

## FRONT LAXATIVE FOR SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask at the store for a 60-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Adv.

**His Indorsement.**  
The late Lord Roberts once sent his orderly to the bank to cash a check, says Pearson's Weekly, and the clerk wanted it indorsed.

"What for?" demanded the soldier.

"Well, it's the rule, and I can't say you the money until you do indorse it," he was told.

"Oh, all right!" grumbled the messenger. So he took back the check and bit the end of a pen in deep meditation for a minute or two. Then he wrote this:

## A WARNING TO MANY

Some Interesting Facts About Kidney Troubles.

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1913 in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy in Dr. Kilmer's Swamp Root, the great Kidney, Liver and Bladder Remedy. The mild and healing influence of this preparation in most cases is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention, and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp Root is sold by every druggist in bottles of two sizes—50c and \$1.00. Adv.

## Just the Boy He Wanted.

The aim of golfers is, of course, to go round the course with as few strokes as possible, and the man with the least strokes wins the game. A player realized this once, and decided to engage a caddy who would help him.

"Caddy," he said to the boy who came up to him, "can you count?"

"Yes, sir," said the boy.

"Can you add up?"

"Yes, sir."

"Well, what's five and seven and four?"

"Twelve, sir."

"Come along," said the golfer, "you'll do." And he engaged the boy on the spot.

## IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Adv.

SUBSTANTIAL GAIN SHOWN IN NEW MEXICO.

1,720,000 Ounces of Silver and 65,000,000 Pounds of Copper Produced During the Past Year.

Western Newspaper Union News Service.  
Albuquerque.—The output of New Mexico mines for eleven months of 1914, with an estimate for December, according to preliminary figures by Charles W. Henderson of the United States Geological Survey at Washington, indicates a yield of \$1,172,000 in gold, 1,720,000 ounces of silver, 1,340,000 pounds of lead, 65,000,000 pounds of copper and 15,300,000 pounds of zinc (in terms of spelter and zinc in zinc oxide).

These figures show an increase of \$200,000 in gold, 90,000 ounces of silver, 9,200,000 pounds of copper and 1,800,000 pounds of zinc, and a decrease of 2,600,000 pounds of lead. **Brown Shoots Wilson.**  
Clayton—Charles Wilson, a Santa Fe brakeman running between Ashland and Newton, Kan., was shot and instantly killed at the home of his father-in-law, John Burris, nine miles west of Clayton, by Roy Brown, who then committed suicide. Wilson came to Clayton to spend Christmas with his wife and daughters, from whom he had been separated for two years. Brown is said to have been in love with Mrs. Wilson, and took exception to her husband's appearance on the scene. Brown called at the Wilson home, not expecting to find Wilson there. A fight followed, and Brown knocked Wilson down and dragged him outside of the house, where he shot him three times. Brown then returned to his own home, lay down on his bed and committed suicide by blowing out his brains with a shotgun. The bedchamber was set on fire and the house destroyed. Brown's body was burned almost to a crisp. Mrs. Wilson came to Clayton to give her version of the tragedy to the authorities. She is apparently unmoved by the killing of her husband. It is alleged that Wilson had threatened to kill Brown if he did not cease his attentions to Mrs. Wilson.

## 579 MEN KILLED WHEN SHIP SANK

ONLY 201 SAVED FROM OCEAN AFTER THE FORMIDABLE WAS BLOWN UP.

## SLAVS BLOCK ADVANCE

OFFICER OF KAISER SEIZED ABOARD SHIP WITH THREE RESERVISTS IN PASSPORT FLOT.

Western Newspaper Union News Service.  
London, Jan. 4.—Another fifty men from the battleship Formidable, lost in the English channel Friday, have reached safety after riding out a fierce gale for upward of 20 hours in an open cutter, making a total of 201 survivors out of a crew of 579.

These figures place the total loss at 499. The latest survivors landed at Lyme-Regis, on the Dorset coast. All were in a state of exhaustion after their terrible experience.

They declare that there is little hope of any further survivors, as the tremendous sea which was running at the time made it impossible for men to live long enough to be picked up by passing vessels, while many of those clinging to the wreck undoubtedly were killed when the second explosion occurred.

**Fighting Continues.**  
The land fighting, which is sporadic in the west but more continual in the east, has brought about no material change in the situation. The artillery is playing the biggest part along the western front, although at points there has been close-range fighting in which a few yards have been gained or lost.

The Germans deny the French report that they have been driven out of part of the village of Stenbach, upper Alsace, which has been the scene of very sanguinary fighting for a week—the infantry finding cover behind the houses.

There have been engagements on the rivers Brura and Hawka, in Poland, but seemingly the Germans are no nearer Warsaw than they were a week ago. They have commenced offensive operations in the direction of Kielce, one of the larger towns of southern Poland, which doubtless has for its object the holding up of the Russian advance through Galicia on Cracow.

**Plot to Steal Passports Blocked.**  
New York.—An alleged conspiracy to furnish German army officers and reservists with American passports fraudulently obtained, to enable them to return to Germany from this country without danger of molestation by French or English authorities, was brought to light by the Department of Justice. The disclosure came with the arrest of Carl Ruroede, a former agent for the North German Lloyd steamship line, and with the removal from the outward-bound steamer Bergenfeld of a German army officer and three German reservists. All were charged with conspiracy to defraud the United States government through the use of American passports.

Following the New York arrests Morris Ditch, said to be a New York lawyer, was taken into custody at the home of his father-in-law in Philadelphia and was released later on \$25,000 bond.

The four soldiers were taken off the steamer, which was bound for Bergen, Norway, just as she was passing quarantines, and brought back to New York on a revenue cutter. All four bore photographic passports issued by the State Department to Americans and alleged to have been furnished them by Ruroede.

**Two Guilty in Mine Murder Cases.**

Nineteen other men have been charged with the same offense, but have not been tried.

**Carranza's Kin Captive; Staff Shot.**  
Veracruz.—General Staff Carranza, brother of Venustiano Carranza, is being held a prisoner by General Santibanez on the isthmus of Tehuantepec. General Santibanez shot Carranza's staff of fourteen officers, sparing his son, Abelardo Carranza, and Ignacio Peraldi. They also are held captive. The execution of the members of the staff took place after Gen. Alfonso Santibanez had failed to induce Venustiano Carranza to make terms for their release.

**Troops to Leave by Jan. 10.**  
Washington.—Colonel Lockett, commanding the federal forces in Colorado, has orders to complete the evacuation of the state by Jan. 10, with drawing the various units under his command as he deems advisable, after conference with the state authorities. The troops of the Twelfth cavalry, posted at Canon City, Lafayette, Fred erek and Superior, probably will be first withdrawn, to be followed by the Eleventh cavalry, scattered through the Trinidad district, which will return to Fort Oglethorpe.

"Is she going to marry the young man who saved her from drowning?"

"I think so."

"But is she sure that he is able to support her in the style to which she has been accustomed?"

"Yes, she looked him up in Bradstreet's before she fell in."

**What the Neighbors Say.**  
"No matter how sheltered a man may be, he receives some hard knocks while journeying through life."

"That's true, and some of the hardest knocks he gets he's unaware of."

Since old Pete Jenkins married the second time he has begun to regard home as a place to take his meals.

But sometimes an amateur vocalist loses his voice, and the neighbors live peacefully ever after.
