STRIKE IS ON AGAIN

Kansas Coal Mine Affairs Promise More Turbulence.

THE MEN REJECT DEVLIN'S OFFER

President Walters, of the Miners' Union, Threatens Violence to All Who Go to Work—Parade of Unemployed at Newark, N. J., Called Down by the Mayor for Carrying the Black Flag—Hungry Men at Chicago.

TOPEKA, Kas., Aug. 22.—At a delegate convention of strikers at Pittsburg, Kas., presided over by President Walters, the Devlin proposition was unanimously rejected on account of the contract and "ironclad" rules and regulations attached thereto. In a resolution passed by the convention the contract and rules and regulations were denounced. Mrs. Baker, the owner of the Durkee shaft near Weir City, created considerable excitement by going to the office of Mr. Durkee, the lessee, and informing him that if he shipped negro miners in to work for him she would cancel the insurance policies and burn the works before the property should be depreciated in any such manner.

Trouble Brewing at Leavenworth. A dispatch from Leavenworth says that nothing is being done in the mines there. Trouble is certainly brewing and some declare the strike is taking on a serious aspect. There is even talk of bloodshed and destruction. Fifty-six negroes who had been hired to come here and work in the North shaft arrived from the south Saturday night and the intention was to take them into the shaft. A great deal of work for the accomplishment of a certain purpose was done by striking miners Sunday. Some of them worked on the credibility of the new arrivals, while others waited upon the tender of the shaft and, it is reported, informed him that if he took the imported negroes into the shaft his home would be blown up with dynamite.

Walters Threatens Violence. Private telegrams received here from Frontenac state that President Walters, of the Coal Miners' union, threatens violence to all men who go to work in the Atchison, Topeka and Santa Fe Railroad company's mines under the agreement entered into between the company and individual miners last Friday. Walters called a meeting Sunday at which he said that the union must be recognized and that if the men went to work without its sanction he would lead 2,000 union men to Frontenac and drive the "scabs" out of the mines.

PARADE OF THE UNEMPLOYED.

It Carries the Black Flag, But Fails to Be Impressive.

NEWARK, N. J., Aug. 22.—The parade of the unemployed workmen through the streets of this city has taken place. There were about 200 men and boys in line. At the head of the procession a man marched bearing a black flag upon which was painted in white letters "Scabs of the times: I am starving because he is fat." The picture of a well-fed man was displayed on one end of the flag and a starving workman on the other. When the procession reached the city hall Mayor Haynes ordered the black flag lowered, declaring that no one could march through Newark's streets carrying any flag except the stars and stripes. The men were all well-dressed and did not look hungry.

Declared They Were Starving.

CHICAGO, Aug. 22.—At a meeting of the committee of labor union men which has charge of the relief measures for the benefit of the unemployed at this city Chairman McCune, after several fiery speeches had been made, said that he would like to hear from any brother who had not spoken, and in response two men stood up and speaking in broken voices said they were hungry; that their families were starving and that they could get no work at their trades. Sympathy was manifested in the shape of a collection which netted \$10 apiece for the needy men.

Union of the Unemployed.

SAN FRANCISCO, Aug. 22.—The unemployed in this city have formed an organization entitled the United Brotherhood of Labor. It has, so far, about 2,000 members, and has already established a free employment agency and is constructing a free soup kitchen which will shortly be ready for use. The organization has skilled craftsmen among its members who propose to take the places of Chinese in the canneries and other institutions employing such labor.

Idle Men Attack an Officer.

CHICAGO, Aug. 22.—When the whistle blew for work at Armour's packing house a crowd of unemployed gathered and assaulted Police Officer Doherty, who had ordered them away. A serious disturbance was narrowly averted and the officers on duty succeeded in arresting one of the disturbers.

Signs of the Times.

CHICAGO, Aug. 22.—Among the indications of the existing condition in financial affairs are the following facts:

At Denver—The Peoples' National and Union National, two of the suspended banks, have opened their doors for business.

At Pittsburg—Seven large industrial establishments have resumed in part or wholly, giving employment to several thousand men.

At Springfield, Ill.—The rolling mills which have been idle for several weeks have resumed operations.

At Chicago—Armour & Co. have received \$500,000 in gold from Europe and will obtain \$500,000 more in a few days.

At New York—The Citizens' National bank will reopen its doors in a few weeks.

Over 1,000 longshoremen have struck on the Mallory, Ward and Clyde lines at New York against a reduction of 5 cents an hour in their wages.

At New York—A thousand men, women, and children were fed by a saloonkeeper at East Broadway and Division street.

At Denver—One hundred men employed on the sewers of the city have struck be-

cause "contractor" money reduced their wages to \$1.20 a day.

At Greeley, Colo.—The Greeley National bank has opened for business. The Union National will probably reopen next Monday.

