### A Brunswick Romance.

Perhaps the most romantic of all the tales of ancient Brunswick is that of Mollie Finney and how she got a husband. It was a wild beginning, but a good old fashioned ending.

In 1756 the eastern Indians were in a most warlike and ferocious mood. They massacred many of Brunswick's settlers, and one night made a raid on the house of Thomas Means, at Flying Point. They battered in the door and dragged out Means and his family. The little Mollie, then a child, was found by the Indians and taken to their camp. She was sold to a French trader, and then to a Dutchman, and finally to a German, who brought her to Brunswick.

It WASN'T BACK BREAD—In other words, Hood's Sarsaparilla will not do impossibilities. Its proprietors tell plainly what it has done, submit proofs from sources of unquestioned reliability, and ask you frankly if you are suffering from any disease or ailment caused or promoted by impure blood or low state of the system, to try Hood's Sarsaparilla. ### Cherry Words

From a gentleman of Texas to his own people, and all others over the country. Hear what he says:

I have been a practical druggist in Tyler for a number of years, and in that time have had occasion to examine, try, and notice a great number of the highly recommended preparations or patent medicines on the market, and as I have suffered untold misery myself, the past number of years, from a severe form of inflammatory rheumatism, and could find nothing to cure or relieve me, I had almost drawn a conclusion that all patent medicines were more or less frauds until about one year ago, I was induced by a friend now living in Tyler, to try a preparation known as B. B. or Borneo Blood Balm, and after a long persuasion on his part, I finally made up my mind to make one more effort to rid myself of the terrible affliction; and it not only afforded me the greatest pleasure of my life to state to the citizens of Smith county that I am entirely cured, with no traces of the disease left, and all effected by the magic healing properties of B. B. B., which I consider the greatest, and best of all the blood purifiers and blood builders that I have ever known to man. I have been subject to inflammatory attacks since ten years of age, and up to the present time have had four. The last spell came on me in November, 1888, and it was so severe, that I was confined to my bed for eight weeks, sleep the nights in misery, with no sleep except when produced by narcotics, and various opiates. The week before last, using B. B. B. up to that time I had only eaten six meals, and could scarcely sit up without support; but after using three bottles I was able to relish my meals and to walk up town, and after six bottles had been used, thank heaven, I was entirely cured, and not the slightest pain felt since that time. When I returned to business in February, my weight was 145 pounds, but gradually increased until my regular weight was again attained, 210 pounds. The noticeable fact in what I have so cheerfully stated is, that this unparalleled and remarkable discovery, B. B. B., cured me in mid winter, at the very time my sufferings and misery were the greatest. I take it on myself as a practical druggist to heartily, cheerfully, as well as conscientiously, recommend this glorious blood remedy to all sufferers of rheumatism or blood troubles, and not only myself, but the friends of Mr. Key & Adams, who handle it, will cheerfully endorse its superior merits.
