FEVER AND AGUE. NEVER and AGUE, Dumb Ague, Chill Fever, Intermittent & Remittent Fevers, and all the various forms of Bilious diseases, speedily and permanently cured by DR. WATSON'S INDIAN VEGETABLE TONIC.

This valuable medicine was prepared from an extensive practice of several years in a bilious climate in the Western States, and was never known to fail of curing Fever and ague, or any of the above diseases.

It is equally effectual for the cure of Liver Complaint, Jaundice, Enlargement of the Spleen, (called Ague Cake) and the various forms of bilious diseases. These, with the other various affections of such climates, arising from a common miasmatic cause, are only modifications of the same disease, and equally controlled by the same remedy.

Residents of bilious climates, emigrants or persons traveling through infested districts of country, will not only find Dr. Watson's Indian Vegetable Tonic a safe, speedy and effectual cure, but an absolute preventive.

Each bottle of medicine is accompanied with a pamphlet on the Causes, Treatment and Cure of Fever and Ague, and other forms of bilious disease, containing much valuable information, and may be had gratis of all authorized agents for the sale of the Tonic.

DR. E. EASTERLY, sole General Agent for the Western States, south-east corner of 3d and Chestnut streets, St. Louis, Mo. Price \$1 per bottle.

SMITH'S TONIC SYRUP OR Vegetable Febrifuge. A speedy, safe and certain cure for AGUE & FEVER, Chill-fever, Dumb-Ague, Intermittent Fevers, and all the various forms of Bilious diseases.

This valuable medicine is undoubtedly the safest and surest remedy ever discovered for the cure of the above named diseases. It not only breaks the chill, but removes the cause from which the disease originates. Its operation is both general and special. While it acts generally upon the whole system, as a most powerful alterative, purifying the fluids, freeing the solids from all morbid secretions, and reinvigorating and bringing up all the vital energies to a standard of permanent health, it at the same time exerts a specific influence upon the liver, digestive organs and lymphatic and glandular systems, exciting them to healthy activity, removing all morbid matter, equalizing the circulation, restoring their proper and necessary secretions, thus accomplishing a complete renovation from disease, and restoration to sound and permanent health.

Those who are suffering with the prostrating AGUE & FEVERS common in the West and South—those whose constitutions have become enfeebled by the use of mercury, quinine, or other violent medicines, should resort at once to the use of this VALUABLE MEDICINE.

It is guaranteed and will cure the most obstinate cases. Traveling with the circulation it pours its healing current through every vein and artery of the human body. The whole animal economy is made to undergo a thorough radical change. Even the mind partakes of the healthful process, and life, that before appeared one dreary waste, begins again to seem worth possessing.

SMITH'S TONIC SYRUP. We therefore beg leave to caution the public against imposition, as we cannot hold ourselves responsible for the effect which may result from the use of spurious articles.

HENRY BLAKESLEY, S. W. Corner 3d & Chestnut St. St. Louis, General Agent for the West. The genuine Smith's Tonic Syrup is also for sale by the undersigned agents.

DR. WISTAR'S BALM OF WILD CHERRY. BEWARE OF COUNTERFEITS. The Great Remedy for Consumption of the Lungs, Affections of the Liver, Bronchitis, Asthma, Pain or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs, and all Affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION. A compound balsamic preparation of the Prunus Virginica, or Wild Cherry Bark, combined with the extract of the bark prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

We do not wish to trifle with the lives or health of the afflicted, and we sincerely pledge ourselves to make no assertions as to the virtues of this medicine, and to hold out no hope to suffering humanity, which facts will not warrant.

We ask the attention of the candid to a few considerations. Nature, in every part of her works, has left indelible marks of adaptation and design.

The constitutions of the animals and the vegetables of the torrid are such that they could not endure the cold of the frigid zone—vice versa.

In regard to disease and its cure, the adaptation is no less striking. The moss of Iceland, the wild cherry and pine of all northern latitudes, (the Balsam is a chemical extract of these) have long been celebrated for complaints prevalent only in warm climates. Indeed the most distinguished men have ascertained that nature furnishes in every country antidotes for its own peculiar diseases.