The Packeburg Iron works at Parkersburg, Pa., has temporarily shut down for the first time in fifty years. About 300 hands are thrown out of employment.

At Chicago—The Q. and C. company, railway supplies, has gone into the hands of a receiver. Liabilities, \$114,000; assets abundant.

At Pueblo, Colo.—The Central National has reopened for business.

The Havemeyers at New York have ordered resumption of work in the sugar refineries which will give employment to 4,000 hands.

LIVE STOCK ON EXHIBITION.

The Greatest Show of Its Kind Now in Progress at the Fair.

CHICAGO, Aug. 22.—There has never been a live stock exhibit on the American continent equal to that which has opened in the big pavilion at the south end of the fair grounds. The barns are now filled with fine representatives of the leading breeds of horses and cattle. This great exhibit will embrace over 1,500 head of horses and 1,000 head of cattle. Hon. R. B. Ogilvie, of Madison, Wis., one of the leading exhibitors of Clydesdale horses, was seen in the Clydesdale barn. He said he was looking forward to the live stock exhibit with the deepest interest. "Speaking of Clydesdales," he continued, "I will say that the exhibit which will be seen here has never been approached on this continent and rarely, if ever, equaled in Great Britain, either in point of numbers or excellence of animals."

"Of special interest to Americans will be the great exhibits of the Russian and the German governments, the former showing Orloff trotters and the latter the celebrated coach horses of that country. The imperial stud of his majesty the czar will be well represented. There will also be seen fine specimens of English hackneys and Cleveland bays, the latter being the celebrated coach horse of Yorkshire. In short, the best representatives of all the equine families will be here at this Columbian show in such numbers as were never before witnessed. The opportunities for studying and comparing the different breeds here have never been equaled."

Antoine Brousseau, of the backwoods of Upper Ontario, Canada, an illiterate French Canadian, who never learned to read or write, was seen in the fair in an old leaky point which he found abandoned in the woods aforesaid, and which he has paddled for 1,000 miles with only a dog for companion.

The programme for colored American day Aug. 25, at Festival hall next Friday is one of the special interest. Hon. Frederick Douglass will deliver an oration on "The Race Problem in America," and there will be music and singing by colored artists.

Headquarters for the committee of organization of the Columbian Roman Catholic congress have been opened at the Grand Pacific by W. J. Onahan, the secretary. The congress will assemble in the Art Institute on Monday, Sept. 4.

Paid admissions yesterday were 129,619, which is about 23,000 more than Monday, Aug. 14.

Cable Cars Are Disastrous.

WASHINGTON, Aug. 22.—The cable line here has claimed its third victim from among the members of congress. A few months ago Representative Hooker, of Mississippi, was thrown from a cable car and injured so seriously that he was confined to a hospital for many weeks. About ten days ago Oates of Alabama was similarly injured and is still suffering from concussion of the brain. Now Shell of South Carolina has been knocked down and trundled along beneath the fenders of a cable car for some distance. He was badly cut about the head and suffers with concussion of the chest. He was removed to his suite at the Metropolitan.

One Fare to the Great Fair.

CHICAGO, Aug. 22.—Western lines have unanimously agreed to make rates of one fare for the round trip from all points in Illinois for Illinois day at the World's fair. They were not satisfied with packing 10 cents on this rate, but broke it into two fragments by agreeing to the same rates on the occasion of all other state days at the fair. The rate for Illinois day is not confined to Illinois points. It includes every station within 300 miles of Chicago in western territory.

Shot at a Bush and Killed His Brother.

OIL CITY, Pa., Aug. 22.—A. Smith, of McClintockville, is in camp with his family on the banks of the Allegheny river near Oilopolis. Paul Smith, one of the boys, discharged a load of buckshot from a gun into a clump of bushes near the river. The younger brother, Albert, was missed from the camp. A search resulted in finding him dead in the bushes into which the shot had been fired. He had been instantly killed.

Silverman States His Assets.

CHICAGO, Aug. 22.—Lazarus Silverman, the insolvent banker, made a statement of his assets and liabilities in the county court. According to the showing made the assets amount to \$1,608,000 and the liabilities, secured and unsecured, to \$1,375,000. Mr. Silverman proposes, if he can secure the co-operation of his creditors, to start up in business again. He is confident his estate will pay 100 cents on the dollar.

SEDALE, Mo., Aug. 22.—The Missouri Pacific road will next Thursday still further reduce expenses by abandoning two passenger trains between this city and St. Louis. Their crews will be put on the extra list till business is better.

TIFFIN, O., Aug. 22.—William Einsel, a wealthy farmer five miles north of here, feared the banks. He drew \$400 and placed it in an iron safe in his house. Three masked robbers broke into his house and while he looked into the muzzles of three revolvers he opened the safe and surrendered the cash.

CHARLESTON, Mo., Aug. 22.—A negro cabin five miles north of here was destroyed by fire. It was occupied by an old negroess and several small children.
