in receipt of a letter from Rev. R. F. Sweet, dated St. Luke's Hospital, Chicago, which brings the sad intelligence of the serious illness at that institution of Mr. Sweet's mother.

At your first charge in New Michigan, one of the gods of "thought" was laid in your nest—your darling Willie. He prattled and cowered, and gladdened your heart for a brief hour and a half, but in your second charge, at Eureka, came your first great sorrow, as the death angel bore him to his heavenly home.

At your fifth charge—Pekin—dear little Leslie opened his eyes, soon to close them, and "was not, for God took him." At Washington, your sixth charge, Mary Jane knocked, and you quickly opened the door and bade her welcome, and she, too, joined his angel brothers in the house not made with hands.

At your seventh charge, lively little Richard called and you said, "come in," and he did, and is here yet, thank God. Your eighth charge was at Dwight; your ninth at Fairbury, where many years before, a large congregation met in the Methodist Episcopal church to hear you as a "boy preacher."

At your ninth charge, "come up higher," and you were elected presiding elder and located at Onarga. During the years here three darlings entered your nest, one of whom, Johnny, was born to join his angel brothers in the house not made with hands.

At your eleventh charge was Peoria, your twelfth at Galesburg, where the spirit of your sweet Addie was called home after two and one-half summers. Monmouth was your thirteenth charge, and this the fourteenth. Four immortals sail with Jesus; five yet brighten "your home and cheer your hearts."

As a reward of fidelity and recognition of talent, your brethren have raised you from step to step in honor and responsibility until heading college conferred the degree which you so modestly and yet worthily bear.

Members of Uof Lodge, No. 608, I. O. O. F., are hereby notified to assemble at "Odd Fellows" hall on Saturday, Aug. 8, at 1 o'clock sharp, to participate in memorial ceremonies.

All members of Rock Island Grove, No. 28, U. O. A. D., are requested to meet at their hall on Saturday afternoon at 1 o'clock sharp, to participate in the funeral exercises.

Sealed proposals will be received at the city clerk's office up to 8 o'clock Saturday evening, Aug. 8th, 1885, for the laying of the stone crossings in the city of Rock Island.

The fire department will meet at Armory hall at 1:30 p. m. sharp on Saturday, to take part in the parade in honor of Gen. Grant, by request of Mayor Murdock.

All members of Island City Lodge, No. 4, A. O. U. W., are requested to meet at their hall at 1 o'clock sharp, on Saturday, to participate in the Grant memorial services.

Rock Island Camp, No. 29, Modern Woodmen of America, are requested to be at their hall promptly at 1 p. m. tomorrow to take part in the Grant funeral exercises.

If you feel nervous as to your kidneys, liver, or urinary organs, use Hunt's Remedy.

SILVER JOY.

Twenty-fifth Anniversary of the Marriage of Mr. and Mrs. R. G. Pearce Last Evening—A Fitting Address—List of Presents.

Last evening was the quarter-century anniversary of the marriage of Rev. Dr. and Mrs. R. G. Pearce. It was in response to invitations previously sent out that hosts of friends from far and near improved this happy opportunity of paying respects and extending congratulations to the worthy couple.

The clock of destiny has struck twenty-five. The great reaper has cut a large swath in these two and one-half decades. Great men and small men have bowed and fallen.

God bless you my brother, and you my sister, and the children God has spared you, and the people to whom you minister. God bless you in all the twenty-five years to come, and may the warm hand shakings and benedictions of this evening remain in your memory as a perfume of amaranthine sweetness and beauty.

And now as you reassume your marital crown and join your right hands you do promise, as God gives you grace, that during all the years to come, you will love and cherish and be faithful and kind and sympathizing towards each other, till the end comes. I do hereby declare that you have been and shall be and your "right there is none to dispute," husband and wife, and the blessed parents of these blessed children, and those "beyond the sighing and the weeping," and when it shall be the good pleasure of your Father in Heaven to give you and them the kingdom and mansion—the robe and crown—the harp and the white stone, may you and they join with one heart and voice in singing, Unto Him that loved us and washed us from our sins in his own blood and hath made us kings and priests unto God and his Father—to Him be glory and dominion forever. Amen.

Many were the congratulations and good wishes which the estimable couple received, and then refreshments were served, after which the following list of presents were displayed.