Consumption, in its confirmed and incipient stages, coughs, asthma, croup, and liver complaint, form by far the most fatal class of diseases known to our land.

Let even these may be cured by means of the simple yet powerful remedies which are scattered wherever those maladies prevail.

Scarcely a mail arrives from any point in the west, but that brings us news of the most cheering character, which goes still farther (if more evidence were necessary) to establish the reputation of this great remedy.

None can be genuine without the names of Henry Wistar, M. D., and Sauerfeld & Park are found upon the wrapper. No medicine called Syrup of Wild Cherry, or Wild Cherry Bitters can be relied upon. They may not be injurious, but actually injure the patient.

DR. WISTAR'S BALM OF WILD CHERRY is the only remedy to which invalids should resort for the cure of pulmonary complaints.

HENRY BLAKESLEY & Co., S. W. corner of 3d and Chestnut streets, sell the above medicine. Price \$1 per bottle. Sold also by BROWN & DUNN, Warsaw, B. F. & T. B. WALLACE, Clinton, J. A. TUTT & Co. Calhoun, COX & McCLAIN, Osceola, R. J. McELHANEY, Springfield, July 29

Dr. Bragg's Pills Triumphant! Further Evidence—Great Excitement and Panic amongst the Calomel Doctors—Disastrous consequences of the use of Mineral Medicines—Timely intervention of Indian Queen Vegetable Sugar Coated Pills to save a whole neighborhood from the awful ravages of that fell destroyer, Disease, in the forms of Ague, Bilious, Congestive and Typhus Fevers—Read and be convinced!

Dr. Bragg—Dear Sir: During the past summer and fall, the various forms of bilious Fever were very prevalent and often fatal in this section of country. Our worthy non-sectarian physicians, puffed up with pride and vain conceit, persisted in their antiquated practice with that universal panacea, calomel, with such unbounded success, that one or two, panic-struck, scampered off and left their patients with nature and her inefficient efforts to repair the mischief they had done.

In one family, four cases resulted in death, in the short space of four days. In some cases, three or four days after the exhibition of calomel, great prostration, symptomatic condition of the abdomen, and perforation of the bowels were the result of this heroic treatment, and to prove it so to their weeping friends, a post mortem examination would reveal the fact. After finding their practice altogether ineffectual, they came to the wise conclusion to give no medicine at all, but continue to visit their patients, and order flaxseed tea as a drink, and a poultice of the same applied to the bowels; when this failed, with sage look and little faith, & hearts full of apprehension, they would confess to their friends their full confidence in the application of blisters from head to foot—you may guess the result.

In this dilemma and universal consternation, one of your travelling agents possessed through our neighborhood, and made liberal deposits of your vegetable medicines, and distributed pamphlets, and the "Sun," to shed a genial and benignant light upon this benighted, and apparently devoted land. The manna sent to the Children of Israel, in the wilderness, was not hailed with more hearty thanks than were your health-restoring Pills in this awful crisis. The people were prepared to receive them, or any thing that promised them relief from their apparently impending fate. I have watched their progress, and the effects they produced in hundreds of cases and am happy to give my feeble testimony to their entire and triumphant efficacy, in restoring health in a few days, in every instance, when they have been taken in time, and in strict accordance to directions. Some of our physicians, whose love of truth and philanthropy triumphed over prejudices and preconceived theories, have cheerfully abandoned their calomel and lancet, and recommended your pills in all cases of bilious, intermittent, remittent, congestive and typhus fevers; and they freely acknowledge that they are almost a specific in all these diseases. Your travelling agent is anxiously looked for again, as many of your agents are out of pills, and the sickly season is approaching.

With best wishes for your success, I am truly yours, R. CUNNINGHAM. For sale, wholesale and retail, at the MISSOURI COLLEGE OF HEALTH, No. 51, North 3d street, St. Louis.
