Royal Baking Powder

ABSOLUTELY PURE

DARING BURGLARY.

Cracksmen Do a Neat Job at Elroy, Wis.

BANK ENTERED AT THE FRONT DOOR

And Several Hours of Work Prosecuted Without Disturbance, Although There Were Twenty-five Men Awake a Block Away—The Swag Amounts to About $3,500—The Job Done with Pick, Drill and Powder—Rare Coins of the Cashier Taken.

ELROY, Wis., April 1.—About 1 o'clock yesterday morning the Bank of Elroy, owned by Edmund Hart, was robbed of over $3,500, of which $2,400 was in gold, about $300 in silver and the balance in paper. The bank is centrally situated, about a block from the railway station, where there are always about twenty-five men all night, but none of them heard or saw anything unusual during the time the robbery is supposed to have take place.

Burglars Went in the Front Door.

The burglars gained an entrance to the bank by prying open the front door with a pickax, which they took from a blacksmith shop near by, together with a number of other tools. After getting inside the building they drilled a hole in the vault door near the combination and by the use of an explosive they tore the combination off, giving them access to the interior of the vault. Inside the vault there was a large safe which they opened in the same way.

Blew Their Way to the Cash Box.

The cash box was inside another combination, which was blown to atoms. The papers, deeds, notes, mortgages, bonds and other valuable securities were thrown promiscuously about the vault, some of them being torn to shreds. The clock stands directly over the vault door, and it is supposed that the jar of the first explosions stopped it. The hands pointed to exactly 1 o'clock.

Will Not Break the Bank.

The damage to the vault and safe will reach $1,000, and will temporarily embarrass the transaction of business, as it is the only bank in the city. The financial loss will not inconvenience the bank, and the depositors will lose nothing. The bank is capitalized at $80,000, and its books show deposits of about $40,000.

Carried Away a Marked Bill.

The robbery was first discovered by Cashier George Clark when he went to the bank yesterday morning at 7 o'clock. The news of the burglary soon spread and business was almost suspended during the day in consequence. The cashier had quite a collection of rare coins which were taken and which he can identify. There was also one bill which he had marked in a peculiar manner, and which if found will afford a clew to the thieves.

Stole a Priest's Gold Watch.

There was also stolen from the vault a gold watch belonging to the Roman Catholic priest at Kendall. The bank officers have the numbers of the movement and the case. The burglars left pieces of their tools in the vault, and from their appearance it is thought that the job was done by experts. There is only one passenger train leaving here between 1 o'clock and morning, which is the Northwestern limited, going south at 2:13, and railroad men report that several men were seen boarding that train between the engine and the express car. Police officials all over the state have been notified, and are on the outlook for the robbers.

The Mandalay Conflagration.

RANGOON, April 1.—Dispatches from Mandaly say that scores of lives have been lost, whole families perishing in some cases. The destitution is very great and aidis going forward as rapidly as possible. All the native part of the city was swept away and it is supected that the fire was started by the natives to terrorize the British, as it broke out in places widely separated. Pretty much all the British part of the city was saved. The total loss is about £60,000.

The Lumber Cut in Maine.

BANGOR, Me., April 1.—Such favorable weather for logging in northern Maine is seldom known in March, and the amount of lumber hauled to the landings will be considerably in excess of mid-winter estimates. Over 50,000,000 feet of logs will go into Moosehead this season, and the total Kennebec cut is now estimated as high as 140,000,000 feet, while the Penobscot cut will be even larger. About 131,000,000 feet will come down the Mattawamkeag.

Less Excitement at Paris.

PARIS, April 1.—It is confidently expected that the vigorous measures taken by the government, including expulsions from France, arrests of suspected persons and domiciliary visits, have practically put an end to the dynamite outrages. Ravachol seems to be an all-around criminal. He is charged with several murders, some of which he admits, is a counterfeiter, thief, and the probable author of the explosion at Bulot's residence.

Count Herbert Tempting Fate.

LONDON, April 1. — Vienna dispatches state that Count Herbert Bismarck, who is sojourning in that city, is attracting attention to himself by the reckless manner in which he discusses in public and private the vagaries of the Emperor William. It is said that the Emperor Franz Josef, who is thoroughly loyal to his brother sovereign, is unable to conceal his annoyance at the count's conduct.

A Successor for Prof. Dana.

NEW HAVEN, April 1.—A successor to the venerable Professor James D. Dana has been appointed by the Yale faculty. He is H. L. Williams, professor of mineralogy at Cornell university. His connection with Yale will begin next fall. Professor Dana's name will continue on the catalogue as a member of the faculty, and he will continue to lecture on scientific subjects.

INSTRUCTED FOR CLEVELAND.

Minnesota Delegates to the Democratic Convention—The Silver Plank.

ST. PAUL, April 1.—Four hundred and fifty of Minnesota's representative Democrats assembled at Market hall yesterday at noon and spent several hours shouting for Grover Cleveland. Incidentally they selected eighteen delegates to the Chicago convention, and instructed them for Cleveland in the following resolution:

Resolved That the delegates selected by this convention are instructed to vote as a unit for, and to engage every manly endeavor to secure, the nomination of Grover Cleveland as the candidate of the Democratic party for president of the United States.

