MEXICO CITY NOW BUSILY COUNTING COST

Final Departure of Madero
and Hurred Investigation
Shows Balance of \$92,000 in
Strong Box.

NATION PRACTICALLY ON VERGE OF RUIN

No Confirmation of Reported
Death of Third Madero
Brother; Huerta Prepares to
Use the Mailed Fist.

(By Leased Wire to Evening Herald.)

Mexico City, Feb. 26.—The departure from Mexico of Ernesto Madero, former minister of finance, was followed immediately by a hurried counting of the cash in the government treasury.

The result showed a balance of

\$92,000.

This amount, however, does not represent all immediately available resources of the new administration as there are various deposits in local and foreign banks which can be drawn on by the government.

NO CONFIRMATION OF
THIRD MADERO KILLING

No official confirmation was received today of the reported death of Emilio Madero, brother of the late ex-president, who was said to have been shot dead near Monterrey, while attempting to join the rebels at Nuevo Laredo.

The representatives of the foreign powers have formally accepted the

Him.

ing their arms. Quiet was restored today.

About 100 of the former Madero insurgents escaped into Arizona. The order to disarm the men came directly from General Huerta, it is said. The men were not offered an opportunity to give up their arms peacefully at Juarez. The regular troops pounced on the volunteers' barracks and attempted to capture the arsenal. None are known to be killed.

At Fronton, below Agua Prieta, two regulars and one volunteer soldier were killed when a similar attempt was made. The Maderistas escaped. The mutiniers at Fronton were under General Padilla, secretary of the state of Sonora, who is reported to be organizing forces to contest the provisional presidency of Huerta.

Part of the rebels from Agua Prieta, joining others in the hills, attacked and took the town of Fronton later today. Of the small regular federal garrison four were killed and fourteen wounded. Padilla is reported at Campus leading an revolted troops, who are to start late today for Fronton, where the new rebel forces will mobilize.

Rebel units have been organized in many parts of northern Sonora and are said to be working with Governor Maytorena, who has refused to accept the Huerta provisional government. At Pilaras 1,000 rebels are reported to be in arms, and another group at Cananea under Civil Guard is said to contain 1,500 mutinous volunteers.

The regular garrison at Agua Prieta has been reduced to 200 men by the disarming of the volunteers today, and General Ojeda has sent a request to Mexico City for reinforcements to prevent an attack by the new rebels on the Mexican border town, which nearly abuts Douglas.

REGULAR ARMY IN FULL
POWER AT JUAREZ

El Paso, Texas, Feb. 26.—With the disarming yesterday of the former Madero volunteers, the regular army holds full power at Juarez. Colonel Manuel Landa, the regular army officer who commanded the irregular troops, today was made military mayor of the border town, and a recent city election cancelled.

The Mexican Central railway has been cut again, this time by former Madero volunteers at a point near Jimenez. Traffic is open, however, from Juarez to Chihuahua City.

The situation here has not changed. Reports from numerous districts today indicated that most of the rebel leaders are inclined to co-operate with the new administration.

The appointment of prominent army men as governors of states is taken to mean that Huerta intends to rule with a firm hand.

No anxiety is felt in government circles as to the attitude of Tabasco, Campeche and Yucatan which have not yet formally signified their adherence to the government.

It is thought that those states will fall into line. A telegram of congratulation reached Huerta from the governor of Tabasco today.

Zapata now occupy several towns in the state of Morelos. The most important of these is Yantepet, southeast of the federal capital. Many depredations have been committed and additional troops were dispatched today against them.

Eufemiano, brother of Emiliano Zapata, has proclaimed himself governor of Morelos.

The state of Aguas Calientes admittedly is in revolt, the rebels being led by the governor, Alberto Fuentes.

ATTEMPT TO DISARM TROOPS
RESULTS IN RIOT

Douglas, Ariz., Feb. 26.—An attempt to disarm former Madero volunteers at Agua Prieta early today resulted in a sharp skirmish in the darkness before dawn. Most of the volunteers escaped to this side, leaving

NEW MEXICO TO WITNESS TEST OF FRIEDMANN SERUM

Dr. Cipes of Albuquerque to Have Interview With the Scientist in New York Tomorrow Morning.

GOVERNMENT TO MAKE TESTS AT FT. STANTON

(By Leased Wire to Evening Herald.)

New York, Feb. 26.—Dr. Frederick E. Friedmann, the young German physician, heralded as the discoverer of a cure for tuberculosis, announced today that he would begin treating patients as soon as he secures a suitable laboratory. Among the first patients will be Ray Paris, son in law of the New York banker at whose invitation Dr. Friedmann came to this country.

