DEMOCRATIC COUNTY CONVENTION.

There will be a convention of the Democratic party of Forsyth county, in Winston, on the 5th day of July, 1886, for the purpose of appointing delegates to the Judicial convention to be held in Yadkinville, N. C., on the 16th day of July, 1886, and also to the Congressional convention to be held in Greensboro, on a day not yet fixed.

A full attendance from all the townships is desired. By order of the Executive Committee.

M. W. NORFLEET, Chairman.

This promises to be a lively political year and every man in Forsyth and the Fifth District, who wants to keep posted ought to take the SENTINEL. We will send this paper until after the election in November, next, and include a copy of our fine portrait of Gov. SCALES for ONLY SEVENTY-FIVE CENTS, CASH.

NEWSPAPERS all over North Carolina are making serious complaints at the constantly occurring loss of newspapers in the mails, and the general irregularity with which this class of mail is received. If the State Press Association gets into a practical mood during the coming convention, it might be a good idea to take some action looking to an investigation in this direction by the North Carolina members in Congress.

Mr. G. K. Denmark has received a twelve-hundred dollar appointment in the Treasury Department. He is a citizen of Goldsboro, and therefore one of Col. Green's constituents, to whom he owes his new position.

Thus reads the Charlotte Observer's Washington correspondence. Mr. Denmark does not owe his appointment to Col. Green or to anybody else through political influence. He stood a Civil Service Examination, and came out ahead.

We acknowledge the receipt from Mr. GEORGE ALLEN, New Berne, of a copy of his "Fifty Lessons in Book Keeping." This popular work is highly endorsed by prominent school men in this and other States, and is rapidly gaining a foothold in our leading schools. The first edition sold in about six weeks and was scattered from Calais, Maine (which took 36 copies for its public school) to Texas. The second edition will probably meet with a similar experience. The book sent postpaid for one dollar.

The Shelby Aurora is one of our valued exchanges. We are glad to note its prosperity. During the first week in June it proposes to publish an 8 page edition of three thousand copies, but our esteemed friends, Miller and Osborne, can hardly claim that this proposed is the biggest edition largest paper and the

ever issued in Western North Carolina," in the face of the fact that THE SENTINEL in December last issued a THREE SHEET, illustrated issue of 16,488 copies. We call our friends' attention to this fact and feel sure they will make the correction due us as a paper published in Western North Carolina.

THE record of THE SENTINEL'S circulation for the month of May just past, shows an extremely gratifying increase over the same month last year. Each week in May, 1886, 1,074 copies were issued in excess of the NUMBER issued each week in May, 1885. And from the way our subscribers everywhere, seem determined to still further augment our circulation by kindly sending us individual subscriptions, and clubs of two, three, five, and often more, there is no telling how many more copies we will issue each week in May next year than were issued by us during the same month of the present year. The editor feels deeply grateful to these friends for the substantial efforts they are making in behalf of the paper, and he assures one and all, that no effort of his shall be overlooked in order that THE SENTINEL may merit the good wishes and opinions which have of late been so lavishly bestowed upon it.

THE JUDICIAL CONVENTION.

At Yadkinville, on July 14th, the Democratic convention for the Ninth Judicial District is called. Judge GRAVES' and Solicitor GLENN'S successors are to be nominated. Forsyth county is in this district together with Alleghany, Davie, Rockingham, Stokes, Surry, Wilkes and Yadkin.

The Republican, published in this place, said in its issue of last week, "Of these, Surry, Wilkes, Forsyth, Davie and Yadkin are Republican counties."

Not quite so fast, brother. While your party did carry Wilkes and Yadkin by good majorities in the last Congressional election, (which is a fair enough basis), Davie went by only seventy votes, while Surry and Forsyth gave large Democratic majorities. Is it possible. Mr. GOSLEN, that you have thus early forgotten the robust majority of 1183 which Forsyth, one of the counties you class as Republican, gave the Democrats in the last election?

The counties forming the Ninth Judicial District gave the Democrats a clear majority of upwards of two thousand, as the official returns will show, yet in the face of this fact the Republican, with great knowingness asserts that these counties "will be almost certain to elect a Republican Solicitor," and the same paper, wastes nearly a whole column of valuable space in trying to make somebody believe that the Democratic party is disintegrating, and cites as practical proof that a number of Surry county farmers had been found who were weak-kneed as to their Democracy, and three of the number alluded to, having actually subscribed for the Republican. (Why, brother, THE SENTINEL enters up Republican subscribers every week.)

It is only the same old Republican howl, that Democrats have heard before and are thoroughly used to. They heard it ad nauseam when the Liberal movement was on foot, and in every campaign of recent years, this same old wail, either a key higher or a key lower has rent the political air. The two thousand majority of 1884 will remain in tact in this Judicial District, and the Democratic nominees placed in the field by the Yadkinville convention will be elected by a majority even greater than that of last election. Democrats in North Carolina know what Republican ascendancy in this State means, they have a bitter remembrance of it, and they are not to be hoodwinked into voting against their party nominees, (be they good men,) by such dissertations upon Democratic disorganization, as the Republican delivers.

This "first gun" from the Republican, should be answered by a volley from every Democratic paper in the State, and from now until the election in November next, the press of North Carolina should come out vigorously and warn the people against the possibility of Republican rule in the State, and what the results may be as suggested by past events.

PERSONAL.

General R. B. Vance has in preparation for the press a volume of his own poetry.

