Regular Size 25c a Bottle.

T. H. THOMAS,

Druggist, Rock Island.

OLD SOL'S A SCORCHER.

Another Hot Day, Though a Little Milder.

The Fifth Death from the Excessive Temperature Recorded in Rock Island—The Coroner's Inquest—Other Facts.

Another death, traceable to the intense and continued heat, occurred at the Fourth avenue hotel, presumably last night some time. The unfortunate was a Frenchman named Nicholas Donevert, who was last seen alive yesterday at noon.

The first witness to testify was Mr. M. J. Murphy, who in words said that he had been acquainted with the deceased about ten years; that he had worked on lived with his family during this time.

Henry Smith, the next witness, said he last saw Donevert alive Friday noon; he was then trying to enter room No. 8, which was all he knew about the case.

Mrs. Edgecomb, the landlady of the Fourth avenue hotel, testified that he had boarded at the hotel off and on for some time. He came to the place last Sunday evening and engaged board, and was seldom about the house during the day.

OTHER EFFECTS OF THE HEAT. It has become necessary to change the arrangements for the burial of Mrs. Daniel O'Brien, whose death as the result of the heat, was recorded in the Argus of yesterday, and it will be held tomorrow morning at 9:30, from St. Joseph's church.

Mr. Adam Schab is still very weak from the effects of his prostration Thursday night, but Dr. Barth entertains strong hopes for his recovery.

Ex-Ald Matthias Schnell has been confined to his house for several days with an attack of cholera morbus, which has been aggravated by the heat, and last evening his condition was regarded as precarious, but he is better today.

Postmaster Howard Wells is confined to his home from the effects of heat prostration.

The extreme weather has completely reversed the usual order of things in Rock Island, and in nearly every branch of industry men go to work in the evening, and quit in the morning.

Constable Eckhart learned today that the farmer who died from the effects of the heat in the police station, Thursday night, is Jacob Thorne, an old brewer in Muscatine. The remains and tent have been telegraphed for.

The temperature this afternoon was 96—one degree cooler than yesterday. There is also a grateful little breeze today that makes human existence more bearable.

John Siegrist the ice man, was prostrated by the heat this afternoon.

THE WOODMEN WAR.

A Conference of Representatives of the Order at Bushnell—A Convention Called in Rock Island July 24—That Double Assessment.

A conference was held at Bushnell yesterday of representatives of the Modern Woodmen camps of the Eleventh congressional district, Maj. C. W. Hawes of this city, G. W. Gamble, of Moline and Samuel Blair, Jr., of Milan, were present on the occasion.

It is not unlikely that the Illinois members of the order 40,000 strong, will leave the order and form a separate society, though a great many of the members of the organization in this city rightly oppose and abominate secession in any form.

Dr. McKinnie, who heads a faction of the order which has been fighting Root right along, does not enjoy any more of the confidence of the Woodmen of Rock Island county than Root himself does, but in the recent issue of his Mail and Wedge, he says the double assessment recently issued by Root and his associates is a good indication that the head consul is preparing to decamp.

The Mail and Wedge, then proceeds thus: "One assessment raises about \$45,000 here we have death losses to the amount of \$20,000 and two assessments called to meet them, which will put \$135,000 into the treasury, which amount, less the sum actually due the divisees, about \$27,000 to pay death losses, with the copies of the records, now about completed at Fulton, will be removed to Iowa or Nebraska, and the sovereign camp of the world will be ready for business."

PEORIA'S NEW MOTOR

The System of Power which it Said will Revolutionize Street Railway Transportation.

The Peoria Journal says that while Manager Wiley, of the Sylvan Park line of that city was in Chicago lately, he saw a cut of the new motor car to be used on the Ft. Clark railway there, and also the working model, and further:

Mr. Penock, the inventor, expects to be here next week, and when he comes he will remain here six weeks. It is hardly probable that the car will be ready to accompany him, but he will look over the road bed and make arrangements for a trial trip to be made as soon as possible.

All of the other electric companies are working against this system, as it bids fair to revolutionize electric railway traffic. It is expected that people will be here from all over the United States to look at this new process of street car propulsion. The managers of the cable and other roads in Chicago have signified their intention to come here.

The mayor and part of the council of Peoria, Pa., will also come. A street car company in that city asked for a charter for an overhead line, but the council refused to grant it. If this should prove a success Beaver will undoubtedly adopt the Penock system.

The first car to be put in motion will have a fifteen horse power motor, and Mr. Penock thinks that this will be a little better than two small mules.

Chicago parties are very anxious that a trial trip should be made in this city, but as Captain Hall was the first one to enter Mr. Penock's workshop after the patent was issued and made a contract for Peoria county with him, Mr. Penock will not go back on his agreement.

