**FIN AND SCISSORGRAPHS**  
Next Friday is "Jasper" day and South Carolina Day at the Exposition.

Chesterfield has had three hail storms this season and crops badly hurt.  
Thomas A. Edison announced that he expected to see electricity made direct from coal before he died.

Prof. H. B. Buist has resigned from the faculty of Winthrop college. A. J. Painter, of Canada, has been elected to succeed him.

The local storm insurance agents that have policies on crops, say the reports so far received from their clients alone show a loss of over \$4,000 and not one third of the farmers that were damaged had insurance. The entire damage to tobacco crops in this county is estimated at over \$10,000.—Hartsville Messenger.

**Mass Meeting Called.**  
There will be a meeting of the Democratic voters of the Town of Bennettsville in the Court House this Friday evening, June 21, 1907, at 6 o'clock, for the purpose of nominating an Alderman for Ward 1, to fill out the unexpired term of Alderman Throp Crosland, deceased.

**P. A. HODGES, Mayor.**  
After An Absence of Six Years.  
Dr. DOUGLAS McINTYRE, of St. John, Washington State, with his wife and Robert Jr., are visiting his father at Beauty Spot. The Doctor is a graduate, cum laude, of Georgetown University of Surgery and Medicine, Washington, D. C. After his course was completed, the government in recognition of his ability put him in charge of a very responsible position in Washington, D. C., and, as an additional mark of its esteem and confidence, appointed him a special surgeon of the G. A. Reunion in Washington City, a position which the Dr. appreciated very highly, he being from South Carolina. Dr. McIntyre was promoted assistant west, where his life has been spent with brilliant success. It always records the success of our Marlboro boys. Dr. McIntyre is greatly delighted to note the rapid advancement Bennettsville has made during his absence of six years from his home.

Now, after considerable delay the commission, state and national, for the year 1906 have concluded their investigations and awarded the prize won in the contest last year. Mr. B. E. Moore, of Bennettsville, wins second prize, \$100, for general results, including yield and all other points going to make up the total score in the contest.  
For the best work on one acre, which includes methods of culture, he also won the second prize, \$20.  
There is not a county in the State that has more first-class farmers in it than has Marlboro.

**A Distantly Offense.**  
On Monday night last as the train for Gibson left Lumber, some devilish person threw a brick or a stiff piece of clay through the glass window of the coach, by which sat Miss Jincy Covington, daughter of Mr. W. J. Covington of Hebron, breaking the glass and filling her face with the shattered pieces. The wounds on her neck and face were painful but nothing serious. She was badly shocked. It is hoped the miscreant can be caught.

**Some Good Work.**  
"Honor to whom honor is due," says a friend who has been visiting some in the western part of the Township, and the honor or praise is due Mr. James F. David for some splendid work, on the River Road, and especially at Pledgers creek and points north, also the road to Society Hill. Mr. David will accept the praise.

**Enormous Spots on the Sun**  
Can Be Seen Through Smoked Glass.  
Washington, June 15.—An enormous group of solar spots was observed for the first time to day by Prof. G. H. Peters, of the U. S. Naval Observatory with the photoheliograph.  
"They probably appeared on the Sun's eastern edge over two or three days ago," said Prof. Peters in speaking of his observations, "but owing to clouds the observations were unobtainable here until to-day. The group at present consists of two large spots connected by a somewhat smaller one. There are a few outlying spots. The total length of the group is 82,000 miles, while its breadth is about 30,000 miles. It is nearly one tenth the apparent diameter of the Sun and can easily be seen through smoked or colored glass. This group is in the Sun's southern hemisphere in the part known as the Sun spot zone, as was the enormous group announced last February.

**The Salt You Want.**  
Mr. E. Powers keeps Ice Cream Salt—the large heavy grain that helps you to save Ice.  
The happiest person in the world are not those who have the most done for them, but those who do the most for others.

**The Debt on the Monument.**

In addition to the many personal appeals that have been made thru the papers, we have from time to time had authorized soliciting agents for the Confederate monument. During the last year Miss Matheson was an active agent. Mr. Woods of the McNeal marble company also solicited subscriptions under our authority. We shall be greatly obliged if all the subscribers to the monument fund will make immediate payment of the amounts they have promised. Many who have been interested in the cause have, for good reasons, postponed making their contributions. Others have waited to be personally applied to and have neglected this duty on that account. We respectfully urge our friends not to defer their contributions any longer. Our monument stands on the public square. We trust that it gives satisfaction.

The actual cost, not including incidentals, is \$2,700. The first payment of \$1,200 has already been made and another will soon be due. To meet the debt, \$475 must still be raised. Our hard earned rest cannot come until the monument has been fully paid. We ask that all delinquent friends come to our aid. We do earnestly hope that the sunset of the unveiling day may give our monument free from debt.

Mrs. K. M. NEWTON, Secretary and Treasurer, Marlboro Chapter U. D. C.

**Education Is Worth The Effort.**

There will be Scholarships and Entrance Examinations held by County Board of Education at the court house at Bennettsville, on Friday the 5th day of July, prox, beginning at 9 o'clock a. m.

The following scholarships are offered:  
Charleston College, one scholarship worth free tuition.  
Clemson College, one scholarship worth free tuition and \$100.  
University of South Carolina, one scholarship for Normal Course, worth free tuition, \$18 in fees and \$100.

Any who would like to try for either of these scholarships, or stand entrance examination to these institutions, will read notices of each in county papers and have their applications properly made out at an early date.  
A. J. Esterling, Supt. Education, Mar. Co., Bennettsville, S. C., June 17, 07.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the

ment, it is requested that all mail will be posted as early as possible. Parties waiting for the last moment to post their mail will greatly inconvenience the postoffice, and cause delay in the transmission of the mail.  
If the patrons will study the hours of making up the mail they will greatly help the clerks in their work.

**A Business Affair.**  
On Saturday night last, about 8:30, a colored couple walked into the store of Mr. E. Powers, N. P., and to avoid notice, passed down to his office, and asked to be made "one." His Honor, with his accustomed dignity and politeness, bid them be seated, and proceeded to read "the pledge" to which both heartily responded. The register was Washington Heuegan and Tossy Myers.

**Substantial Convict Cage.**  
Mr. John Ingram, the blacksmith artist of the Pee Dee, completed and shipped to whiteville, N. C., last Tuesday afternoon, one of the largest and lightest steel cages we have ever seen. Mr. Ingram is making a specialty of this class of work and has orders for two more for other counties.

**Newspaper Enterprise.**  
The city of Charleston owes the Columbia State a debt of gratitude for getting so much free advertising over the country. The illustrated edition of the State for the 9th was a grand piece of work. For "grit, grace and gumption" in handling stupendous undertakings, the State leads them all.

**Notice of Election.**  
NOTICE is hereby given that an Election will be held on the 21 day of July 1907 in the Court House for ONE ALDERMAN from Ward 1, to fill the vacancy caused by the death of Alderman Throp Crosland.  
At the same time and place an election will be held to vote on the question of Extending the Corporate Limits of the Town in the Eastern part. A plat of the proposed territory to be taken in can be seen by calling at the office of Clerk of Council.  
MANAGERS OF ELECTION—T. F. Moore, John S. Moore, J. P. Gibson.  
Polls open at 8 o'clock a. m. and close at 4 p. m.  
P. A. HODGES, Mayor.  
Milton McLaurin, City Clerk.  
June 14, 1907.

**Chicago to St. Paul.**—Out of 30 starters in a run from Chicago to St. Paul through fearful rain storms and mud, the Res, driven by a woman owned, was one of only three cars that were to finish on their own wheels.