Albert H. Haven, editor of the Faribault Democrat, presided over the convention. The delegates-at-large are M. Doran, Le Sueur; P. B. Winston, Minneapolis; Lewis Baker, St. Paul; Thomas Wilson, Winona.

On the Monetary Question.

The platform is for the revenue tariff. The silver resolution says:

We hold, in accordance with the traditional policy of our party, to the use of both gold and silver and that the sole coinage function of the government is to examine the relative values of the metals of coinage as established by the commercial world, and if there has been a sufficient fluctuation in the value of either to make the existing ratios unequal the to readjust the ratios so that then number of grains of either metal in the unit of coinage, the dollar, shall be equivalent in value, and then to permit the free, unrestricted coinage of both metals. We join the Democracy of New York in demanding the repeal of the Sherman silver coinage act. We condemn that act as an attempt to distract the friends of honest bimetallism, and denounce it as calculated to debase our currency, contract the circulating medium and wreck the confidence and safety of the business world.

A MANIAC MOTHER'S DEED.

She Jumps from a Third-Story Window with Her Little Boy in Her Arms.

NEW YORK, April 1.—Mrs. Margaret Doane, a handsome middle-aged woman, the wife of a produce dealer doing business in Washington market, threw herself with her 5-year-old son Frank from the third story of her residence, 239 Elworth street, Hoboken, yesterday morning. Mrs Doane's arm and leg were broken, and she was probably fatally injured internally. Her boy's skull was fractured and he will doubtless die.

The Husband Awakes Too Late.

About 2:30 o'clock in the morning Mrs. Doane left her room and entered the apartment where her husband and child were fast asleep. Without awakening her husband she lifted the boy from the bed and carried him to the parlor window and hastily opened the blinds. The little fellow was awakened by this time and struggled and screamed in his mother's arms. Mr. Doane was awakened by the child's screams, and was horrified to see his wife leap from the window to the sidewalk.

Had to Wait for an "Overt Act."

About two months ago Mrs. Doane gave birth to a child and since then she has acted strangely. Three weeks ago, accompanied by her 21-year-old daughter, she called on Police Captain Hayes and asked to be committed to some institution, as she was often seized with a desire to kill herself and her children.

REDUCING THE SILVER OUTPUT.

Big Mines in Colorado Closing Down Because They Don't Pay.

DENVER, Colo., April 1.—The closing down movement in the big silver mines of Colorado continues. General consternation is now prevalent in all the silver producing sections of the state. The big Larmartine mine in the Idaho Springs district has given the men its ultimatum, either to accept a reduction of 50 cents per day or close down. The present pay is $3.00. This will throw out 400 men. Henry R. Wolcott, brother of United States Senator Wolcott, of Colorado, said that his company was considering the closing down of the Last Chance at Crede, the heaviest producer in that camp.

Will Lay Off His Whole Force.

Dr. Haul paid off all of the top men in the Aspen mine Wednesday. A miner employed there said that the entire force expected to be laid off on the 4th. The 5th is their pay day. Judge Hailey B. Morse admits that he is going to close down all of his silver properties in Gilpin county. Other properties are considering the advisability of shutting down.

ARE GOING TO FIGHT THE TRUST.

A "Big Four" in the Tanglefoot Line to Build a "Mill."

CHICAGO, April 1.—Samuel Woolner, of Peoria, came to Chicago Wednesday and completed the subscriptions to $1,500,000 worth of stock which will build one of the largest distilleries in the world. The ground has been purchased, the plans have been made, contracts for the copper are let, and all that remains to be done now is to file the corporation papers at Springfield before work is begun in April.

Just Made a Pot of Money.

The movers in the enterprise are Samuel Woolner, John Francis, Edward W. Eastman and George Miller. All these men were at one time connected with the great distillers' and cattle feeders' trust. They dumped their stock at top prices on eastern holders and are now going into business on their own hook. The new distillery will be built at Peoria and will be running by November.

Promoted the Regimental Dog.

BERLIN, April 1. — The famous regimental dog attached to the Frederick III Grenadiers, stationed at Konigsberg, has been promoted to the rank of sergeant. The men of the regiment conducted the ceremony of raising their canine comrade's rank with great formality, and caused the proper chevrons to be engraved on the dog's gold collar.

Cleveland Their Unanimous Choice.

CHESTER, Pa., April 1.—The Delaware county Democratic convention met at Media yesterday for the purpose of selecting national and state delegates. Grover Cleveland was the unanimous choice for president. The state administration was indorsed.

IN FIRE AND FLOOD.

Five Souls Sent to Eternity and Probably Ten.

STEAMBOAT BURNED ON THE OHIO.

The Golden Rule Takes Fire at the Cincinnati Wharf with Tragic Results—One Young Passenger Driven Mad by Fright—Cyclonic Havoc in Nebraska—Nelson Visited, Thirty Houses Wrecked and Five Residents Injured—Still Another Five Hurt in a Train Wreck—Child Cremated.