Peoria will, therefore, be the first city to witness a street car propelled by galvanic electricity.

At Trinity church, Rev. C. H. Kellogg will officiate at 10:45 a. m. and 12 o'clock. Lay reading at 7:30 p. m.; at the chapel, service at 2:30 p. m.

For the First M. E. church, preaching at the rink at 10:45 with discourse by the Rev. G. W. Gue to all the Methodists of the city. No evening service. Sunday-school as usual.

At the Central Presbyterian church, there will be the usual services tomorrow. Preaching by the pastor, Rev. Jno. H. Kerr. Sabbath school at 9:30 a. m., and young people's prayer meeting at 6:45 p. m.

CITY CHAT.

Attend your caucus tonight. Democratic primaries tonight. Fresh strawberries at F. G. Young's this evening.

There will be a car leave the watch tower every evening at 9:30. The latest in straw hats is the green shade at Lloyd & Stewart's.

Remember the late cars to the watch tower and Spring Cove tonight. Another new line of straw hats just received at Lloyd & Stewart's.

Another new line of those black straw hats just in at Lloyd & Stewart's. Negligee, Madras and cheviot shirts made to order at Lloyd & Stewart's.

Those bedroom suits are still going at a great rush at Clemann & Salzmann's. Have your shirts made to order and they will not shrink. Lloyd & Stewart's is the place.

Miss Maggy Grady, who has taught the spring term at the Rural school, has returned home for her vacation. The democratic caucuses are to be held tonight to select delegates to the county convention to be held next Tuesday.

Jacob Ohlweide is leaving on his comparatively good sidewalk, and laying a new one with the brick set on edge. That car load of chamber suits just received are handsome, and sell at astonishingly low prices, at H. F. Corde's, 1623 Second avenue.

The Sunday school of the First M. E. church has gone up the river on the Libbie Conger this morning to have a day of it in the vicinity of Port Byron.

The families of Geo. E. Bailey and Capt. Jas. M. Beardsley go into camp near the toll gate Monday morning. This will be the first of the season.

Mr. H. F. Hartman will have a grand raffle of a horse and phaeton, at the Rock Island Lumber company's horse house, at 8 o'clock this evening.

E. C. Cavett of Edgington, was in the city today. He is the contractor for the new store which Addison Rush is erecting on the ruins of Marshall Davis' store.

Clemann & Salzmann have just received the contract to furnish the First M. E. and Broadway churches, with new carpet. The M. E. church takes about one thousand yards.

Mr. F. G. Young the grocer, says the Union has made an error as to there being no strawberries in the market. He has had strawberries every day this week, and will have plenty this evening.

Secretaries of the democratic primaries throughout the county tonight will confer a favor by sending to this office either tonight or Monday morning a list of delegates with instructions, etc.

The street and alley committee has located the standpipes taken away from Second and Nineteenth on Third avenue, between Eighteenth and Nineteenth, for the use of Street Sprinkler, Hardin.

The Tri-city Ministerial Union will hold its regular quarterly meeting at Black Hawk's tower Monday. Rev. J. H. Kerr will read a paper on the "The Value of the New Testament" and a discussion will follow.

The case of Cool vs. Cool, which has been on trial before the county court for several days, has been continued until Tuesday awaiting witnesses, and at the same time to give the court and attorneys an opportunity to cool off. Strange to say, they have dismissed the Cool proceedings temporarily.

Wm. Risbon, who was implicated in the Wideawake hose company disgrace, was tried before Justice Hawes to whom a change had been taken from Magistrate Wivill yesterday afternoon, and held in bonds of \$100 for creating a disturbance. He was sent to jail in default.

Mr. Geo. B. McKinney, of Philadelphia, will play at the Christian chapel organ tomorrow morning. He is the organist in the church of the Evangelist in the Quaker city. His special selections will be the offertory and the closing piece. Mr. McKinney is a cousin of Miss Sallie Thompson, whom he is visiting.

Supt. Schnitzer, of the Holmes syndicate, began at 10 o'clock last night to run a runner track at the corner of Second avenue and Seventeenth street, connecting the two sides of the double track. The switch, which is to form the connection, is a double action affair so that cars may be run from either track onto the other.

An adjuster for the Phoenix Fire Insurance company, of Brooklyn, of which Leonard & Knowlton hold the agency, arrived yesterday, and was driven out to the farm of Mr. Robert Crampton, in Black Hawk township, and the adjuster promptly made Mr. Crampton out a check for \$2000 on his claim against the company—a little over \$600.

The Standard Theatre Company presented "Ten Nights in a Bar-room" at Harper's Theatre last night. This afternoon "Kathleen Mavourneen" was given as a successful matinee and tonight the company closes its excellent engagement in "Only an Actor." A cow will be given away. The company has struck a bad week here, the weather being so oppressively hot that people had no desire to go to the theatre.