Teaset, a dozen teaspoons, and half a dozen knives and forks, from the First Methodist Episcopal church; a bowl to match, Mesdames J. S. McCord, D. E. Nofsaker, J. N. Spencer, and E. W. Spencer; pickle caster and tongues, Mrs. William Hurst and Mr. and Mrs. E. W. Hurst; pickle fork and rest, Mrs. C. Wright; sugar bowl, frame and spoon, Rock Island Ministerial Union; tooth pick holder, Mr. and Mrs. H. C. Smith; Galesburg tea spoons, Mr. and Mrs. H. Westeman, Pekin; fruit stand, Mr. and Mrs. H. J. White and Mr. and Mrs. H. M. Summers; Peoria; tea, table and mustard spoons, Galesburg friends; fruit knives, Mrs. Van Benschoten, Lyons, N. Y.; vase, Union Printing Co.; card receiver, Mr. and Mrs. H. H. Baker; inkstand, Mr. and Mrs. R. Crampton; decorated teapot, Mr. and Mrs. Nathan Giles; decorated porcelain plaque, Miss Lizzie Kemble; fruit dish, Mr. and Mrs. H. Warack and Mrs. J. A. Reynolds; bouquet holder, Mesdames Ann Bodley, Hugh Stafford, Dell Walker, and Fannie Stafford; Fairbury; card receiver and call bell, Dr. and Mrs. J. McKee; polished steel horseshoe, with blue ribbon, Mr. Valentine Dauber; and coin to the value of \$20, Mr. and Mrs. G. Wallace of Buckley, Ill.; Rev. G. R. Palmer and Onarga friends.

Mrs. Pearce was individually the recipient of an elegant gold watch and chain from her husband and children. A number of congratulatory messages were received from distant friends and others who were unable to be present on the joyous occasion.

A negro rouster on the steamer Pittsburg, named Wm. Jackson, was shot in the hip by the captain of the watch, Jos. Brown (also colored) at 4 o'clock Wednesday morning, while the boat was lying at the East Dubuque wharf. The immediate cause of the shooting could not be learned, as the boat put out for the north soon after, and Jackson would not say anything about it. It seems, however, that they quarreled some days ago, while coming up the river, and it is thought the shooting was the outcome of the trouble. The wounded man was taken to Mercy hospital in Dubuque by the Diamond Jo company.

The dredge boat Little Giant was taken under the bridge by taking down the crane and boring a hole in the bottom of the boat, allowing four feet of water to enter the hull, and letting her down just low enough to pass through. She was sent here by Hamm & Linehan, of Dubuque, to work for E. P. Reynolds & Co. The steamer Eams, after delivering the dredge boat, went down to the boat yard and took four barges to Keittsburg, Ill., where they will be used in building the bridge there.

The Linehan Ferry company, of Dubuque, have had their transfer steamer, Wm. Osborn, on the ways here for the past month, and carpenters under charge of Kahke Bros., are putting in a new hull. They expect to launch her next Monday. When complete she will go to Keittsburg and they will put on the steamer Northern Pacific for a thorough overhauling. Capt. D. W. Linehan is down at the yard overseeing the work.

The steamer Silas Wright brought up two dump boats from Keittsburg and delivered them to the dredge boat here. Bart E. Linehan was a passenger on her to this point.

The Mary Morton, of the famous Diamond Jo line, departed for St. Paul yesterday evening. She had a full cargo of freight and every cabin was engaged. The Sidney, Capt. James Best, follows on Saturday, at 4 p. m.—St. Louis Globe Democrat.

The Mary Morton will be here Saturday afternoon. There is a good stage of water at this point, but above Dubuque the river is low and shoaling.

That destiny you recognize as the special providence of God. That unseen eye has watched and that hidden hand has led and you have sought humbly but earnestly to follow "in the path the master trod," and this following has been your safety, and you may not have reached the zenith of your usefulness. Your "eye is not dim, nor your natural force abated." You have not reached the "deadline." Your best work may be before you. As you have so far in life kept the cross constantly in view, so keep your eye and heart on it till death.

TRACK TALK.

The "Q." Endeavors to Reach St. Paul—A Line in Progress—Echoes From the Rail.

A circular signed by J. M. Forbes, chairman of the board of directors of the C. B. & Q., officially announces that "an organization is being formed by Mr. A. E. Touzalin and associates, to be called the Chicago, Burlington & Northern Railroad company, the object of which is the construction of a railroad from Oregon, on the Chicago & Iowa railroad, and Fulton, on our own line, to a junction at or near Savanna, in Carroll county, Ill., and thence up the east bank of the Mississippi river to St. Paul." The circular adds:

A joint traffic contract will be made between the Chicago, Burlington & Quincy railroad company and the Chicago & Iowa Railroad company, on the one hand, and the Chicago, Burlington & Northern Railroad company on the other, to run for twenty years, and providing, among other things, that the Chicago, Burlington & Quincy and Chicago & Iowa Railroad companies shall devote one half of the estimated net earnings annually on all business to and from the Chicago, Burlington & Northern first mortgage 5 per cent bonds at not above 105 and accrued interest. In case they cannot be purchased at that price, a sufficient amount of bonds to absorb the fund shall be drawn by lot and paid for at 105 and accrued interest. The bonds, when so purchased or drawn, are to be converted into the capital stock of the Chicago, Burlington & Northern railroad company a part and then canceled. The Chicago, Burlington & Quincy railroad company guarantee that from the time of the completion of the line to St. Paul the amount annually invested in the purchase of bonds shall be less than \$100,000.

