

SERIOUS COLLISION NEAR SYRACUSE.

A Passenger Train Runs
Into a Freight, Kill-
ing Three and In-
juring Many.

ELEVEN ITALIANS SERI- OUSLY WOUNDED.

It Was a Horrible Scene and the
Shrieks and Cries of the Wounded
Were Unbearable.

SYRACUSE, N. Y., Aug. 6.—The
St. Louis Express on the West
Shore Railroad which leaves here
at 1:58 a. m., met with a terrible
accident three miles west of Port
Byron this morning near what is
known as the Dutches Cut.

The train was running at a high
rate of speed and at that point ran
into a freight train. The wreck
was an awful one and 3 persons
were killed outright and those died
from their injuries were all Itali-
ans but one, the fireman of the pas-
senger train. Eleven Italians were
badly hurt and four will probably
die. 12 cars of the freight train
were wrecked and piled upon the
tracks, completely blocking the
tracks.

Hardly a whole piece of timber
was left of the car. The wreck
took fire and the passenger train
was burned with the exception of
three sleeping cars. The train was
made up of two express cars, a bag-
gage car, a smoking car, a daycar
and four sleeping cars.

ANOTHER ACCIDENT.

J. J. Sullivan, of Syracuse, was
on the train on his way to Buffalo.
He was in the second car, the one
behind the smoking car. He had
been in there but a short time be-
fore the accident occurred.

"I understood from a conversa-
tion with one of the brakemen,"
said Mr. Sullivan "that it was a
tail end collision. The freight train
with which the train collided was
running on the passenger train's
time. When the crash came the
scene was a terrible one. The
smoking car was smashed to splin-
ters and the shrieks of the wounded
who were imprisoned in the wreck-
age were heartrending. The accident
occurred about 3 o'clock. I left
the scene and do not know what
had been done toward caring for the
injured. There were about a dozen
killed and I should say about twenty
injured.

Blow out His Brains

By The United Press.

COLUMBIA, S. C., August 6.—A
special to the State from Union,
South Carolina says: Mr. Louis,
the agent and operator of the Geor-
gia Carolina and Northern Railroad
at Carlisle, this State, committed
suicide to-day by blowing out his
brains with a gun. The cause is
unknown. An inquest will be held
to-morrow.

A Startling Discovery

Is often made by a man as to his physical
condition, when suddenly a disease
that is lurking in his system, shows itself
and prostrates him upon a bed of sickness.
This is particularly the case with malarial
poison, which often lies dormant until a
sudden change of climate forces it to the
surface. If therefore you contemplate a
visit to the

Blue Ridge Mountains

or any change to a high latitude, you
should go first to Cleveland Springs, the
waters of which thoroughly eradicate all
Malaria from the system, and by their
wonderful tonic effects build up the phys-
ical condition so rapidly that a few days'
rest restores the energies to such a degree that
a person leaves renewed and prepared for
the full enjoyment of a trip to the "Land
of the Sky." Those also who suffer from
any disease that causes them to feel that
their nervous system is

Gradually Sinking In

or giving away, will find that these waters
possess properties that will re-invigorate
and build them up. In fact for any of the
many diseases that afflict suffering human-
ity they have proven by thorough test to
be a panacea, and as such are recom-
mended by the leading physicians of North and
South Carolina.

Smithfield Collegiate Institute.

SMITHFIELD, N. C.

A Boarding and Day School for Boys and Girls.

This Institution has English, Classical, Mathematical, Scientific and Busi-
ness Courses Equal in Almost Every Respect to those
of any School in the State.

A Fully Equipped Military Department.

The School having out-grown its present accommodations, the Principal has purchased a site just out-
side the corporate limits of the town and is having constructed on it a **A LARGE AND COMMODIOUS**
BUILDING, containing, besides recitation rooms, an auditorium that will accommodate a thousand or
twelve hundred people. The property will be removed from the old site to the new, and the next session
will open in **NEW QUARTERS.**

THE COURSE OF INSTRUCTION

Has been so enlarged as to make it equal to that of any school in the State. After completing it boys
and young men are prepared to enter the Sophomore class of any college in the State, or at the University.
Girls and young ladies completing it, it is believed, can graduate at any Female College in the State in one
year. It is noted with pride that the boys and girls of this school take a high stand in the colleges where-
ever they go. Girls who have gone from the lower classes sustain themselves in the higher classes of the
colleges. This shows the thoroughness of the work of this school. Besides preparing boys and girls for col-
lege, a finishing course has been arranged for those who do not intend going to college. This prepares them
for the ordinary pursuits of life. Those who wish to become expert Telegraph operators and first-class book-
keepers and business men will find the Business course suited to their needs.

"MENS SANA IN CORPORE SANO," a sound mind in a sound body. The truth contained in these words in-
duced the Principal to introduce a Military Department for the physical development of the boys and a sys-
tem of Calisthenics for the girls.

FREE MEDICAL ATTENDANCE

Dr. R. J. Noble, a first-class physician in town, has been secured by the Principal to look after the health
of the boarding pupils at all times. This attendance is free of charge to the pupils except in those cases
of sickness in which a consulting physician must be called. In such cases the patient must pay the extra
charges.