DR. CIPES ARRIVES.

A telegram received by the secretary of the Commercial club today from Dr. Joseph S. Cipes of this city stated that Dr. Cipes has made arrangements to interview Dr. Friedmann tomorrow morning and present to him the proposition of the Commercial club that tests of the serum be conducted at the Cipes sanitarium in this city. The announcement that the government contemplates having tests made at the government sanitaria in New Mexico indicates the favor with which New Mexico is looked upon as a place for the tests and it is believed very probable that Dr. Cipes' mission will be successful and that tests will be conducted in this city.

FRIEDMANN PREFERENCES ADMINISTER SERUM HIMSELF

New York, Feb. 26.—"What I wish to do," said Dr. Friedmann, "is to treat fifty or more children with tubercular knees, for in such cases the results of my treatment are more quickly apparent than when applied to other forms of the disease. The results can be observed even by the layman."

"The method I prefer is to have patients brought to me so that I can make a personal examination and administer the treatment myself. Where this is not possible I would be glad to have the patients' physician work under me and see me treat a number of typical cases. I hope to be able to instruct in this way a number of prominent physicians from various parts of the country."

Among the doctor's callers today was Dr. Edwin T. Watkins of Memphis, Tenn., commissioned by the board of health of that city to investigate the treatment.

GOVERNMENT TO CONDUCT TESTS IN NEW MEXICO

Washington, Feb. 26.—Surgeon General Blue, of the public health service, has arranged for tests in the government's hygienic laboratory here of the Friedmann vaccine for pulmonary tuberculosis, which was delivered yesterday to Dr. Milton H. Foster, of the service, in New York by Dr. Friedmann, when he landed from Germany.

Surgeon General Blue said today that when the vaccine was received in Washington it would first be submitted to rigid laboratory tests and to tests upon animals and culture media.

If these are satisfactory the vaccine will be sent to the public health service sanitarium at Fort Stanton, New Mexico, for actual tests upon sufferers from pulmonary tuberculosis.

BELL GOES ON BENCH.

Denver, Feb. 26.—John C. Bell of Montrose today assumed his duties as a justice of the state court of appeals.

STIMSON ASSURES ADEQUATE PROTECTION FOR BORDER

Washington, Feb. 26.—Secretary Stimson today assured Senators Culberson and Shepard that every possible precaution would be taken to protect the Texas border against raids by rebels from Mexico. He informed Mr. Culberson that one regiment of infantry and a battery had been removed from El Paso to join the second division at Galveston, so as to be at the closest possible point to Vera Cruz, but assured him that the troops would be replaced at El Paso and that a sufficient force would be kept there to protect the frontier in that immediate vicinity. He promised an additional troop of cavalry.

In a letter to Senator Shepard, Mr. Stimson said:

"It is not intended to withdraw any of the cavalry on the Texas border, but on the contrary every precaution will be taken to maintain an effectual guard there. Of course it must be remembered that the regular army is extremely small and when it becomes necessary as it is now, to mobilize a force of ten or fifteen thousand men for the purpose of preparing an expedition to go out of the country, it leaves very few troops within the United States available for patrol duty. One has to cut his suit according to the amount of cloth he has, and that is the only limitation

on our efforts to protect your border."

Later Senator Shepard laid the situation before the senate committee on foreign relations. Accepting the view that the Texas Mexican line was insufficiently guarded, the committee agreed to make representations to the secretary of war, urging a stronger force along the line.

CHICAGO VOLUNTEERS A
LIGHT HORSE BATTERY

Chicago, Feb. 26.—A light horse battery, which has been formed by more than eighty Chicago business men and which is to be one of the first volunteer bodies to offer its services to the country in case of war, appeared in its first regular uniform drill last night.

SEPALINS THE COMMISSION
ON LEMON FREIGHT RATE

Washington, Feb. 26.—The interstate commerce commission order reducing rates on lemons from California to eastern cities from \$1.15 to \$1 a hundred pounds, was sustained today by the commerce court and the appeal of the railroads was dismissed.

DECLARE FILIPINOS DO NOT WANT INDEPENDENCE

(By Leased Wire to Evening Herald.)

San Francisco, Feb. 26.—Citizens of the Philippines Islands do not desire a government independent of the United States, according to Judge James Ross of Manila, chairman of the Democratic campaign committee of the Philippines, who arrived here yesterday on the liner *Peru*. Judge Ross is en route to Washington to confer with President-elect Wilson with regard to the establishment of a definite Philippine policy.