The length of the new road will be about 360 miles. The capital stock now to be issued is fixed at 90,000 shares, and the bonds at \$9,000,000, or \$25,000 per mile of each. It is estimated that the proceeds of these securities will be sufficient to build and equip the road and to pay interest on bonds during construction.

President R. R. Cable, of the Chicago, Rock Island & Pacific road, left last night for a three weeks' trip through Oregon and Washington territories. He goes by the Northern Pacific, and will return by the Oregon short line.

Suburban Siftings. MARIETTA, Ill., Aug. 5.—Mr. Garber overhauled several horses last week, one of which died.

Sons were born to Mr. and Mrs. Hatch and Mr. and Mrs. E. L. Marston, Aug. 3.

The hum of the threshing machine is heard in this neighborhood for the first time today.

Rumor whispers that one of our young men is to be wedded to a lady in an adjoining town across the line.

John Lenz is in Nebraska looking for a suitable place to locate. If he is successful in finding one we shall lose one of our finest farmers and best citizens.

There was an ice cream festival at the Antioch Baptist church last night with a fair attendance. The proceeds are to go toward painting and kalsomining the church.

The corn prospect has undergone quite a change during the past month, and with a favorable fall the crop will be the best for years. The frequent showers which were detrimental in sowing and harvest, and the intense heat at times almost intolerable are responsible for the change.

The enterprising young man, Mr. A. V. Elliott, who dealt so extensively in rabbits last winter at Marston, has located in Buffalo Prairie, where he will probably be glad to greet all his old customers. The market just now is rather dull, but with the approach of cold weather an upward tendency is looked for.

COAL VALLEY, Aug. 6. The extreme heat last week was very oppressive on both man and beast.

Misses Mamie and Lillie Lee, of Cable, are here visiting friends.

John F. Hass is furnishing the brick on the county farm for the coal shed and boiler.

The steam threshing could be heard and the clouds of smoke seen the latter part of last week in the country.

John O. Johnson, one half mile north of here, had a horse drop dead in the reaper last Thursday.

There has been a move here to change the postmaster. A petition was circulated last week in favor of J. W. Gordon.

Mrs. Herman Nitz has been quite sick for the past eight days, but is now improving.

Miss Mary F. Harris left on last Thursday for Emporia, Kan., where she intends to remain for about a month.

D. R. Mierner passed through here on Saturday on the afternoon train. Mr. M. has been on a lecturing tour. In a month he will commence school in Orion, as principal.

We have copious rains following the intense heat, which may work against the grasshoppers, as the oats and grass are cut now. These destroyers will, if not thinned out by some sweeping cause, go on the corn and do some damage to it. The corn has improved 25 per cent in the last two weeks, and if these little hoppers do not injure it we bid fair to have a good crop.

RASMUSSEN'S CARD.

In calling attention to the fact that we have refitted and redecorated the Studio, making it not only the most complete but decidedly the handsomest in this vicinity. We also wish to call attention to our display of Photographic work, all recently produced and containing many novel and pleasing positions and effects of light and shadow, varying in size from a miniature up to 16x20 inches. We have been assured by old and competent critics that it is by far the finest display ever made in this city. Our artistic success is largely due to the fact that we make a greater effort to excel than to undersell, and we bring to our aid such experience as can be gathered from 17 years of continuous service (having begun our photographic career as a mere boy in 1867), since which time we have not lost sight of the importance of scenic effects in Photo art, hence our operating room is fitted with a mass of accessories, consisting of stone wall, water lilies, stairways, screens, and a variety of back-grounds, painted, ostrades, stone and rustic bridges and fences, boat, rocks, pond containing water lilies, stairways, screens, and a variety of back-grounds, painted, equalled in any gallery in this vicinity, but—We plainly say (and it is a matter easily demonstrated) that no gallery in this contains one-half of the amount of our instruments; we don't boast that they were bought in a recent sale and used by predecessors for 25 years. ON THE CONTRARY, our instruments are of the latest improved makes, containing among others, the Voigtlander Engrscope and Dallmeyer Instantaneous Lenses. THESE CELEBRATED LENSES CANNOT BE FOUND IN ANY GALLERY IN THIS CITY. WE OFFER THE advertisement by the excellence of our work. In order to better secure satisfactory results, every patron is given a show of three or four negatives, different positions, and all of these proofs are shown, and should any improvements suggest themselves, retouchings will gladly be made free of charge. Gallery corner 18th street and 2nd avenue, Rock Island.

McIntire & Co., Will place on their counters MONDAY MORNING, June 22, a fine line of Summer Silks in desirable shades at the very low cost of 34 CENTS PER YARD. These Silks were bought at a sacrifice from a large concern who had too many. No such opportunity has been offered this season. Every yard worth from 40c to 60c, and we wish customers to examine silks sold elsewhere before calling.

White Goods are moving nicely. In fact, this season has been our best several years, which leads us to infer that we are headquarters on White goods. Call and examine.
