## Three Peculiarities

Hood's Sarsaparilla, the great blood purifier and reviving medicine, is characterized by three peculiarities, namely:

- 1st: The combination of the various remedial agents used.
- 2d: The proportion in which the roots, herbs, barks, etc., are mixed.
- 3d: The process by which the active medicinal properties are secured.

The result is a medicine of unusual strength and curative power, which effects cures heretofore unequalled. These peculiarities belong exclusively to Hood's Sarsaparilla, and are:

## Unknown to Others

Hood's Sarsaparilla is prepared with the greatest skill and care, by pharmacists of education and long experience. Hence it is a medicine worthy of entire confidence. If you suffer from sciatica, salt rheumatism, or any case of the blood, dyspepsia, biliousness, sick headache, etc., kidney and liver complaints, etc., etc., etc., call on Hood's Sarsaparilla.

A motion was carried that all resolutions offered should be referred without debate to the committee on resolutions. The report of the committee on permanent organization was presented, accepted and adopted. Henry Cabot Lodge was named as president, with a long list of vice presidents, including Isaac Hopper, James R. Green, George L. Smith, John Allen, Elbridge T. Gerry, Benjamin and Abner Doubleday, and others. The committee reported that 225 towns and twenty-three cities were represented by 1,172 delegates.

At 11 A.M. Mr. Lodge ascended the platform and was vociferously cheered. He addressed the convention in an eloquent manner. At the close of Mr. Lodge's speech the platform was visited. The only portion which elicited any applause was his clause advocating a constitutional amendment prohibiting the importation of slaves.

At the close of the meeting Chairman Durbin announced that he had received from that class and was elected and seated.

It was then moved to proceed without informing the ballot, as a candidate for governor, which was carried and a subsequent motion to reconsider and nominate Oliver Ames by acclamation was carried. The ballot was called out and the ballot was begun. Whole number 224, necessary to choose 200. Of these Oliver Ames received 195 votes, and his nomination was made unanimous. J. Q. A. Brackett received 202 votes for lieutenant governor, and his nomination was made unanimous.

THE LIQUOR DEALERS.

Points of the Convention at Springfield, Ill.—The Resolutions.

SPRINGFIELD, Ill., Sept. 30.—The seventh annual convention of the Liquor Dealers' association of Illinois was called to order at 2 p.m. Tuesday, and organized by electing August Metz, of Chicago, chairman, and P. Mahoney and Adolph Miller, secretaries. Chicago, Milwaukee, and Winona, Minn., were present. The convention adjourned until 10 A.M. Wednesday morning.

Upon the reconvening of the upper delegation, the report of the committee on resolutions was presented. This report declared the liquor business to be legitimate and recognized as such by the state constitution, and that it should not be especially taxed down with unpaid rents and taxes, and required that efforts should be made to secure the repeal of the so-called front-shop acts, that the state should be absolutely free from all political parties, and the members should only support for office such candidates as have shown themselves to be in favor of personal liberty for all men.

Officers were elected as follows: President, Charles F. Walker, of Chicago; secretary, F. M. Malone, of Chicago; treasurer, Leo Goldberger, of Peoria.

Vice presidents were selected by the delegates of the various subdivisions as follows: Division A, Emil Bechtler, Chicago; division B, John G. Musch, Sandwich; division C, Louis Wetterman, Geneva; division D, Frank Reisch, Springfield.

The Dry Ticket gets a Set Back.

ATLANTA, Ga., Sept. 30.—In the Democratic primaries the Prohibitionists were defeated, the highest majority against them being 1,500 and the lowest 800. Clark Howell, upon whom a bitter personal attack was made by the Prohibitionists Monday night, left his ticket by 300. The "wet" ticket was run under the name of the Citizens' Democratic ticket, and the dry people voted the "wet" ticket. The result of the election of the day was the casting of his vote by United States Senator Joseph E. Brown. The vote Monday shows Atlanta only wants an opportunity to overturn the Prohibition law.

Henry George's Candidacy.

NEW YORK, Sept. 30.—Though Henry George's nomination for mayor originated with the workingmen, his canvass has developed strength in other classes as well.

Among the numerous signers to a call for a mass meeting to be held Friday at Clarendon Hall to ratify Dr. George's nomination are leading representatives of the professions and of the various lines of mercantile business.

Bent Butterworth Renominated.

CINCINNATI, Sept. 30.—Bent Butterworth was renominated by acclamation in the First district, which covers the central and northern West End, and the Second district, which covers the eastern and southern parts of the city. In the Second district there were two nominees, Gen. Charles Brown and Josiah Kirby. Gen. Brown was renominated on the first ballot, receiving 58 votes to Kirby's 42.

THE TEST WAS SATISFACTORY.

NEW YORK, Sept. 30.—The government department of the American telegraph company to the navy was tested to the navy from New York trip Monday. The line maintained a slightly higher speed than was required by the contract, and the test was satisfactory.