WASHINGTON FEELS THAT IMMEDIATE DANGER OF WAR IS PAST

Movement of Troops to Galveston Will Be Continued Solely as Test for Army Efficiency.

MOVEMENT THUS FAR HAS BEEN SATISFACTORY

Pointed Out That Comparison With Balkan Concentration Is Unfair Because of Vast Distance.

(By Leased Wire to Evening Herald.)

Washington, Feb. 26.—With prospect of armed opposition to the new provisional government in Mexico reduced to a few small threatened uprisings by followers of the late President Madero, it is the opinion of administration officials here that the chances for the use of the military arm to protect American interests have greatly diminished.

The concentration of troops at Galveston will continue but admittedly the purpose is now principally to test the working of the new system of army organization. Major General Carter, commander of the second division, due to arrive in Galveston within the next 24 hours, will take the opportunity afforded by the assembly of a complete division of troops to put them through their paces, thus affording the various regimental and brigade commanders practically their first opportunity to direct the movements of the large bodies of men that would fall to their command in time of war.

If the complete division is assembled in Galveston, at Texas City, about seven miles distant, and in the camp just opened near Houston before the end of the present week, the military experts feel that they will have accomplished a creditable feat. It is true that the movement appears to be very slow in comparison with the remarkable mobilization of the allied armies in the Balkans, but as a matter of fact such distances as that from Fort D. A. Russell, Wyo., and Fort Snelling, to Galveston, would have greatly taxed the resources of the best European quartermaster department.

Twenty-four hours had been recovered this afternoon but it is considered certain that the total fatalities will far exceed this number.

Secretary of state, Wm. J. Bryan of Nebraska.

Secretary of treasury, Wm. G. McAdoo of New York.

Secretary of the navy, Josephus Daniels of North Carolina.

Postmaster general, Albert Sidney Burleson of Texas.

Some published reports including the names of Chancellor E. R. Walker of New Jersey, an attorney general, were not confirmed.

The names of Representatives A. Mitchell Palmer of Pennsylvania and Robert L. Henry of Texas, as cabinet possibilities, also became definitely established during the conference held at the capitol early today. Mr. Palmer was tendered a cabinet position but declined it. He had been prominently mentioned as attorney general but another who he did not regard as in his line of work, he concluded to remain in the house of representatives.

PALMER OFFERED WAR OFFICE.

It became known today that Mr. Palmer was offered the portfolio of secretary of war and based his decline upon the fact that he is of Quaker ancestry. It also became known that Mayor Newton D. Baker of Cleveland, Ohio, was offered a cabinet portfolio but refused because he had projects in mind for the city of Cleveland.

Those best informed said today that President-elect Wilson has settled upon one who could acceptably fill the secretaryship of the interior, agriculture, commerce and labor and attorney general but that it had not been determined how the four portfolios would be distributed.

General Castro landed on San Francisco wharf where 500 people were gathered. As he passed through the crowd he raised his hat and repeated several times "Viva" for the Cuban nation. The people responded with cheers for Castro.

The entire crowd followed the visitor, who drove in an automobile decorated with the Venezuelan colors to his hotel where General Rafael Reyes, ex president of Columbia also resides.

GENERAL CASTRO RECEIVES
WARM WELCOME
AT HAVANA

Big Crowd Gathers at Wharf to Cheer Exiled Venezuelan Who Joins Colony of Ex-Presidents.

(By Leased Wire to Evening Herald.)

Havana, Feb. 26.—General Cipriano Castro, former dictator of Venezuela, arrived here today on board the steamer Saratoga from New York and was greeted enthusiastically by the populace. No opposition was offered to his landing. The immigration officials afforded all courtesies.

A flotilla of launches crowded with people, met the Saratoga off Moro Castle and accompanied her to her anchorage. On board the tug was the municipal band, lent by the mayor of Havana, which played the Cuban and Venezuelan national anthems. Another Cuban veterans.

General Castro landed on San Francisco wharf where 500 people were gathered. As he passed through the crowd he raised his hat and repeated several times "Viva" for the Cuban nation. The people responded with cheers for Castro.

ALL GOVERNORS INVITED
TO ATTEND INAUGURAL

Washington, Feb. 26.—Invitations have been sent to the governors of the various states and their wives to be the guests of honor at a reception to be given by the District of Columbia branch of the Women's Wilson and Marshall League. The affair promises to be one of the features of inaugural week and official diplomatic and resident society women are expected to be present.