Col. Wm. Saunders, Secretary of State has been engaged for a number of years in preparing the Colonial Records of North Carolina for publication.

Hon. John S. Henderson is working to get an appropriation for improvements on the Yadkin river which will enable steamers to go up as far as Bean Shoals.

Mr. Alex. Graham, of Fayetteville, will be the superintendent of the State normal school at Washington. He will also be a professor in the Wilson normal school.

Dr. Henry E. Sheppard will be a member of the Faculty at the Wilson Normal School this summer. He may be Principal—his election would give assurance that it will be a great success.

Gen. John C. Fremont's memoirs are nearly ready. He married a granddaughter of North Carolina—Jessie Benton, daughter of the eminent Thomas H. Benton, of Missouri, who was born in this State.

County Treasurer, A. D. Jones, has stuck out his shingle at Raleigh and enters the legal profession with more than fair prospects, being already well and favorably known in Wake and adjoining counties. THE SENTINEL wishes him great success.

North Carolinians will be pleased to learn that the condition of Hon. David Davis, who has been suffering from carbuncles is somewhat improved. His wife, it will be remembered is a native of Fayetteville, and a kindred of Col. Wharton J. Green.

CURRENT COMMENT.

It costs \$300 for license to retail liquor in Statesville and \$200 to wholesale it. Other towns should follow the example of Statesville in this matter. This plan would shut up all the little bar rooms and would pay as much revenue to the towns as they now receive.—Wilson Advance.

Judge Clark certainly believes in making violators of the law help the cause of education. The amount of fines imposed by him last week greatly exceeded the amount imposed by any judge who has held court here since the war. According to law all fines are paid to the public schools.—Chatham Record.

Raleigh Knights of Labor denounce the Socialists and Anarchists. There is no more sympathy between an honest laboring man and an anarchist than there is between a pure angel of God and the blackest of the devil'simps. The man who sympathizes with an anarchist is unfit to be called a man.—Wilson Advance.

If Grover Cleveland would put himself in accord with the party that nominated and elected him, by giving the country an old-fashioned Democratic administration of the Andrew Jackson stripe, and then pool interests with David B. Hill, all that would be left of Republicanism in this country could be colonized in Vermont.—Louisville Times.

POLITICAL POINTS.

The Durham Recorder hoists the name of Maj. John W. Graham for Congress.

The friends of Mr. W. T. Dorich are pressing his claims for Congress in the Goldsboro district.

The Chatham Record says that it is reported that Mr. John Nichols will be the republican candidate for Congress in that district.

The Monroe Enquirer Express hoists the name of D. A. Covington, Esq., as a suitable candidate for Congress in this, the 6th district. It will be of interest to our readers to know that the Fourth Congressional district will not have to go unrepresented in Congress. The following are the candidates thus far: C. M. Cook, of Franklin; B. H. Bunn, of Nash; J. H. Abell, of Johnston; John W. Graham, and F. N. Stratfield, of Orange; W. R. Cox and John Gatling, of Wake. From this list we ought to be able to get a very good representative.—Graham Gleaner.

Just because the commander of the English cutter Galatea is one Lieutenant Hann our yachtsmen must not imagine that they are going to have any scratch races with her.—Ponkers Statesman.

NEWS-PAPER HEADLINES

WHICH ARE CAPABLE OF A HUMOROUS CONSTRUCTION.

Distorted for The Sentinel.

"Prospects of Home Rule," is the heading to an editorial leader in the Philadelphia Times. We haven't read it, but we'll wager our last year's bathing suit that it has some reference to Frankie at the White House.

LADIES READ THIS.

A GOOD FARMER'S PAPER.

To all new cash annual subscribers to THE SENTINEL received previous to May 25th, we will send Country Homes, for one year, without extra charge.

This is a four page, 16 column paper published at Asheville, N. C., and is devoted specially to the interest of the farmers, industrial pursuits, and the development of the natural resources of the State and South. This offer is open only until May 25. When you send your subscription, say you want Country Homes.

A BUSINESS PROPOSITION.

The efforts that are made from time to time to give our readers new attractions cost money and we look to them for the "wherewithal," to defray these extra expenses. Notwithstanding this has been a very dull year, THE SENTINEL is to be congratulated upon the promptness with which its patrons have come forward and paid their subscriptions. There are still a few who have neglected this important duty either from force of circumstances in some cases, and others from force of habit. These readers are just as warm friends of THE SENTINEL as the more systematic ones, and can at almost any time cancel their arrears. It is our desire that all our subscribers stand on the same footing, and to bring about this result, we make the following offer:

We will present one of our handsome lithograph crayons of Governor SCALES to every subscriber who between now and the 1st of July pays up to January 1st, 1887. We want to begin the new year of 1887 with clean books and we make this early start to do it. After each account is settled up to January 1st, it will be no difficult matter for all of our subscribers to make their annual payment henceforward as they become due. By this adherence to business method, we will be relieved of the unpleasant task of reminding our readers of their arrears, and it will allow us to expend more time and money and energy in improving THE SENTINEL, and making it even a more popular newspaper than its present increase in circulation would justify us in believing it to be.

THE NEXT ELECTIONS.

In next November elections are to be held in this State for

- 1. Nine members of Congress. 2. Three Supreme Court Judges. 3. Six Superior Court Judges. 4. Twelve District Solicitors. 5. Members of the State Legislature—120 members of the House of Representatives and 50 Senators. 6. All county officers.