CINCINNATI, April 1.—At 5 o'clock last evening a fire broke out on the steamer Golden Rule lying at the foot of Main street. Between the Golden Rule and the shore was the steamer Fleetwood with steam up and ready to pull out for up river. The Golden Rule was booked to leave at 5 o'clock for New Orleans, and had fifty or more passengers on board. A panic ensued. A dozen or more jumped into the river, while all the other passengers escaped by jumping from the Golden Rule to the Fleetwood, thence safely to shore. Had not the Fleetwood been where it was the loss of life would have been appalling. The fire originated on the lower deck of the Golden Rule by one of the deck hands setting a lamp on a barrel of varnish.

The Flames Do Quick Work.

In a flash the flames communicated to the rubbish, and from thence to the lighter freight. In twenty minutes the whole structure was enveloped in flames. The Big Sandy wharf boat was soon ablaze, and was destroyed. The burning boat soon broke loose from its moorings, and started to drift down the stream. By the time it had proceeded 250 feet it was burned to the water's edge. As soon as the fire was discovered all the other boats at the landing were cut loose and steered out into the current. The value of the Golden Rule alone was $25,000. The cargo was worth $50,000. The wharf boat was valued at $10,000.

Five Dead and Five Missing.

Thus far five lives are known to have been lost. They are: Miss Nellie Maloney; Frank Reilly, second mate; Jim Madison, mate; Nat Homer, white deck hand; an unknown woman. Mrs. Easton, of Addyston, a suburb of this city, is also missing and it is feared she is lost. Three or four others who were known to have been on the boat, but whose names were not obtained are missing and the death list may be increased to ten or more. Miss Maloney jumped into the river between the steamers Golden Rule and Fleetwood, and her body is supposed to be near the scene of the disaster.

Made One Girl a Maniac.

Miss Minnie Fitzsimmons, of Covington, who was one of a merry party starting for an excursion to New Orleans, had a narrow escape from being burned alive, and as a result of the fright and excitement she has become a raving maniac and it is feared will be permanently insane.

HAVOC BY A CYCLONE.

Thirty Buildings at Nelson, Neb., Wrecked—Five Persons Injured.

NELSON, Neb., April 1.—A most disastrous cyclone passed through here last evening. It was first seen in the southwest in the shape of clouds rapidly whirling. They gradually grew black and more compact, and the wind, striking in the northwestern part of town, passed directly through the residence part, ruining everything in its path. Several business blocks were unroofed and about thirty residences completely destroyed. The total loss is estimated at $100,000.

Five Persons Seriously Hurt.

Five persons were injured seriously, but none killed. Their names are: Mrs. John Eaton, H. H. Williams, Alice Williams, John H. Hunt, Miss Mary Brayman. The wind lasted about ten minutes, after which there was a heavy fall of rain, lasting five minutes. Considerable damage is reported in the track of the storm through the country, of which particulars cannot be learned at present.

CRASH ON AN INDIANA ROAD.

It Is Serious to Five of the Men on the Train.

PRINCETON, Ind., April 1.—Negligence caused a wreck on the Louisville, Evansville and St. Louis railroad yesterday morning. Train No. 74, going east at a rate of twenty miles an hour, ran in an open switch at Beck's siding and dashed into some freight cars. The engine and nine cars were completely demolished. Following are those injured: Engineer John Rosenburg, head cut and shoulders crushed; Pete Delaney, fireman, head and face badly cut; Conductor Harry Crames, body bruised, not seriously; T. J. Roberts, brakeman, head and face badly cut, legs and arms terribly crushed; W. O. Wright, hind brakeman, head and face badly cut, back, both legs and one arm smashed; he is also internally injured.

Saw Their Child Burn to Death.

ASHLAND, Pa., April 1.—A 5-year-old child of Louis Bubble was burned to death by playing with fire yesterday. The little one's parents were witnesses to the terrible sight, but were too far away to reach her in time.

Poet Riley at the Capital.

WASHINGTON, April 1.—James Whitcomb Riley, the Hoosier Poet, appeared in Washington last evening before a large audience, including the president's family and several members of the cabinet. After the performance he visited the rooms of the National Capital Press club, where a large and fashionable reception, a kind of house warming by the club, was in progress and delighted the guests with several recitations.

The Silver Difficulty in India.

LONDON, April 1.—A dispatch to The Times from Calcutta says: "The continued unprecedented fall in the rate of exchange is causing universal consternation here, and threatens to paralyze all branches of trade. Much indignation is expressed at the apathy of the government. It is generally hoped that the government will greatly reduce the sales of India council bills and raise a gold loan of £7,000,000 or £8,000,000."

Will Play for the Israelites.

NEW YORK, April 1.—The Thalie theatre on the Bowery has been leased to Messrs. Levy and Heine, of Chicago, for five years. It is their intention to run the house as a Jewish theatre, presenting Hebrew plays with competent Hebrew actors. Their tenancy will begin on June 1.
