

# OWES HER HEALTH

To Lydia E. Pinkham's  
Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her."

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines."

—Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 8.  
Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

## STEEL COMBINE REPORT MADE

NO RECOMMENDATIONS ARE  
MADE BY THE COMMITTEE.

## MUCH "WATER" FOUND

CAPITALIZATION \$1,402,000,000,  
WHILE PROPERTY IS WORTH  
ONLY \$682,000,000.

Washington.—The report from the bureau of corporations on the United States Steel corporation recently submitted to President Taft, has been made public.

Signed by Herbert Knox Smith, commissioner of corporations, the report makes no recommendations and is almost wholly narrative in form.

Mr. Smith declares that restriction of competition was a prime object of the organizers of the Steel corporation, or so-called "trust."

Capitalized at \$1,402,000,000, the corporation, he asserts, had tangible property worth only \$682,000,000. By a constant reinvestment of earnings, however, the report points out, much of the "water" in the company has been eliminated.

The Steel corporation now owns 75 per cent of the lake ores, having recently concentrated its efforts to securing these properties. The report says:

"Indeed, insofar as the Steel corporation's position in the entire iron and steel industries is of monopolistic character, it is chiefly through its control of ore holdings and the transportation of ore."

Discussing how "the impending struggle of the giants" was averted, almost over night, by the formation of the great combination, taking in 250 subsidiary companies controlling 60 per cent of the total crude and finished steel production of the country, the report says:

"Until 1898 the bulk of the business was distributed among a very considerable number of concerns. There was sharp competition modified by frequent pools of greater or less duration and effectiveness."

Then came an era of great combinations, the report continues, with capitalizations ranging from \$30,000,000 to \$100,000,000, mergers of many smaller companies, which instead of eliminating competition threatened to begin price cutting on a larger scale than ever before.

In 1899-1900 there were three great companies—the Carnegie company, Federal Steel and National Steel—dominating the production of crude and semi-finished products, and six concerns—the American Steel and Wire, American Tin Plate, American Steel Hoop, American Sheet Steel, National Tube and American Bridge—controlling the lighter finished products.

This was the period when "the struggle of the giants" was impending and when the formation of the United States Steel corporation was brought about.

"This involves, however, the reduction of actual or potential competition. To allow a single company which has secured the bulk of a given industry credit for such merger value as a basis on which to earn profits raises a question of far reaching public policy."

"To regard a valuation so arrived at as justifying such profits under these conditions would be reasoning in a circle because, the real question is whether the profits themselves used to determine the capitalization were reasonable."

**FEELS LIKE A BOY.**  
Since Doan's Kidney Pills Cured Him of Terrible Kidney Trouble.

Sheldon Smith, Prop. Arlington House, Woodland, Cal., says: "Three years I was almost helpless. Kidney secretions scalded terribly and obliged me to arise ten to twelve times a night. My left limb became so stiff and sore I could hardly walk — just hobbled around with a cane. I had almost every complaint that diseased kidneys produce, and Doan's Kidney Pills removed them all. At the age of 76 I feel like a boy and enjoy health and comfort. Can anyone wonder at my gratitude?"

Remember the name—Doan's.

**TOO BAD**  
Edith—Papa wouldn't let me marry Mr. Stingy because he smokes such cheap cigars.  
Edward—He can't say that about me.  
Edith—No, he says you smoke too expensive ones.

## BABY'S HAIR ALL CAME OUT

"When my first baby was six months old he broke out on his head with little bumps. They would dry up and leave a scale. Then it would break out again and it spread all over his head. All the hair came out and his head was scaly all over. Then his face broke out all over in red bumps and it kept spreading until it was on his hands and arms. I bought several boxes of ointment, gave him blood medicine, and had two doctors to treat him, but he got worse all the time. He had it about six months when a friend told me about Cuticura. I sent and got a bottle of Cuticura Resolvent, a cake of Cuticura Soap and a box of Cuticura Ointment. In three days after using them he began to improve. He began to take long naps and to stop scratching his head. After taking two bottles of Resolvent, two boxes of Ointment and three cakes of Soap he was sound and well, and never had any breaking out of any kind. His hair came out in little curls all over his head. I don't think anything else would have cured him except Cuticura. "I have bought Cuticura Ointment and Soap several times since to use for cuts and sores and have never known them to fail to cure what I put them on. I think Cuticura is a great remedy and would advise any one to use it. Cuticura Soap is the best that I have ever used for toilet purposes." (Signed) Mrs. F. E. Harmon, R. F. D. 2, Atoka, Tenn., Sept. 10, 1910.

Work on remodeling the Hotel Francia at Manila has commenced, an open air cafe in the inner court, an entire new front on the building and a third story containing a banquet hall to seat 7,000 persons being among the improvements planned. The managers have also applied to the Philippine commission for a seven-acre site to build a 200-room hotel at Baguio, with European capital.

## "A GLIMPSE OF UTAH."

The story of Utah's progress from the time the Mormon emigrants entered the Salt Lake valley, to the present day, is narrated and beautifully pictured, in a striking publication just issued by the Passenger Department, Denver & Rio Grande railroad, called "A Glimpse of Utah."

The story, by that well-known authority on Utah's history and resources, Judge E. F. Colburn, is in narrative form and intensely interesting.