It is learned on good authority that H. B. Hills, for many years a real agent on the Rock Island road at this point, has tendered his resignation to take effect at some date near at hand. Mr. Hills himself was not to be found where he was sought yesterday, but the report comes from a source that gives it the stamp of reliability, and it is generally credited among the railroad men, though none of them are prepared to say that the resignation has been made.—Davenport Democrat.

When the new scales were put in on Belmont square the Fairbanks company sent a man named Fred L. Meyer down from Chicago to oversee the work. Meyer was given to excessive drink and as a consequence the company lost considerable time and money. Subsequently Meyer was recalled and now it is learned that in fit of remorse occasioned by the fact that the company had lost confidence in him, he took a dose of morphine and died.

River Rapids. The Pilot and Golden Gate came down with barges in tow. The Stillwater, Robert Dodds and City of Winona each brought 16 strings of logs.

The Irene D and West Rambo came down from LeClaire and went back up stream. The stage of the water is stationary at 11:30; the temperature on the bridge at noon was 92.

The Libbie Conger came down last night and went up the river with the M. E. excursion this morning.

The J. K. Graves, Stillwater and Pilot with two barges, Golden Gate and R. A. Sneed with one each, and the Bart E. Lochen were today's up river boats.

After all, the best way to know the real merit of Hood's Sarsaparilla, is to try it yourself. Be sure to get Hood's.

A Good Show Coming. In these days of tinzel and parade when, as is too frequently the case, the main attraction of the show is on paper and in the procession on the street, it is gratifying to have an entertainment visit us with a reputation so general for merit and excellence as that of Wallace & Co's great world's menagerie and international three ring circus. It has the enviable record of presenting a multitude of the best acts and features under canvas, and of exhibiting a large collection of the rarest animals and birds known to natural history. The exhibition will be in Rock Island, Friday, July 11.

An Injunction Threatened. Since the location of the city dump boat just west of the foot of Seventeenth street, complaint has been frequently made that the location of the boat there had created a public nuisance. Mayor McConochie and Health Commissioner Eyster investigated the matter, and finally decided that the objections were not sufficient to cause a removal of the boat. Today, however, Maj. J. M. Beardsley was retained by Capt. Gen. Lamont, of the Diamond Jo line, to seek recourse at law, and an injunction against the city is threatened.

Horse and Phaeton Stolen. A bold and audacious piece of thievery was committed at the home of Mr. H. P. Hull last night. Some time during the night Mr. Hull's white faced brown mare was taken from a pasture on the premises, attached to a phaeton in the carriage house and driven off. The outfit is still missing, and so far there is no trace of the thief or thieves. The police have been notified and are endeavoring to recover the property. Mr. Hull has offered a liberal reward.

Whitman's butter cups and marsh-mallows put up in fancy half pound boxes at Krell & Math's.

McIntire Bros. have a new and reliable kid glove cleaner; cleans perfectly and leaves no odor.

CLEMMANN & SALZMANN,

Who now own the largest ground floor Furniture Establishment

West of Chicago, are ready to take the people of this vicinity through one of the largest and finest

CARPET ROOMS

in this section of the country, which is elegantly lighted and contains the largest and handsomest PATTERNS OF CARPETS

ever seen in the three cities, and their stock of FURNITURE and CURTAINS is grander than ever.

CLEMMANN & SALZMANN,

Nos. 1525 and 1527 Second Avenue, And Nos. 124, 126 and 128 Sixteenth Street, ROCK ISLAND.

NOT many things are harder than to select presents. To get something that will be good of its kind, pleasing and useful, and not too costly, is what we all wish to do, but don't always succeed in doing.

We store keepers all think we can meet these requirements; but perhaps in a china store, the things to choose from make it easier to satisfy oneself than in most others. If you intend making birthday, wedding or anniversary presents, wouldn't it be well to call and see what is here?

I have a great many new things, some expensive, and some not at all so. Among staples are a new and very neat brown decoration open stock dinner pattern; something good enough for every day use, or for better if you don't use fine china, and in which you can have just what you want from a tea pot lid (for example) to a full dinner set. A regular 112 piece set would cost about \$14.00. I have others for less—one style for \$10.75, decorated in colors.

Plenty of Rose bowls; plenty of ice tubs; you want some of these. A very complete line of table cutlery. Something new in euchre prizes. Visitors always welcome. We spend a good part of our time "fixing things up" and like to know how it strikes other people.

G. M. LOOSLEY, CROCKERY AND CHINA, 1609 Second Avenue.

Open Saturday evenings until 9:00 p. m.

BOOTS AND SHOES.

THE LARGEST AND BEST STOCK
